JUNE 2014 ACTIVITY REPORT
FOR THE AUGUST 2014 BOARD MEETING
ADMINISTRATIVE SERVICES

FINANCE

Finance Activities

The P-Card total for the month of June was $337,559.51 which was greater than May by $142,016.22. This expenditure includes $116,109 for the purchase of computers for use agency-wide. The new receipts system was fully operational in June. Parallel processing was completed in house for historical purposes. Preparation of the agency budget for fiscal year 2015 was started.

Expenses

During the month of June, Finance processed 253 vouchers to vendors totaling $564,962 which was $250,121 less than the month of June. There were no extraordinary expenditures in the month of June.

Revenue

Revenue for the month of June totaled $1,417,134 which is 43.7% under the budgeted amount of $2,515,877. Revenue was above budget estimates for the divisions of Consumer Protection and Wildlife Services. Other divisions were near budget estimates with the exception of Forestry which is below budget due to delay in receipt of Federal funds budgeted in June.

HUMAN RESOURCES

Personnel, Payroll, Time/Leave, Benefits and Training Sections

The HR Programs Manager, Cherry Williams, attended training session and monitored one disciplinary hearing. Personnel transactions processed during the month of June included: four classified new hires (Animal Industry/2, Ag Statistics/1 and Ag Lab/1), two promotions/career progressions (Ag Lab), one completion of probation (Ag Lab), two resignations (Ag Lab & Food Safety), one retirement (Food Safety) and one discharge (Forestry). Recruitment announcements processed in June to fill vacant positions included: one unclassified Hydrologist (AEMS), one unclassified Scale Technician (CPS), one Administrative Assistant I (AIS) and one Agriculture Field Inspector (Food Safety- internal announcement).

Training and Safety

The Training Specialist, Gerald Kelly, taught one defensive driver course and four Red Cross classes. Inspected all safety equipment and 11 vehicles. Also completed and submitted annual safety report to the Office of Emergency Management, built a First Aid refresher PowerPoint, coordinated one lunch hour financial management class presented by Employees Credit Union and compiled and submitted SkillSoft credentials to OEMS for the new fiscal year. No accidents reported for month of June.

INFORMATION TECHNOLOGY

Information Systems Application Specialist, David Wheelock, provided Geographic Information System (GIS) support in this area with these major accomplishments completed the month of June 2014.

- Cattlemen's Ad (PIO)
- Website Updates for Job announcements (Human Resources), Market Reports (Market Development), Farmers' Market Reports (Market Development) and Stolen Property List (Investigative Services)
- Various forms, potters and signage (All Divisions)

INVESTIGATIVE SERVICES

Investigative Services continues to receive calls from victim farmers and ranchers, in addition to state and local law enforcement agencies, to investigate Agriculture related crimes. Cattle Theft investigations led those initiated during the reporting period with thirty-seven (37) head reported stolen.

During June, Special Agents opened thirteen (13) new investigations with five (5) concerning cattle theft and five (5) concerning property thefts. There was one (1) timber theft case, one (1) wildfire arson investigation and one (1) animal cruelty case. Special Agents closed forty-three (43) investigations and seven (7) of those were submitted to the District Attorney for prosecution with nine (9) counts filed. There were thirteen (13) investigations where it was determined that no crime occurred.

The breakdown of the new cases for the current reporting period is as follows:

Cattle Theft Investigations	
Canadian County	1 head
Kingfisher County	3 head
Lincoln County	1 head
McClain County	3 head
Pawnee County	29 head

Others
Cleveland County – Property Theft
Grady County – Agency Assist
Grady County – Property Theft
Hughes County – Timber Theft
McCurtain County – Property Theft
McCurtain County – Wildfire Arson
Pottawatomie County – Property Theft
Sequoyah County – Animal Cruelty

Some of the significant cases investigated during the current reporting period are described below.

Special Agent Patrick Blake completed a cattle theft investigation where an individual had stolen two head of cattle from a rancher in Oden, Arkansas, and sold them at the Wister Livestock Auction, Leflore County. The owner of the cattle had been at the livestock sale at Wister and saw two head of his cattle being sent through the sale ring. He contacted Special Agent Blake and the investigation found that a resident of Oden, Arkansas, had stolen the two head of cattle from the rancher and transported them to Oklahoma to sell them. Special Agent Blake collected his evidence in the investigation and presented state charges to the District Attorney in Leflore

County for bringing stolen cattle into Oklahoma for the purpose of being sold and knowingly concealing stolen property.

Special Agent Eddie Davenport completed an investigation regarding the theft of a trailer and water tank from a Pottawatomie County rancher who used the equipment to haul water to his cattle. The equipment was recovered a couple of weeks after the theft by undercover officers from the Oklahoma City Police. The undercover officers were operating an undercover sting operation buying stolen equipment from suspects in Oklahoma City. During their investigation, two suspects from Oklahoma City brought the stolen farm equipment to the undercover officers and sold them the trailer and water tank. The two suspects were arrested and charged with being in possession of stolen property. The equipment was returned to its rightful owner.

Special Agent Dusty Goforth completed an investigation regarding the attempted theft of cattle and cruelty to animals in Osage County. The investigation found a suspect had gathered cattle into a loading pen in Osage County for the purpose of stealing them. During the attempted theft, the suspect roped a 600 pound heifer and choked it to death while trying to load it. The suspects attempt to steal the cattle failed, but in the attempt, they killed the calf. The calf was found dead by the rancher who owned the livestock. The Special Agent's investigation found pieces of rubber left by the suspect's saddle horn on the ground by the dead calf and a cigarette butt, left by the suspect. The investigation found the DNA left on the suspect's cigarette belonged to a cattle rustler who lives in Osage County. The suspect has been a focus of Special Agent's investigations in the past for stealing cattle. Not only was the suspect identified in this attempted theft and killing of the rancher's heifer, but the Drummond Ranch had also had a cattle theft that was being investigated by TSCRA and assisted by ODAFF Special Agents. The theft occurred in Kansas on the Oklahoma/Kansas line. A cigarette butt was also found left behind by the suspects of this Kansas theft. DNA testing of this evidence found that the DNA belonged to the same suspect identified in the attempted cattle theft investigation being conducted in Osage County by Special Agent Goforth. The suspect was charged, in Kansas, for cattle theft and, in Oklahoma, for attempted cattle theft and cruelty to animals.

Special Agents of the ODAFF are currently investigating Triple S Wildlife Ranch and Resort in Calvin, Oklahoma, for violations stemming from selling stolen ATV's on Craigslist and being in possession of stolen farm equipment. The investigation led to a search warrant being served at the ranch and finding stolen farm tractors at the ranch and evidence that the ranch owner had sold stolen ATV's on Craigslist. The investigation also found the ranch owner was in possession of animal taxidermy mounts that were illegal to possess in Oklahoma.

The investigation was assisted by U.S. Fish and Wildlife Federal Agents and the Oklahoma Department of Wildlife Game Wardens. The investigation is continuing after it received an abundance of media coverage. Further details regarding this investigation will be available on the next board report.

Audits

The month of June was, for the most part, uneventful for this division.

Although a few individuals did inquire about the process of operating a livestock market in our state, no markets opened, closed, or changed hands this month.

Packets were mailed to some of those interested parties.

This month did allow time for the completion of a number of custodial account audits and routine vehicle maintenance.

AUGUST 2014 BOARD REPORT
AGRICULTURE LABORATORY SERVICES
(June 2014 Activities)

QUALITY ASSURANCE SECTION: (Tanna Kilpatrick, Quality Manager)

The Quality Assurance Manager attended the Association of Food & Drug Officials (AFDO) Educational Conference in Denver, CO this month. There were three laboratory workshops; Quality Manual Development, Mentoring Basics, and Laboratory Curriculum Framework. Each of these sessions presented practical ways to implement an ISO/IEC 17025 compliant quality system and important aspects of training on the requirements of the standard.

The Laboratory was able to purchase an Automated External Defibrillator (AED). Previously, the closest access to an AED was in the main building. In the case of a cardiac event, every minute that goes by without treatment decreases the chance of survival. The AED also assists in administering CPR by telling if the depth of compressions is satisfactory and it has a metronome to help compress at the correct rate.

A refresher course on CPR and the use of an AED was given by Gerald Kelly for the Laboratory quarterly safety training. He gave updates on the recent changes issued regarding CPR and how to help a person who is choking. The participants were able to practice CPR using the AED to become familiar with the processes.

A meeting to address the findings from the internal quality audit in the Bureau of Standards was held in June. Each finding was assigned to appropriate personnel to work on the corrective action. The projected date of completion is July 31, 2014.

Work continues toward compliance with the ISO/IEC 17025 laboratory quality standard. The Quality Assurance Manager has edited documents from the General Chemistry Section for document control. Currently, the forms and worksheets have been approved and the procedure documents are awaiting approval. An internal audit is scheduled for the General Chemistry Section in July.

The routine distribution of quality control samples to respective sections of the Laboratory was ongoing this month. Collection and submission of data to the respective study groups for statistical analysis was conducted as well. The completed data from various PT (Proficiency Testing) programs was evaluated and appropriate PT reports were issued to the sections involved.

FY2014 PT Section Summaries:

- Proficiency in the Inorganic Section was 98%.
- Proficiency in the Bureau of Standards was 100%.
- Proficiency in the Serology Section was 100%.
- Proficiency in the Food and Dairy Section was 99%.
- Proficiency in the General Chemistry Section was 97% overall; 95% in feeds, 99% in fertilizers and 96% in meats. The feeds accounted for 53% of the analyses, fertilizers 41% and meats 5%.
- Proficiency in the Pesticide Section was 95% if you exclude the food work (which is outside of their normal scope) and 76% if you include the food work. For water, the Section was 95% proficient and 100% for concentrates. The water samples accounted for 52% of the analyses, food 43%, and the concentrates 5%.

The overall FY2014 proficiency for the entire Laboratory was 97%, excluding the food samples in Pesticides or 95%, including the food samples in Pesticides. Proficiency testing is an important Laboratory metric, where the Laboratory's goal is to achieve 95% average proficiency throughout the year. Therefore this critical metric has been satisfied for the year.

FDA LABORATORY GRANT: (Brenda Snodgrass, Agricultural Services Administrator II)

The Laboratory Services Division is working to accredit the Agency's food and feed regulatory testing to internationally recognized standards as mandated by the Food Safety Modernization Act (FSMA) of 2011. The FSMA-2011; Section 202 mandates that all regulatory food and feed laboratories be accredited to international standards in support of the Integrated Food Safety System (IFSS). This accreditation ensures equivalence between our Laboratory and federal food and feed laboratories operated by the FDA and USDA.

In July 2012, the Laboratory received a federal grant from the FDA Office of Partnerships for accreditation activities. The grant awarded $300,000 for the period of September 1, 2012 through August 31, 2013, which has been extended to August 31, 2014.

Project activities for June 2014 include:

- Laboratory Information Management System (LIMS) software configuration and report customization continued, including weekly conference calls with vendor project managers.
- Continued developing and implementing internationally compliant Quality Management System documents (policies and procedures) for food/feed chemistry and microbiological testing activities.
- Tanna Kilpatrick, Laboratory Quality Manager, attended the FDA ISO Quality Manual Development and Laboratory Workshop on June 24th through 25th in Denver, CO. The workshop was hosted by the Association of Food & Drug Officials (AFDO) and the Association of Public Health Laboratories (APHL).
- Nitrogen Generator installed.
- Received Feed Aflatoxin Proficiency Test sample from the American Oil Chemist's Society (AOCS) Check Sample Program. Analysis in progress.
- Received Food Chemistry Proficiency Test samples from the AOAC International Proficiency Testing Program. Analysis in progress.
- Registered for Food Emergency Response Network (FERN) Food Microbiology Proficiency July 2014 Study.
- Submitted End-of-Year Status Report to FDA Financial Officer.
- Submitted monthly grant activities reports to FDA Project Officer and Technical Advisor.
- Held weekly Grant Project Officer conference calls with project mentor lab staff at the Minnesota Department of Agriculture.

OKLAHOMA BUREAU OF STANDARDS: (Richard Gonzales, Metrologist III)

There were four environmental events worthy of documentation for the month of June. On June 2nd there was a power loss that caused the environmental system to exceed design specifications in Mass II for approximately two hours. Operational specifications were maintained so no work halt was necessary. The same thing occurred on June 3rd for Mass II and it lasted for three hours. On June 10th another power loss caused the environmental system to exceed design specifications for four hours. On June 23rd a storm caused the humidity control system to fluctuate but only Mass I was affected outside of design specifications. There is an ongoing situation for Mass I in that the humidity controls have been outside of design specifications for most of June. In early June, building maintenance stated that they are going to replace the unit that puts humidity into the system.

Three of the primary mass standards were found to be contaminated this month. An undetermined substance was found on the storage container filter paper where these standards are maintained between uses. The standards were cleaned, recalibrated, and the source of the contamination removed. The humidity and pressure sensors that were sent for calibration were returned and placed back into service in June. The humidity sensor was found to be out of tolerance at the time of calibration at the high end of the scale and was adjusted back into tolerance by the calibrating laboratory. The pressure sensor did not require any adjustments. The combination pressure temperature and humidity device is still at the calibrating laboratory awaiting a replacement of the power supply before it can be calibrated.

The current schedule for the Bureau is being maintained well below the 30 day goal. The California Metrology Laboratory has been waiting for a calibration in the Mass Echelon I laboratory. This customer sent in a set of mass standards from 10 kg to 1 mg but the 10 kg standard was delayed due to delays in the environmental measuring equipment. Contact has been maintained with this customer and they are being kept apprised of the situation. This 10 kg standard was calibrated on July 2nd.

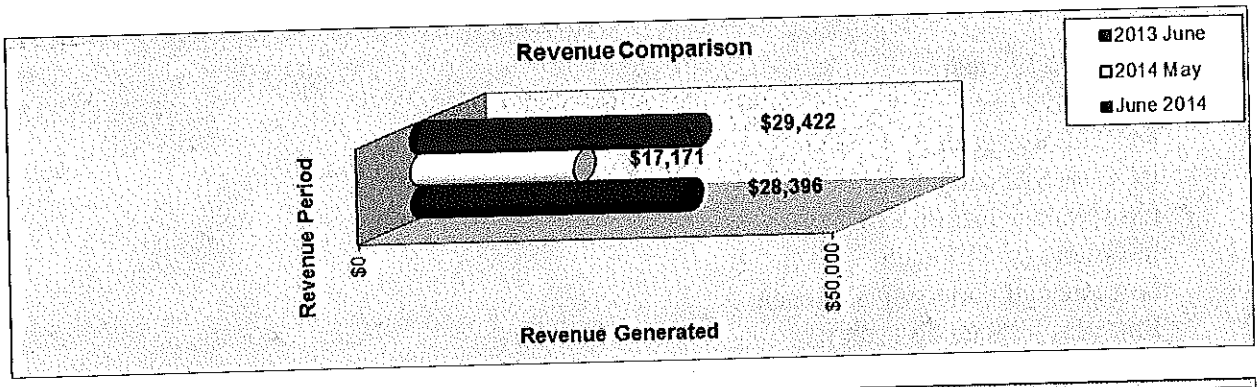
A series of meetings has been set for the last Monday of the month beginning on July 28th for updates and Bureau specific safety concerns or training. The quality audit conducted in May discovered several documentation shortcomings that will be addressed by the end of July. There were two quality inquiries that required corrective actions for the month of June. Each has been addressed appropriately.

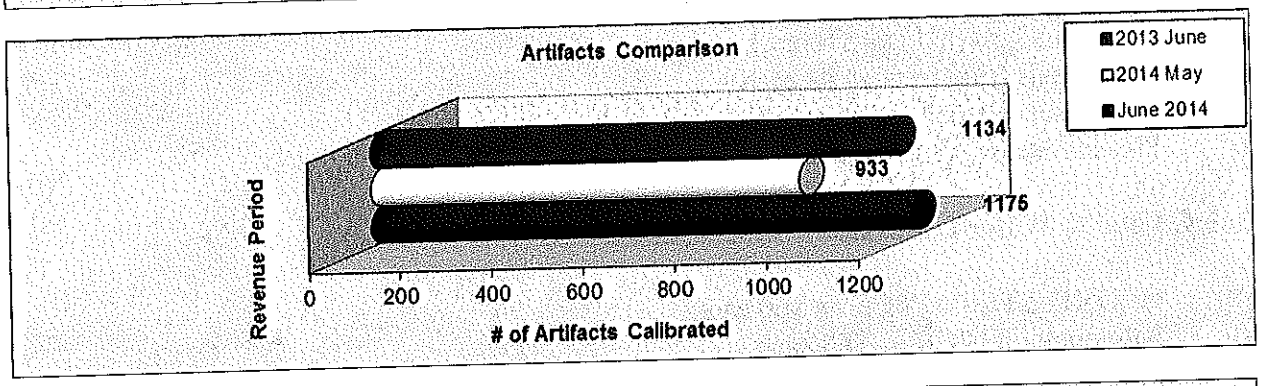
The National Voluntary Laboratory Accreditation Program (NVLAP is a federal program run by the National Institute of Standards and Technology, NIST) mass proficiency test that the Bureau is assigning the reference values has entered the next phase by being sent to the laboratories for echelon III evaluation. This PT is important for the participating laboratories as it will be used to evaluate their ability to perform at the various echelons.

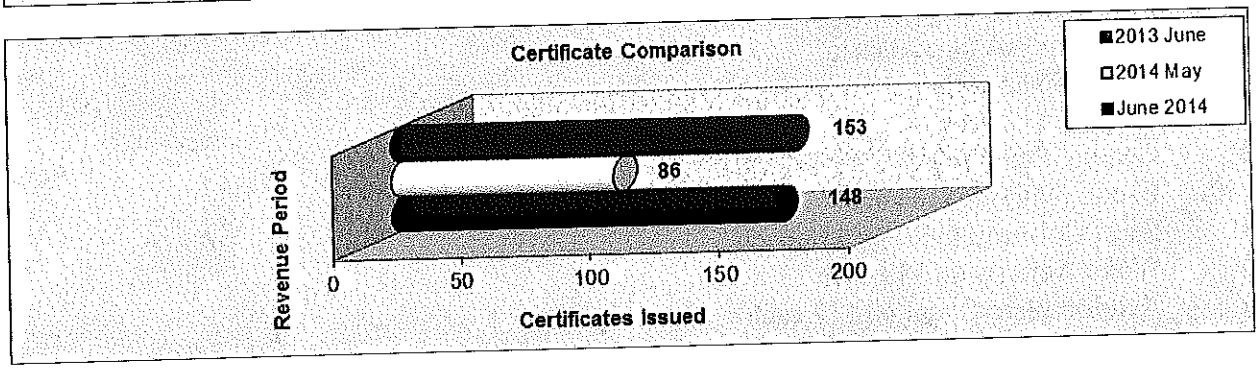
The revenue for the month of June was $28,396.00 with a total of forty customers being served. Out of these forty customers eighteen were from out of state. These eighteen customers accounted for twenty-six percent of the standards calibrated and fifty-six percent of the revenue generated. There were two customers of note during the month of June. The California

Department of Agriculture Metrology Laboratory sent in working standards that they use for their customer's calibrations. The other company was the Pemberton Fabricators out of New Jersey. This customer sent in several volume devices for calibration that will be sent to their customers that require an accredited calibration.

Revenue for fiscal year 2014 exceeded the projected amount by seventeen percent. The total mass standards exceeded the projected amount by twenty-four percent.







DAIRY/FOOD SAFETY SECTION: (Brian McDowell, Clinical Laboratory Scientist IV)

The month of June is not a routine testing month for the Dairy Program. In June we test import products and ice cream from the dairy plants, and test producer samples from any farms that do not have the required number of tests for the last six month period. Additionally the Dairy Program requires several semiannual QC checks to be run during June. There were no antibiotic or aflatoxin violations for the month. The Food Safety testing in June consisted of 58 E. coli (STEC), 61 Salmonella and seven Listeria tests with one sample awaiting STEC confirmation.

Also this month the Section, in conjunction with the Serology Section, hosted a training course on animal health/dairy testing for students from the Heritage College Vet Tech Program.

A Preventative maintenance service call for the Bentley Somacount 150 (Somatic Cell Counter for Raw Milk) is needed and will be obtained through grant funds to keep the equipment in working order to prevent any down time.

GENERAL CHEMISTRY SECTION: (Ryan Lerch, Environmental/Chemical Laboratory Scientist IV)

The Section received 283 total samples including 215 feeds, 63 fertilizers, five limes and zero meats. The Section issued 306 total sample reports and made 1710 total determinations, 136 of which exceeded the analytical variance.

- The Section completed 207 feed samples; 1036 feed determinations were reported with 95 exceeding analytical variance.

- The Section completed 94 fertilizer samples; 634 fertilizer determinations were reported with 41 exceeding analytical variance.

- The Section completed five lime samples; forty determinations were reported with zero exceeding analytical variance.

- The Section completed zero meat samples this month.

The OSU Extension Service of Comanche County had the Section analyze two feed samples for protein and fat to assist them in addressing concerns from one of their customers.

The Section analyzed three lime samples for two different customers to help them determine the quality of their products.

The Section analyzed four fertilizer complaint samples for Consumer Protection Services to help them address a claim that fertilizer was being stored improperly.

Grinding of samples was offline on 6/2/14 due to high humidity in the Laboratory.

Protein analysis went offline from 6/5/14 - 6/19/14 due to a lack of supplies, delays in order approval and the supplies being on backorder. Nitrogen analysis, which uses the same instrument, was able to be maintained by using a comparable reference material. The analyst was not confident that it would be applicable to protein. No samples went late because of this downtime.

Acid detergent fiber analysis went offline from 6/10/14 - 6/20/14 due to a lack of supplies. Three samples went late due to this downtime.

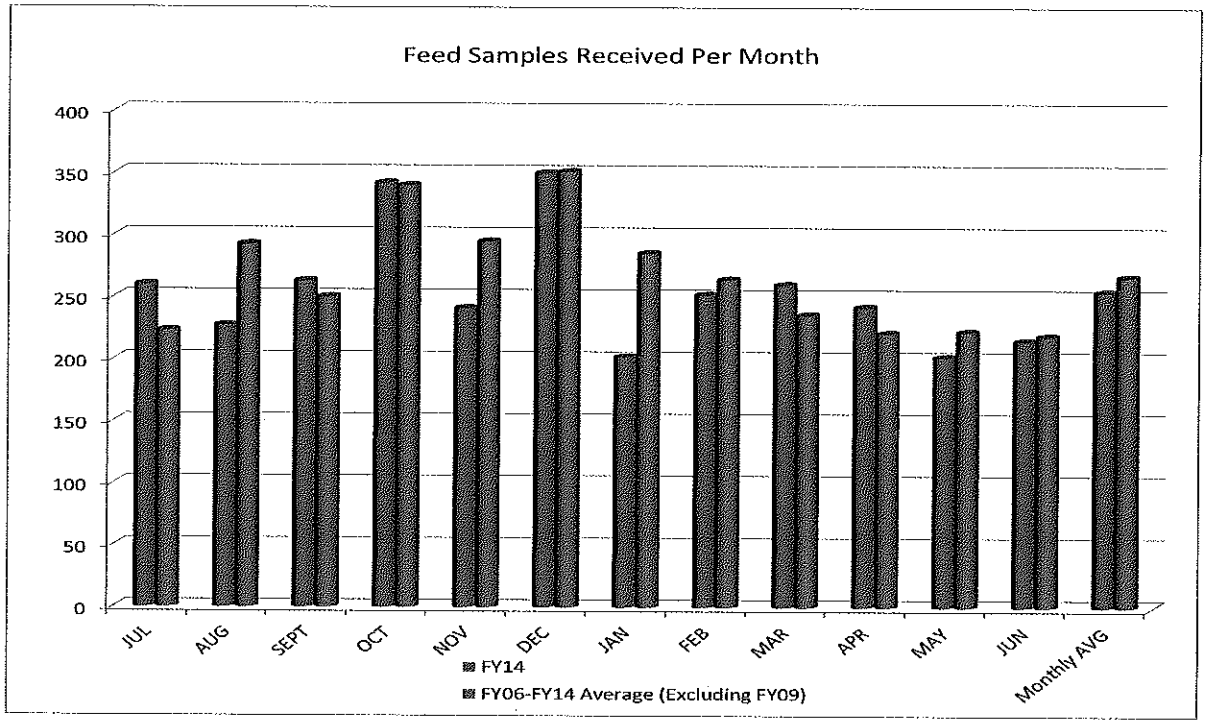
Average turnaround time of samples for June was 13.18 days across all programs with a goal of 18 days. Official feed samples were reported with an average turnaround time of 14.32 days, official fertilizers were reported with an average of 10.70 days, and official limes were reported with an average of 8.50 days (10-day goal). Twenty-seven samples were reported after the 18-day goal (9.54%).

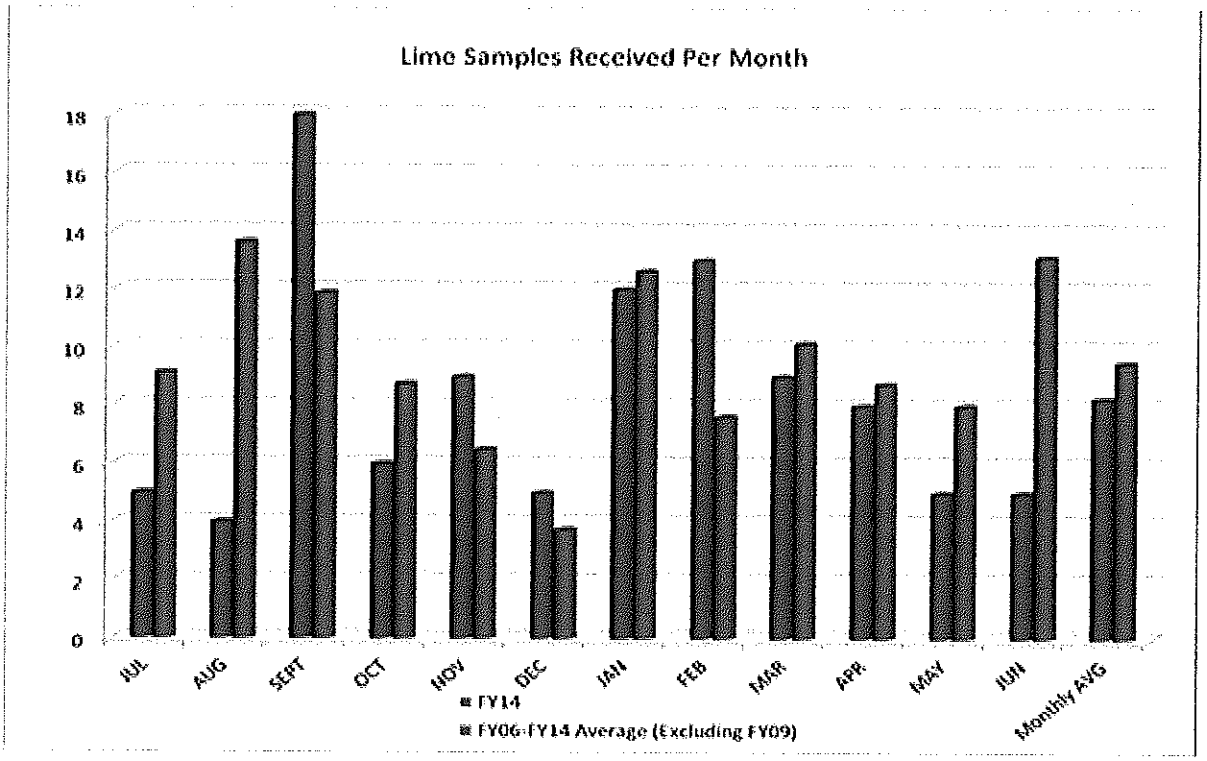
The Section installed new safety equipment on the stock pot for boiling water used in fiber analysis to finalize the CAPA (corrective action/preventive action) following an injury from that equipment. A water pump and valve allows for boiling water to be delivered to the instrument now rather than having to reach into the potentially hazardous steam to fill a pitcher to complete the water transfer.

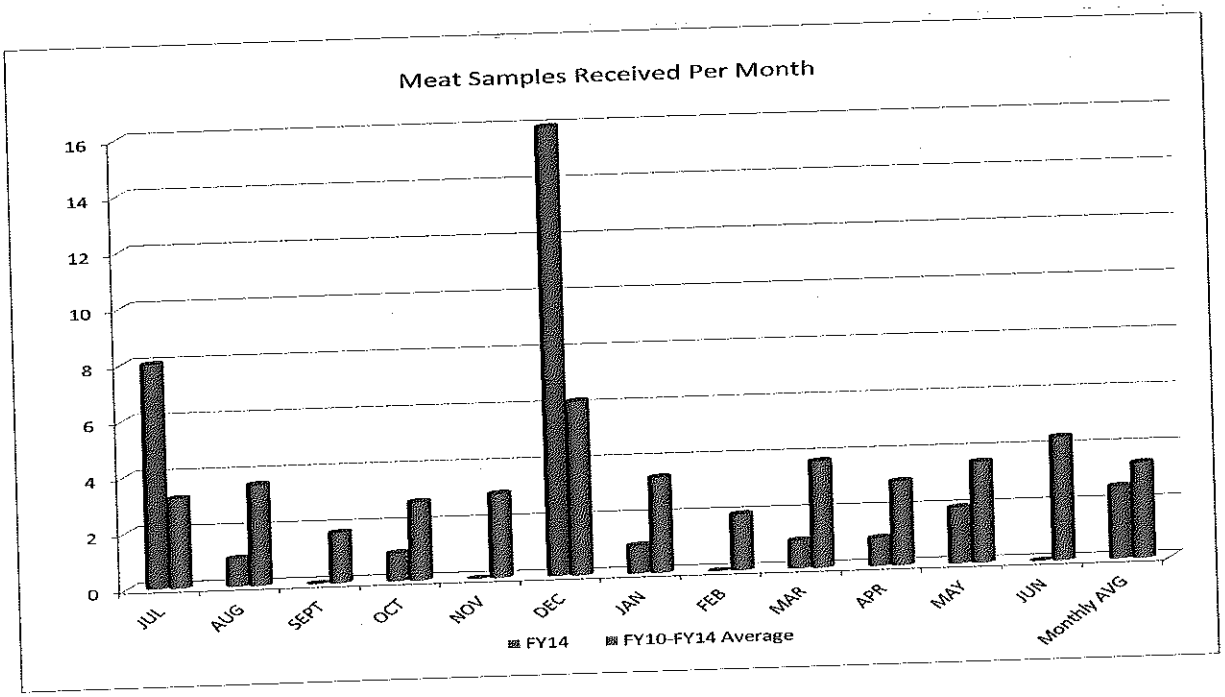
Priscilla Van Maanen was hired as a chemist on 6/9/14 to run phosphates and potash in fertilizers and limestone analysis. Training in her new duties was complete as of 7/1/14.

The Section received results for four proficiency tests in June. Of the 26 analyses run, one failed and 25 passed.

Two Section meetings were held in June to have reviews and updates on quality and safety issues, give updates on Division and Section announcements, assign Section-wide projects, and solicit volunteers to help in the Pesticides section while they are short-handed.

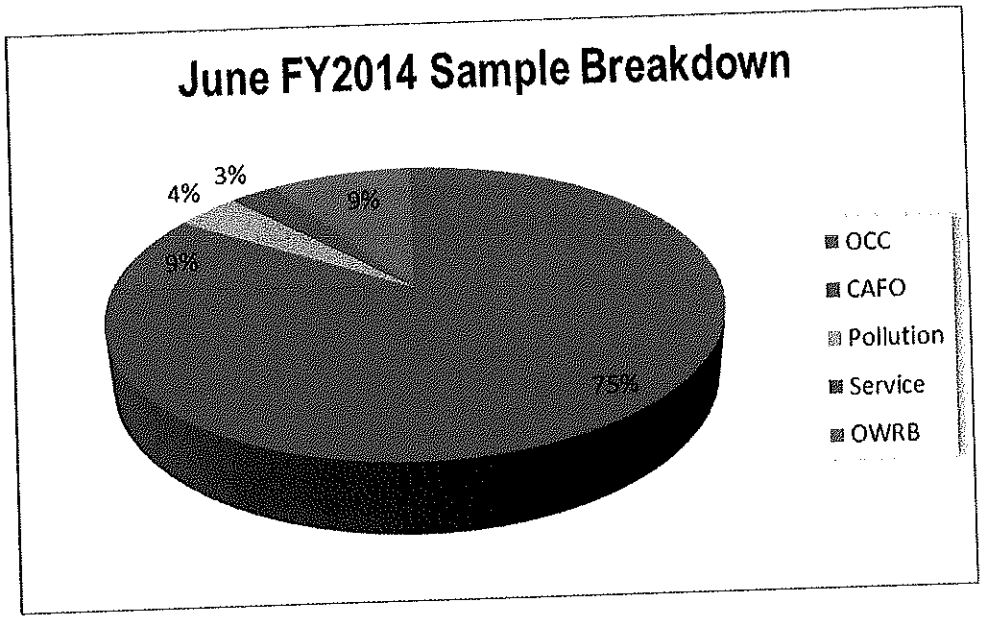






INORGANIC SECTION: (Emily Curry, Environmental/Chemical Laboratory Scientist IV)

In the month of June, the Inorganic Chemistry Section completed 206 samples consisting of 1,399 parameters. Of these, six were service samples with six determinations, 14 were LMFO samples with 84 determinations, 20 were Oklahoma Water Resources Board (OWRB) Lake Thunderbird monitoring samples with 60 determinations, and 43 were CAFO samples with 43 determinations. The remaining were routine OCC monitoring samples.



This month samples were completed with an average turnaround time of 22.42 days, including non-working days. Sixty samples in the month of June were completed past 28 days. There were no instrument issues that negatively impacted analysts' ability to complete samples. The DI (deionized) water system was being fully utilized by another Section, which delayed our ability to provide DI water to our customers. The Section is also experiencing especially effervescent DI water since the filter beds were exchanged. One analyst was on vacation for one week in June. In addition, gravimetric tests were minimally impacted by high humidity conditions. Testing will proceed as normal, but environmental conditions will continue to be monitored. These all had some impact on sample completion rates, but most samples were still completed on time or early.

There were no safety incidents in June. All members of the Section participated in a CPR and Heimlich maneuver refresher course. One staff member volunteered to become a member of the emergency response team. She will soon be participating in further training. Internally, the Section discussed earthquake preparedness, and decided that further research is needed into earthquake safety.

The Section will be trading one analyst with the Pesticide section in July. The new analyst to the Section will take over testing on the flow injection analyzer and will be the primary analyst for TKN, TP, OP and Ammonia. She will begin training in July. Training is expected to take approximately two to three weeks. This month two analysts completed cross-training on the FIA instrument for ammonia testing. Another analyst is expected to complete her training next month. Once training is completed, ammonia will be assigned to a laboratory technician in order to more evenly distribute the work load.

The Section will be distributing customer service surveys to all of its customers for FY2014 in the coming weeks. Any feedback will be presented in the annual management review. There is a new project manager for the OWRB Lake Thunderbird monitoring project. The quarterly meeting with the OCC has been scheduled for the end of July.

PESTICIDE SECTION: (Steven Moser, Environmental/Chemical Laboratory Scientist IV)

In June, the Section received 108 samples and completed 38 samples. This included 122 determinations on 30 different analytes, resulting in 165 tests being completed.

June average turnaround times (TAT):

Program	Average TAT
Residue	11.75 days
Formulation	95.27 days
Pollution	44.00 days
Int. Fire Ant	38.75 days
Organic Act	21 days
Overall	52.89 days*

*The overall average is high due to a large volume of formulation samples that had to wait for manufacture methods and/or pesticide standards before final analysis.

The Section had a change in personnel in June. Laura Esquivel's last day at the Agency was on June 9th. We wish her the best in this new chapter in her life.

The Section received help from Karen Kwok during the month of June. She normally works in the Serology Section. We would like to thank Karen for her hard work and Pete Bourns, her supervisor, for allowing her to help us during this busy time of the year.

The Pesticide Section recorded six power related issues during the month of June. One of the power issues we suspect caused an electronic board on the new nitrogen generator to fail. We have worked with the manufacturer of the nitrogen generator and have installed new boards. To keep this from happening again in the future we have installed an Uninterrupted Power Supply (UPS) on the nitrogen generator to keep any future spikes/lags from damaging the unit again.

No accidents occurred in the Section during June, but the Laboratory members did participate in two safety reviews. The first review was over storm safety and where to go when there is a threat of inclement weather. We also attended CPR / First Aid review on June 19.

The issue we have been having with the HPLC-MS Ion Trap instrument is still not resolved. We have contacted the manufacturer of the instrument but service is no longer available due to the age of the instrument. We will continue to try to resolve this issue ourselves as time permits.

The types of samples and the number of determinations that were completed in June were:

Formulation
- Concentrate – 11 samples with 32 determinations
- Tank Mix – 4 samples with 17 determinations

Organic Act
- Soil – 1 sample with 2 determinations

Pollution
- Water –3 samples with 15 determinations
- Concentrate – 3 samples with 17 determinations

Residue
- Air Filter – 1 sample with 2 determinations
- Surface swab – 8 samples with 16 determinations
- Soil – 1 sample with 4 determinations
- Water – 2 samples with 9 determinations

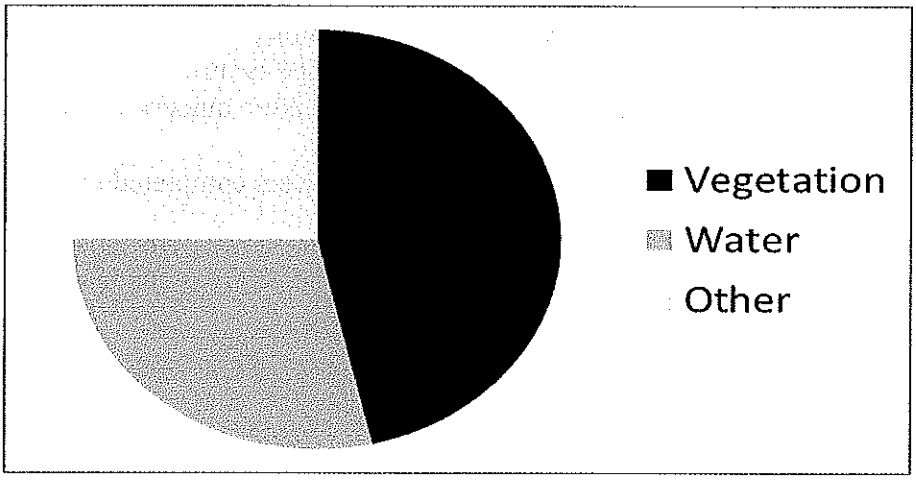
June sample breakdown by matrix:



SEED SECTION: (Wade Krivanek, State Seed Program Administrator)

With fiscal year 2014 concluded, records for the Seed Section indicate a total of 3,865 samples were received for testing. The total number indicates a 6% increase in samples when compared to 2013. Wet soil conditions during the spring and summer months have encouraged seed dealers to keep heavy inventories of seed. Total regulatory samples from CPS were slightly increased and are expected to remain unchanged throughout fiscal year 2015.

Total staff in the Section remained unchanged for the year consisting of three seed analysts and one lab technician. Turnaround times were managed very well by all analysts throughout the year. Although samples continue to increase there were no samples delayed for any reason.

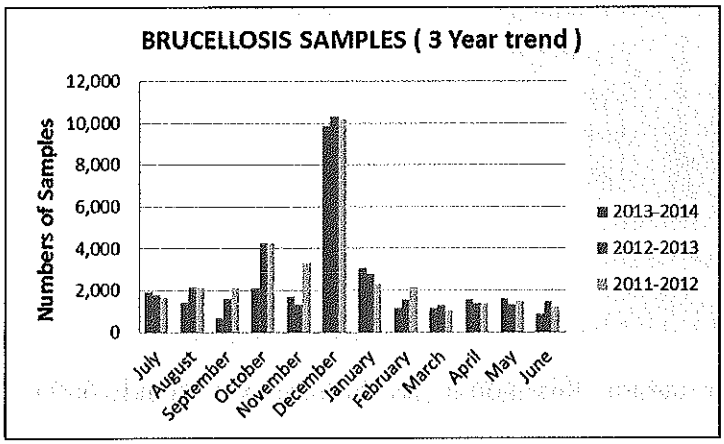
Wheat harvest is nearing completion statewide. Harvest is still delayed in some areas due to wet soil conditions. As expected, reported yields have been low for many areas. It remains likely there will be shortages for certain certified wheat varieties come planting time. Wheat samples are just beginning to show up in the Laboratory. Although it is early, germination quality has been better than expected with most results in the high 90's.

SEROLOGY SECTION: (Pete Bourns, Clinical/Laboratory Scientist IV)

Brucellosis testing on cattle, swine, deer, buffalo, llamas, alpacas, goats, and other exotics samples submitted during June 2014 totaled 882 samples, none of which were A.I.S. state requests. There were 692 swine which were billable, but no feral pigs or slaughter pigs, and no A.I.S. samples were requested. Revenue for Brucellosis samples was for 190 cattle and other animal species, and 692 swine brucellosis samples. There were no milk samples submitted for the Brucella Ring test this month. There were no screen test positive Brucellosis samples for June, thus no samples required further confirmation testing on other Brucellosis tests.

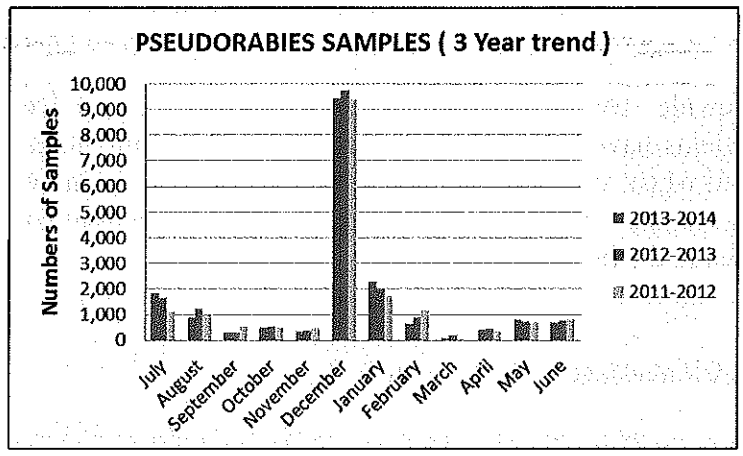
The number of Brucellosis samples for this June were less than the previous two years.

June 3-year Brucellosis Sample Summary:
2014: 882 samples
2013: 1,464 samples
2012: 1,204 samples



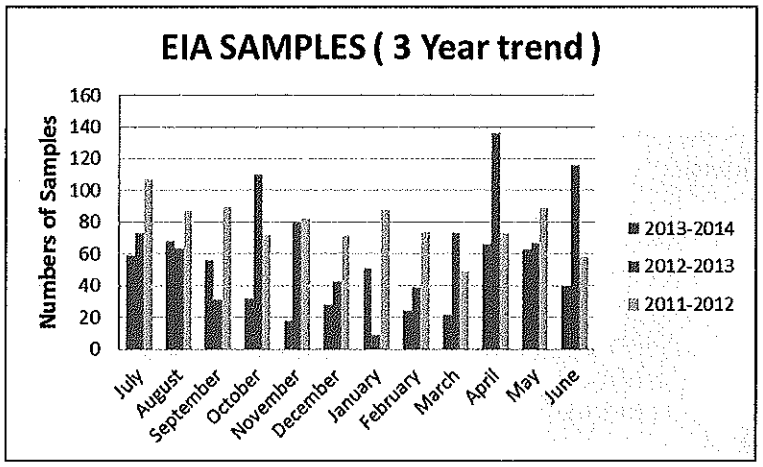
Pseudorabies samples submitted in June totaled 692 samples. There were no slaughter pigs, stockyard pigs, feral pigs, or A.I.S. requested samples this month.

June 3-year Pseudorabies Sample Summary:
2014: 692 samples
2013: 787 samples
2012: 826 samples

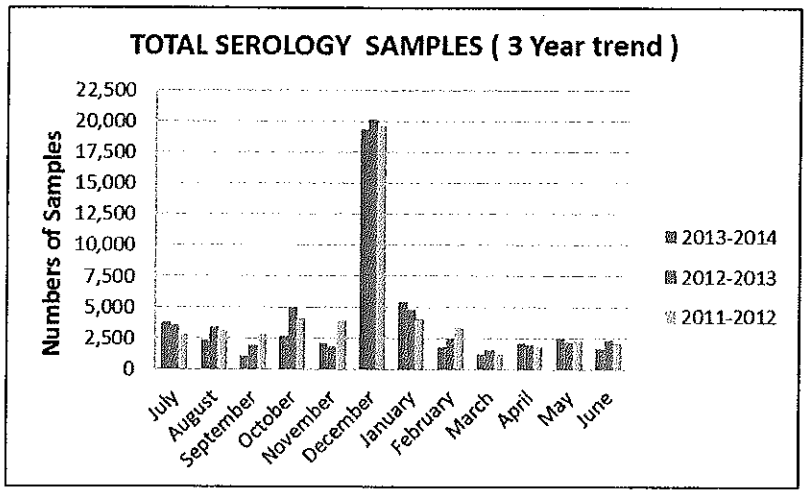


EIA test sample numbers for June totaled 40 samples. There were no field positives for EIA in June and therefore, no confirmation testing was required. Revenue was for 32 of the 40 samples (31 ELISA's and one AGID test). Eight of the 40 samples were A.I.S. state request samples and therefore, not billable.

June 3-year EIA Sample Summary:
2014: 40 samples
2013: 116 samples
2012: 58 samples



Sample numbers were down in all three programs this month, yet the three year trends proved relatively stable.



Karen Kwok, Laboratory Technician has been periodically helping out in the Pesticide Section as resources in that Section are limited.

The Laboratory participated in some hands on touring and training to about 20 students from Heritage College. They were all Vet Technician students and spent about two hours each in the Section. They were given a pretty extensive tour and briefing on this Section and participated in some hands on pipetting and card test training. They seemed to be extremely interested in the Laboratory and enjoyed their visit.

Respectfully Submitted,

Paul Kerr
Director, Laboratory Services Division

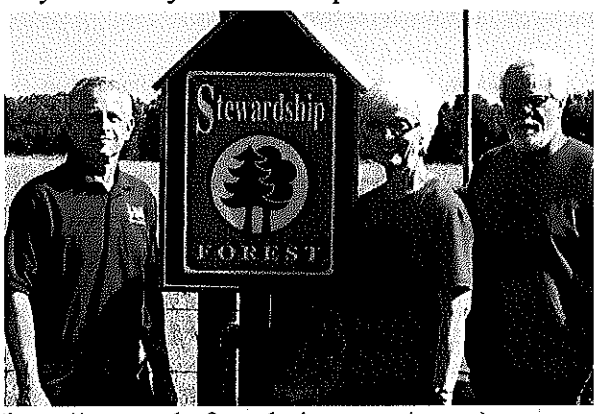
FORESTRY SERVICES BOARD REPORT

July 2014 Activities

Our Mission – To conserve, enhance and protect the forest resources of Oklahoma for present and future generations

Assuring Forest & Natural Resource Stewardship through Landowner Assistance

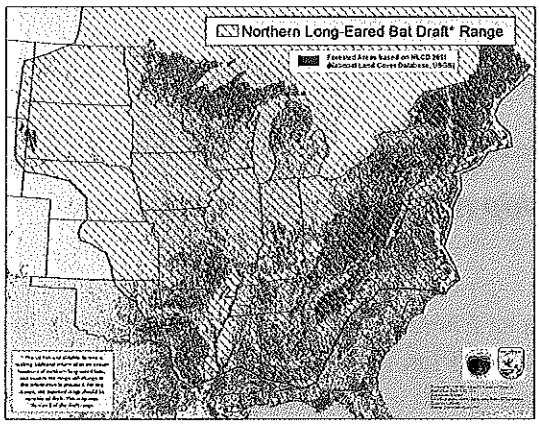
New Forest Steward. We recognized Ken and Lois Stern as *Forest Stewards* for their property in Mayes County. Since completion of their Forest Stewardship Plan in 2012, the Sterns have addressed health issues on their property by performing a sanitation cut, and have sought advice on Firewise landscaping and erosion control. The Sterns have also contracted with us to perform a prescribed burn. More importantly, the Sterns use their property for educational purposes. They host two, 2-week sessions of **Aaron's Camp** during the summer months, in which we participate. Aaron's Camp is funded by the Aaron K. Stern Foundation (http://www.aksfoundation.com/camp), established to "provide opportunities for inner city youth to enhance their self-confidence and cultivate creativity while learning to appreciate scientific exploration in a relaxed, natural environment." The foundation was established in memory of the Stern's son who was killed by a drunk driver in 2007. The photos show the Sterns with District Forester Page Belcher and the young people who visited Aaron's Camp this year.



Shortleaf Pine. We completed the first of three shortleaf pine publications in July (shown at left).

RCPP. The 2014 Farm Bill included a new NRCS program called the Regional Conservation Partnership Program (RCPP). The intent of RCPP is to encourage a diverse mix of conservation agencies and organizations to collaborate on the delivery of federal program assistance to address specific conservation problems in a defined area. We attended a RCPP briefing by State Conservationist Gary O'Neil in Stillwater on June 23. We also provided input and review of RCPP proposals being developed by the National Wild Turkey Federation, the Kansas Forest Service and the Arkansas Conservation District Association. Pre-proposals were due by July 14.

Endangered Bat. On June 25, the U.S. Fish and Wildlife Service reopened and approved a six-month extension of the public comment period concerning the possible listing of the Northern Long-Eared Bat as an endangered species. The agency plans to make the final determination by April 2, 2015. The range of the bat includes a large portion of eastern Oklahoma, as shown at left. If listed, the agency may develop guidelines that severely restrict activities affecting the species and its habitat. The following information was included in a special newsletter issued by the Forest Landowners Association on July 24.

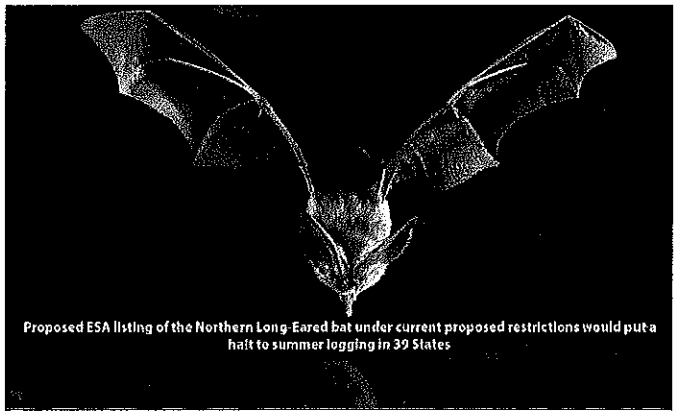


The key restriction proposed by the Fish and Wildlife Service is to avoid cutting timber from April 1st to September 30th where there is bat habitat. This will have a tremendous impact on private forest landowners across 39 states.

The current proposed restrictions would put a halt to summer logging across the country and have little impact on helping the species to recover as the sole threat to these bats' populations is a non-native fungal disease discovered in 2006 called White Nose Syndrome (WNS) which has a near 100 percent mortality rate and for which there is no known cure.

As currently drafted, there could be a number of negative outcomes specific to the forest industry, including:

- Restrictions on warm season timber harvesting from April to October
- Limiting activities within a 5-mile radius of bat hibernacula
- In known or potential summer habitat, restrictions will be in force within 1.5 mile radius of any known roost tree or 3 miles from any location where NLEB has been captured or acoustically detected.
- Example from interim guidance as a conservation measure for protecting the bat—"retain and avoid impacting **potential** roost trees, which includes live or dead trees and snags equal to or greater than 3 inches diameter at breast height (dbh) that have exfoliating bark, cracks, crevices or cavities."



Proposed ESA listing of the Northern Long-Eared bat under current proposed restrictions would put a halt to summer logging in 39 States

Unfortunately, the ESA is not well structured to address non-human threats such as WNS, so USFWS will likely focus final guidance to preserve the bat on all conceivable human-induced impacts to try to slow bat population decline – even though USFWS recognizes that human activities, including timber harvests, have never had an appreciable negative effect on the species to date.

NWTF Field Day. The Mayes County Longbeard Chapter of the NWTF hosted a wildlife and forestry field day at the Spavinaw Wildlife Management Area on June 28. Jay District Forester Page Belcher participated, and there were about 45 attendees.

Forest Stewards Newsletter. Staff Forester Erin Johnson completed a draft of the summer issue of our Forest Stewards newsletter, the *Forest Stewards Voice*. The newsletter will include a copy of the new Cross Timbers poster and brochure and will be mailed to more than 1,000 cooperating landowners in August.

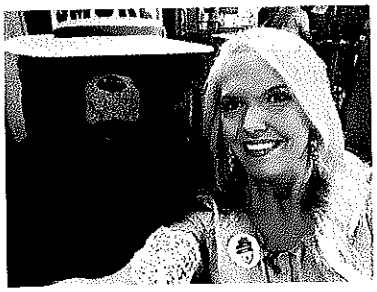
WRP Planting Survival. Erin Johnson, Page Belcher and Amanda Thomas (intern) assisted NRCS Forester John Mustain with a Wetlands Reserve Program seedling survival check in Washington County on July 2.

Urban and Community Forestry - Improving the Forests Where We Live

Tree City USA Tree Board Meets. On July 17, Urban Forester Mark Bays attended the McAlester Tree Board Meeting at the local public library. Topics of discussion included health threats to forests and urban trees, steps necessary to help trees recover from drought and storms, and increasing citizen awareness of the importance of community trees through the potential establishment of a local champion tree program. Mark also toured an area along south Second Street that is scheduled for a sidewalk renovation project. Pictured are several trees of concern along the sidewalk replacement corridor. Mark discussed construction techniques and sidewalk designs that would minimize injury and potential health threats for trees they hope to preserve.

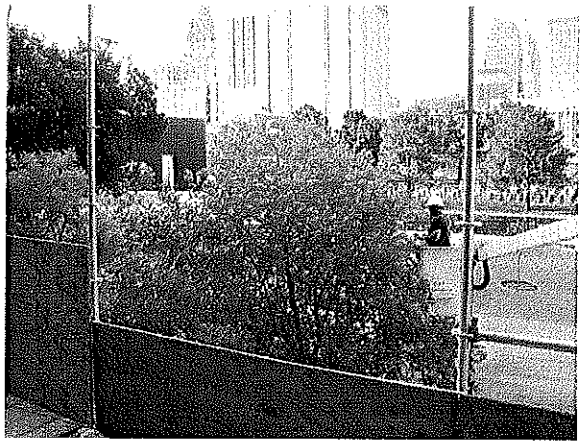
Community Tree Inventory. We continued a community tree inventory and tree risk assessment on public park lands for the City of Chickasha. Pictured at right is urban forester Alanna Cooper and summer forestry intern Amanda Thomas as they collect data in Washita Valley Park. To date 654 trees in 8 parks have been inventoried, assessed and tallied.

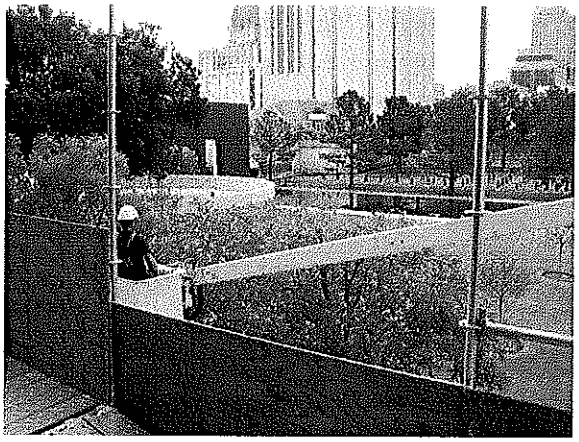
Keep Oklahoma Beautiful. Mark Bays represented OFS at the Keep Oklahoma Beautiful Board Meeting July 22 in Oklahoma City. Discussion included finalists for various environmental and volunteer awards that will be presented at the Fall Awards Banquet on November 20 at the National Cowboy & Western Heritage Museum in Oklahoma City.



Oklahoma Live. Education Coordinator Jerí Irby and Smokey Bear appeared on KSBI-52's *Oklahoma Live* on July 31. Jerí talked about Smokey's 70th birthday celebration and what people can do to participate. One activity suggested is for people to take 'selfies' with Smokey and post them on social media sites using the hashtag #SelfieswithSmokey. Pictured is *Oklahoma Live* host Abby Broyles snapping a Smokey selfie.

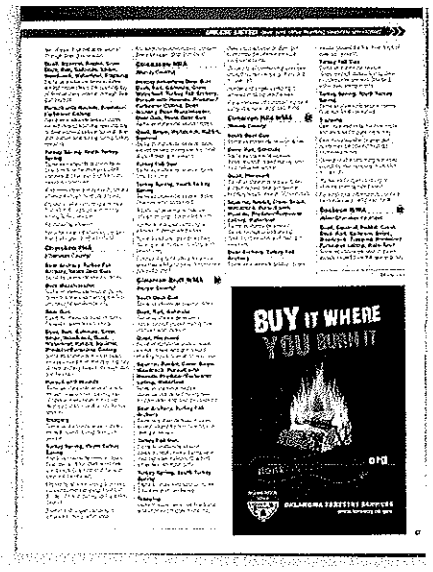
Oklahoma City National Memorial. On July 1, Mark Bays assisted Zack Mitchell of Professional Tree Care of Edmond in conducting a crown height reduction pruning on several Chinese pistache near the entrance to the Oklahoma City National Memorial Museum. The museum is redesigning one section to include an outdoor viewing deck on the second floor. Pictured below are the before (left) and after (right) pictures of one of the trees pruned to open up the viewing of the outdoor grounds. Cambistat, a growth regulator was applied around the root collar of each pruned tree to slow the process of regrowth and sprouting.





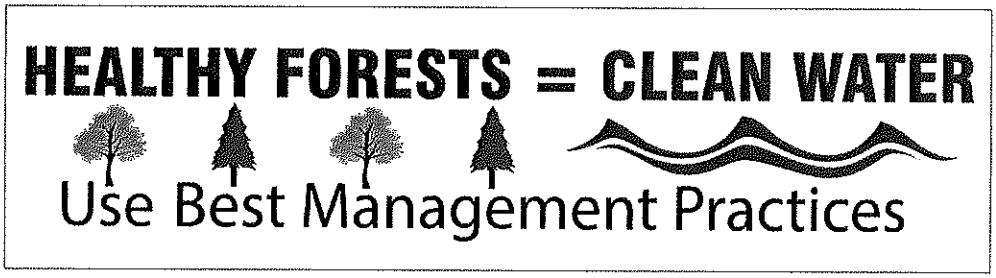
Conservation Trees - Planting Forests for Tomorrow

Hunting and Fishing Regulations. We placed two ads in the new Oklahoma Hunting and Fishing Regulations published by ODWC (images at right). More than 500,000 copies are being distributed across the state.



Keeping Water Clean

Clean Water Bumper Sticker. We are distributing a new bumper sticker produced for each of the southern states by the North Carolina Forest Service.



Water Quality Forester. We conducted three interviews for this position on July 22-23.

WOTUS Rule. EPA's proposed rules defining "Waters of the United States" (WOTUS), subject to jurisdiction under the Clean Water Act, are in the public comment period which has been extended to October 20. Several members of Congress are attempting to derail the rules in legislation or in the appropriations process. Sen. John Barrasso (R-Wyo.) introduced legislation "that would prohibit EPA from implementing provisions of the currently proposed WOTUS rules or versions similar to it." Florida Rep. Steve Southerland offered H.R. 5078, the "Waters of the United States Regulatory Overreach Protection Act." Rep. Reid Ribble (R-Wis.) introduced H.R. 5071, the "Agricultural Conservation Flexibility Act," to maintain the agricultural exemptions in Section 404 by withdrawing the interpretive rule which lists 56 agricultural conservation practices defined by the NRCS proposed to be exempt from permitting.

Forest Conservation Education - Teaching the Values of Forests and Forestry

Jay Children's Day. Rangers Doug Duncan and Bryan Gordon gave the kids at the Jay celebration of National Children's Day some time with Smokey. Planned Jay Children's Day festivities included a parade and activities at the park. The event was forced inside due to weather.

New Disney Movie. Forestry firefighters and education personnel attended the launch of the new Disney movie, *Planes: Fire and Rescue* on July 18. We appeared at the Warren Theatre in Moore and Tulsa's Cinemark IMAX. This event was preceded by a news article published in *The Oklahoman* on July 17. The movie includes the use of planes in wildland firefighting. We offered a chance for people to visit with our personnel, check out our equipment and take photographs with Smokey.

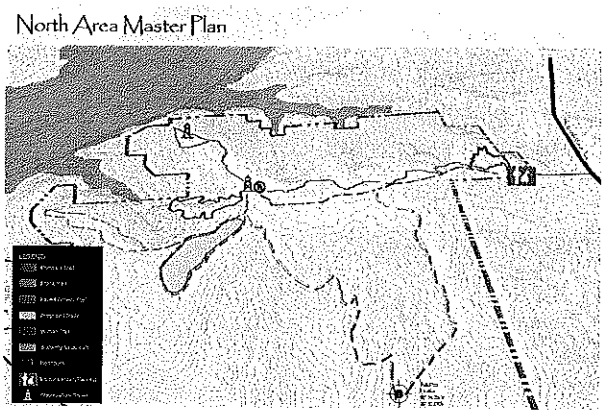
Forest Rangers brought fire equipment that was showcased in the movie for public viewing. Staff passed out over 700 "Wildfire Blaze Buster" glider planes to children along with Smokey Bear stickers and *Planes: Fire and Rescue* coloring pages.

GearUp. FIA Foresters Matt Ford, Dieter Rudolph and Carri Abner assisted Seminole with the annual GearUp educational program, July 7-8.

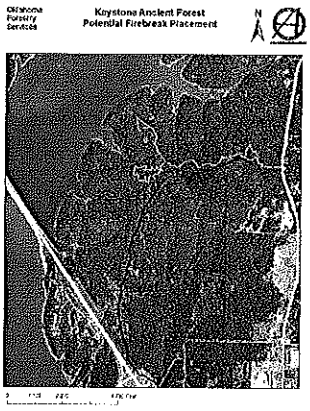
Project Learning Tree (PLT) Workshop in Miami. Jerí Irby facilitated a Project Learning Tree Workshop at the Shawnee Tribe Community Center in Miami on July 22nd. Ten educators from around the area attended the workshop to learn about PLT's award winning environmental education curriculum. Activities from tree physiology to competition between and within insect populations were covered during the six-hour workshop. Attendees ranged from early childhood educators to environmental tribal employees.

Forest Heritage Center. We held Camp Discover, a forestry education program for youngsters aged 9 to 11, on July 1-3. Sixteen students attended. The quarterly meeting of the FHC Board was held on July 17. Topics of discussion included the lack of an annual contract agreement with Tourism, results from the Owa-Chito art show and forestry luncheon and Camp Discover, and plans for the Masters at Work exhibit in September and Fall Folk Festival in November. The Board also recognized the passing of Quintus Herron, one of the driving forces behind the Forest Heritage Center, long-time forest landowner and industry giant, and philanthropist.

Thinking Beyond Today



Walk in the Forest. We continued planning the *Walk in the Forest*, to be held at the Keystone Ancient Forest on October 18. This public event will be sponsored by Forestry Services and the Oklahoma Division Society of American Foresters in cooperation with Sand Springs. The planning committee met on July 11 and then walked the trail where the program will take place to identify learning opportunities. LandPlan, Inc. continues its work on an overall master plan and presented preliminary findings to the Keystone Ancient Forest Steering Committee on July 17 (see map above). The master plan will be completed by September, and does include specific reference to the role of fire and prescribed burning in restoring forest health. Page Belcher provided proposed fireline locations for consideration (aerial photo at right).



The Great Trees of Oklahoma. Since the early 1960s, the Oklahoma Forestry Association, in cooperation with ODAFF and OFS, has searched out and recorded the largest trees of each species occurring in the state. Currently there are more than 100 champion and co-champion trees on the list. Many homeowners take great pride in having the largest specimen of a particular tree species in their yard. Alanna Cooper, OFS Champion Tree Coordinator, recently nominated 3 of Oklahoma's Champion Trees to the National Register of Big Trees hosted by American Forests. The Fall registry closes on September 15th. We are keeping our fingers crossed that our Champions become the Nation's Champions!

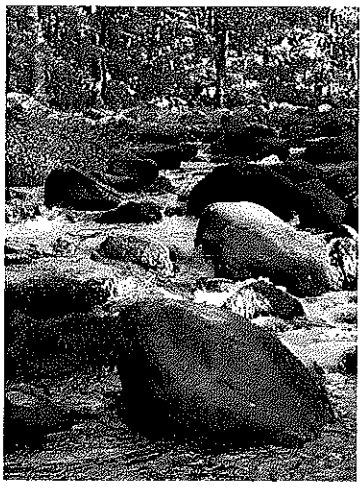
Forester Intern. OSU Forestry student, Amanda Thomas, completed her forestry intern program on August 1. During her eight-week appointment, she worked with our field foresters and professional staff in Broken Bow, Idabel, Jay, Oklahoma City and Goldsby. She presented a program evaluation and summary of her experience to our State Office staff on August 4.

FIA Update. Our forest inventory crew continued annual plot measurements, despite the hot weather. We submitted the semi-annual report to the Southern Research Station. After our approval, the U.S. Forest Service released statistical data from the 2013 panel. There are an estimated 12.362 million acres of forestland in the state, covering about 26.9% of the state's surface area. The National Woodland Owner Survey estimates that 65% of our forests and woodlands (eight million acres) are in tracts of more than 10 acres which are in 115,000 private individual and family ownerships. The average ownership size would be about 70 acres.

Baldcypress bog in McCurtain County

These forest ownership figures compare to the estimated number of farm owners in Oklahoma of 86,000, of which 89% are in family-owned farms, with an average size of 400 acres.

FIA crews started the eastern Oklahoma 2014 Inventory (300 plots) on January 13. By July 30, the crews will complete data collection on all 18 counties in eastern Oklahoma, including all the P3 forest health plots (data collected during the growing season). This means that FIA has finished collecting data for a complete 5-year cycle in eastern Oklahoma. The 2014 inventory in western Oklahoma began in the Panhandle on July 29.

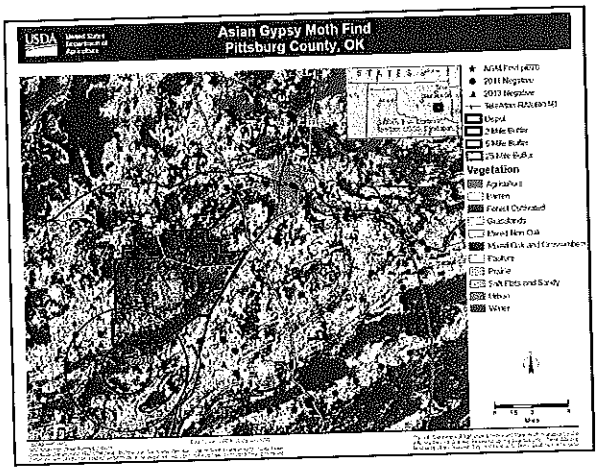


As of June 30, the average score for OFS FIA cruisers is 95% according to the USFS 3rd Quarter report from FIA Supervisory Forester, K. Tillman. The photo above is in the Cross Timbers and at right is a watershed in LeFlore County.

FAP Revision. Area Forester Craig Marquardt distributed some sections of the 2010 Forest Action Plan to our professional staff as part of the Plan revision process. We met in Oklahoma City on July 30 to review all the maps and the GIS data layers we used to establish priority areas for each of the major issues.

OFA Board. The Oklahoma Forestry Association Board of Directors met in Antlers on July 15. Topics of discussion included the search for a new executive director, plans for the annual Log-A-Load fundraiser and banquet to be held on September 15 in Idabel, EPA rules and possible impacts of a listing of the Northern Long-Eared Bat as endangered.

Forest Health



First Confirmed Asian Gypsy Moth in Oklahoma. On October 3, 2013, APHIS confirmed the presence of one Asian gypsy moth (AGM), *Lymantria dispar asiatica*, in a trap near McAlester, in Pittsburg County, the first detection in the state. AGM is not established in the U.S. and is considered a quarantine pest. Subject matter experts evaluated the situation to determine the appropriate response options. Considering the biology of the pest and climatic conditions at that time of year for that region, adult moths would no longer be active so additional trapping was not needed. APHIS continues to evaluate the situation and coordinate with ODAFF to determine appropriate response efforts. At this time, the AGM detection is considered to be an isolated occurrence.

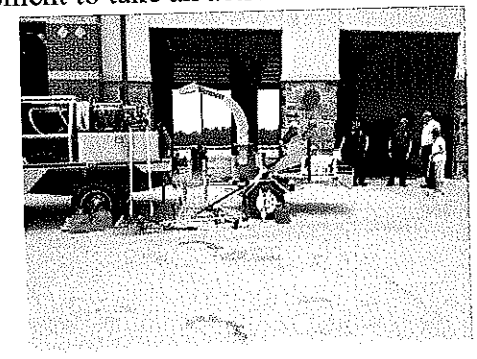
The trap was located 2 miles south of the McAlester Army Ammunition Depot. There are oil well pads, residential properties and farms within a 5 mile radius of the trap and higher risk forested areas beyond this boundary. The total delimiting area includes 216 square miles with two core areas presenting the highest risk: the area surrounding the actual detection as well as a rail-container yard on the McAlester Army Ammunition Depot. Approximately 3,100 traps were deployed which was completed on July 3. Checking the traps commenced on July 7, 2014.

APHIS sequenced the moth 3 times. It is identical to moths in Russia and China. It differs from two Japanese moths. This does not help to narrow down the source, but does eliminate Japan.

Forest Protection - Reducing the Losses from Wildfire

Oklahoma Firewise Coordinator Update. Firewise Coordinator Steve Mattax has been busy conducting Firewise presentations at the ITEMC Conference in Shawnee, the Rural Fire Chiefs Meeting in Altus, and the SouthEast Area Emergency Management Workshop in Poteau. Steve attended the Firewise Formal Recognition Ceremony inducting Stillwater into the program. Staff Forester Brian Hall attended the City of McAlester induction ceremony.

Oklahoma Firewise Program. The City of McAlester submitted a Firewise Grant Hazard Mitigation application to obtain equipment for assisting residents of fire-prone areas within the community. The McAlester Fire Department will use this equipment to take an active role to partner with residents and neighboring volunteer fire departments to reduce fire hazards in their community. The fire department will set up regular days for multiple common area clean-ups and use water bills, newspaper, local radio, website, Facebook, and beautification promotions to advertise the availability of the equipment to the public. Individual property owners will be encouraged to request use of the equipment to create defensible space on their property. The systematic elimination of debris and combustible vegetation in



home ignition zones will greatly reduce the potential loss of property and increase firefighter safety.

The equipment purchased with 80/20 Firewise Hazard Mitigation Grant included a chipper, tree pruner, blower, gas trimmer, chainsaw, riding mower and leaf rakes. McAlester purchased a pickup dedicated for the transportation of the Hazard Mitigation Equipment, as part of their 20 percent match for the grant.

Wildfire Suppression and Forest Protection

Incident Management Team. Mark Goeller, Andy James and Drew Daily were dispatched to help the Forest Service respond to an outbreak of large wildfires in Oregon and Washington on July 18. Several other Forestry personnel served in fire response capacities also. Although released to come home on July 25, at the last minute the team was recalled for additional fires in the region.

Wildfire Suppression Statistics

Fire suppression statistics inside Forestry's protection area for the month of June are shown in the tables below.

Fire Reporting System. There are 278 members currently using the online Fire Department Directory, which has generated 2,678 incident reports. These reports include 2,264 wildfire, 206 vehicle, 40 hazmat, 218 structural fire, 350 EMS, 30 search and rescue, and 570 other.

Rural Fire Defense - Keeping Our Communities Safe

Excess Property Controversy. On July 1st, Forestry Services learned of a significant change in policy by EPA and the Department of Defense concerning the acquisition and placement of federal excess property. Our Rural Fire Defense Program and the fire departments we assist rely heavily on military vehicles declared "excess" and made available to us for fire protection purposes. Citing an interagency agreement signed more than 20 years ago, the U.S. Army Tank Automotive Command decided to enforce a restriction against placing military vehicles which did not meet current emissions standards. This decision would have prevented us from obtaining military vehicles for placement with fire departments. To address this unsatisfactory situation, we issued a press release on July 2 (published in *The Oklahoman* on July 3) and worked with Senator Jim Inhofe's office to investigate the issue further. Ultimately, the Department of Defense agreed to continue the excess property program, with two changes. First, they would no longer pass clear title for the vehicles to the state and second, vehicles that are no longer needed must be disposed of through an approved Army facility.

Forestry Incident Qualification Program. The Incident Qualification System (IQS) is a software program that allows Oklahoma to track incident qualifications, experience, tasks books, and fitness levels for individuals throughout our agency and sponsored organizations. IQS also allows Oklahoma to analyze our organization's training needs and schedule training based upon our needs for incident management. We require all personnel involved in fire management to maintain current training and experience records, regardless of participating in the Interagency Incident Program.

OFS has been conducting training courses in collaboration with Oklahoma State University's Fire Service Training Program and the National Wildfire Coordination Group (NWCG). In 2013, we began training Volunteer Fire Departments to be wildland firefighters through the G-130 course. The G-130 course was developed for Structural Firefighters to learn the critical wildland firefighting skills needed to be safe and effective in either of two situations: when making an initial attack on a wildland fire in their jurisdiction or when working with state and federal wildland firefighting agencies. The course focuses on the "gap" in knowledge or experience structural firefighters have to meet the qualifications as specified by NFPA 1001 and NFPA 1021, respectively.

Any firefighter with current training and qualifications that wishes to participate in the NWCG Incident Program must take a Work Capacity Test (WCT). The test is comprised of three levels: Arduous, Moderate and Light: **Arduous** Pack Test is a 3-mile hike with a 45-pound pack in 45 minutes; **Moderate** Field Test is a 2-mile hike with a 25-pound pack in 30 minutes; and **Light** Walk Test is a1-mile hike in 16 minutes with no pack. In addition to the WCT, the firefighters must have participated in an Annual Refresher Course prior to any national incident assignment.

Oklahoma Forestry Services currently maintains 216 firefighter records in the IQS:

- 112 Oklahoma Forestry Services
- 4 Oklahoma Department Agriculture, Food and Forestry
- 5 Retired Oklahoma Forestry Services
- 32 Oklahoma State University Students
- 1 City of Oklahoma City Employee
- 62 Volunteer Fire Department Personnel

AUGUST 12, 2014 BOARD MEETING

CONSUMER PROTECTION SERVICES DIVISION

REPORT FOR JUNE AND JULY 2014

Environmental Resource Section

On June 20th the Department investigated a plane crash near Anadarko. After developing engine problems, the crop duster was attempting to return to the airport when the plane, loaded with pesticides, crashed. Fortunately the pilot survived and was able to walk away from the accident. Since the incident the plane has been removed from the property, but the Department is working with all involved to clean up the pesticides from the spill site. The removed soil will be disposed of properly and new soil will be brought in to fill the hole at the site.

Plant Protection Program

Emerald Ash Borer Detected in Arkansas

A report released July 18th confirmed that emerald ash borer (EAB), an invasive beetle that attacks and kills ash trees, was detected in traps from 3 southwest Arkansas counties. Hot Springs and Clark counties are part of and border the Ouachita National Forest and Nevada County is just south of the forest. Survey of trees in the surrounding area will determine the extent of the infestation. A federal quarantine is expected and will include parts of Arkansas and

potentially the entire state. EAB is now present in 24 U.S. states and 2 Canadian provinces. Since its initial discovery in Michigan in 2002, the insect has killed millions of ash trees.

Firewood is a common vehicle for the movement of tree-killing forest pests, including EAB and Asian longhorned beetle. To prevent the spread of these beetles, **Do Not Move Firewood** campaigns were created for education and public outreach. Consumers are urged to use locally-sourced firewood for home-heating and camping and to make sure to burn all wood where it was purchased.

Pesticide Program

Southern Region American Association of Pesticide Safety Educators (AAPSE)

Certification and Training Administrator, Ryan Williams, attended the Southern Region AAPSE meeting held in New Orleans, LA., June 2-5, 2014. The meeting was hosted by the LSU Agricultural Center and topics of discussion included exam development, manual development, worker protection standard, pollinator protection, and training for new herbicide technologies.

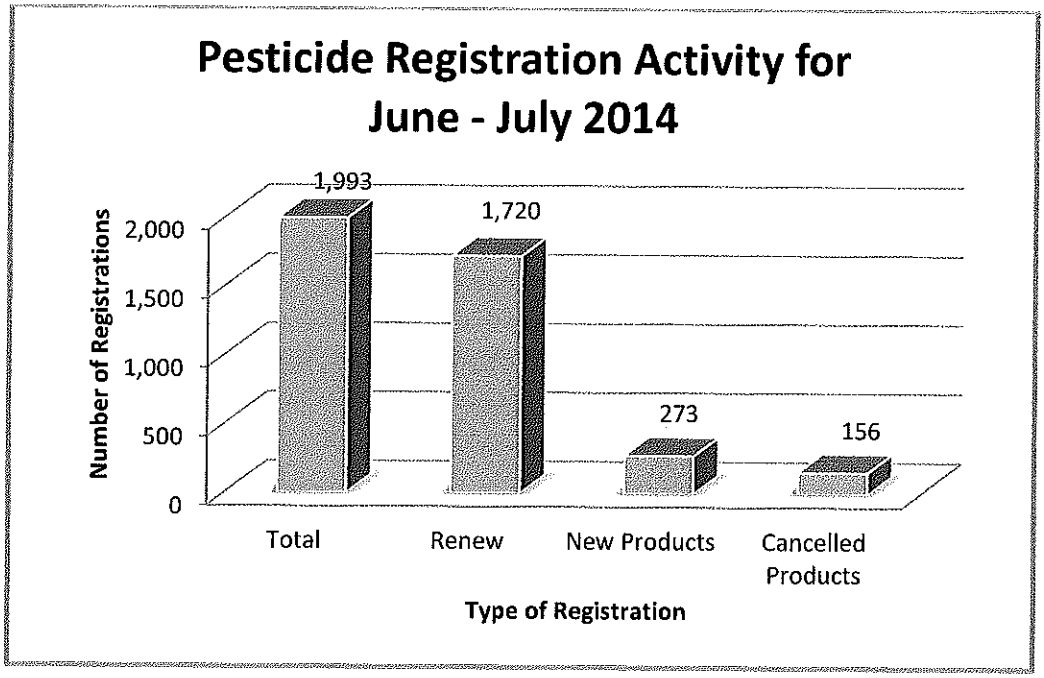
CPS Pesticide Inspectors

On July 21st, new pesticide inspector Lawrence Tomah reported for duty. Lawrence, a native of Walters, OK, came to us from OSU Extension Services and will be covering the southwest portion of the state.

We will also be hiring another inspector for the OKC metro area. Six year pesticide inspector, Amity Tivis has left us after accepting a seat in the Veterinary College at OSU; we wish the best of luck to her.

Pesticide Registration Activity

Pesticide registrations for June-July 2014 are presented in the following chart. A total of 1,993 products were registered. Of the products registered, 1,720 were renewals and 273 were new. There were 156 products cancelled.



Pesticide Samples

Pesticide samples taken for June-July 2014 are presented in the following chart. A total of 136 Residue, 8 Documentary, 1 Tank Mix, and 8 Concentrate samples were taken.

Along with the above inspections CPS pesticide inspectors also took 32 non-Ag use samples, 119 Ag use, and 2 market place samples for a two month total of 153 samples. The inspectors also participated in 13 certification and training activities. These activities include inspector training, CEU meetings, test sessions, pesticide applicator training and speaking at meetings.

Herbicide Drift on Cotton

On June 30, 2014 the Department closed out FY-2014 with 150 consumer generated complaints. In the month of July we received over 50 consumer complaints. The majority of these complaints concerned herbicide drift onto cotton. The hardest hit areas were in Washita, Kiowa and Caddo counties.

Feed Program

Program Performance

During this reporting period there were a total of 203 official feed samples analyzed, with 1,004 feed determinations made from these samples. These determinations resulted in the issuance of sixteen violations for feeds or feed ingredients that did not meet established tolerances based on their guaranteed analysis. The majority of these violations were issued for products deficient in crude protein. Violations were also issued for feed products that did not meet their guarantees for calcium, salt, copper and vitamin A. Thirteen stop sale orders were also issued for feeds with

severe deviations from their guaranteed analysis. Four of these stop sales were issued for medicated feeds with deviations in their active drug ingredient levels. The remaining stop sales were issued for products with deviations in their crude protein, crude fat, crude fiber, zinc, copper, and vitamin A content.

The following tables show a two month comparison of label violations and stop sale orders issued by the Department for feed products that did not meet their guaranteed analysis.

Table 1. Feed Notice of Label Violation Summary May 2014 – June 2014

Fertilizer Tonnage Reports and Inspection Fees

Fertilizer tonnage reports were sent to 461 companies for the semi-annual reporting period of January 1 through June 30, 2014. These reports are due by August 1, 2014 with a $1.00 per ton inspection fee for all fertilizer products distributed and sold in Oklahoma.

Agricultural Lime Materials Tonnage Reports and Inspection Fees

Agricultural lime tonnage reports have been sent out to 72 companies for the semi-annual reporting period of January 1 through June 30, 2014. These reports are due by August 1, 2014 with a $0.10 per ton inspection fee for all agricultural lime products distributed and sold in Oklahoma.

Specialty Fertilizer Product Registration Renewal

Annual fertilizer product registration renewals for specialty products distributed and sold in Oklahoma were sent out to 235 companies. The $100.00 annual registration renewal fee for fertilizer products weighing less than 30 pounds is due by August 1, 2014. There are approximately 2,173 products due for renewal.

Anhydrous Ammonia Safety Video Conference

Lance Kunneman, fertilizer program administrator, presented a video and power point covering ODAFF's rules and safety equipment requirements at the annual Anhydrous Ammonia Safety Video Conference. In addition, Gary Cless, Fairbanks Equipment, presented a power point on anhydrous ammonia properties and displayed new products available. The conference is sponsored by The Triangle Insurance Company, Oklahoma Agribusiness Retailers Association and ODAFF. The safety program was streamed live from the Autry Technology Center in Enid on Wednesday July 16, 2014 to one hundred ninety-five participants across the state. Ag resource field inspectors, who assisted with the conference at various technology centers, included Steve Morris-Weatherford, Rusty Edenborough-Goodwell, Lisa Edens-Enid, Wendy Meyer- Omega, Gary Smith-El Reno, Keith Neugebauer-Altus, and Amity Tivis-Lawton. This conference helps the anhydrous ammonia dealers meet EPA safety training requirements for their employees.

Weights & Measures Program Board Report

The large capacity scale technicians inspected 83 vehicle scales, 1 ranch scale, 3 livestock scales and 58 platform scales. There were 20 scales rejected for repairs and 4 were taken out of service.

Weights & Measures inspectors checked a total of 1,356 small scales during this period and 31 were rejected. There were 38 random pack inspections and 19 standard pack inspections; 6 received letters of warning. Additionally, 259 price verification inspections were conducted with letters of warning issued on 4 of those inspections. Five letters of warning were sent to scale companies for not properly servicing the scales.

The Weights & Measures staff issued 42 service agency licenses, 161 device technician licenses, 7 apprentice technician licenses. We currently have 98 scrap metal dealers licensed.

Andy Scott will begin August 1 working as a scale technician. Andy is from Seminole, Oklahoma and will be training with fellow scale technician Mike Bookout. He is also volunteer fire fighter at Strother, has a wife who barrel races and 2 kids who are involved in 4H showing cattle & pigs. We are excited to have Andy join our team!

I will be glad to answer any questions from the Board members.

Oklahoma Department of Agriculture, Food and Forestry
Animal Industry Services Board Report
August 12, 2014
Activities June 14, 2014 – July 25, 2014

Animal Disease Traceability:
July 14-17, Dr. Gorczyca attended the Western States Livestock Animal Health Association's annual meeting in South Tahoe, NV. The meeting this year was held in conjunction with the International Livestock Identification Association. Topics included the use of official identification, obtaining Certificates of Veterinary Inspection (CVI) for animal movement, and the role brand inspectors may have in enforcing ADT.

On July 23, Dr. Gorczyca and Bill Golightly, AIC USDA APHIS VS, demonstrated MIMs software, PDAs, and electronic CVIs to an accredited veterinarian that works with a large dairy facility. The dairy is already using RFID tags for management purposes. We were able to demonstrate how using RFID readers and PDAs can increase efficiency, minimize errors, and create electronic documentation.

We have 8 veterinarians testing an iPad application to complete and submit Certificates of Veterinary Inspection (Health Certificates) electronically. Once this product is released we believe it will result in veterinarians submitting many more CVIs electronically, which results in getting more accurate information into our database more quickly.

On July 25, Dr. Gorczyca and Chief Investigator Jerry Flowers presented at the Oklahoma Cattleman's Association Annual Convention Cattlemen's College. Chief Flowers reviewed the role of brands in theft prevention and investigation in OK and Dr. Gorczyca discussed the role of brands in animal disease surveillance and traceability.

We are also having more veterinarians using other Electronic CVIs that assist us in getting data more efficiently into USAHerds.

Animal Technology Advisory Committee:
No issues were brought to the attention of the committee during this time period.

Aquaculture:
During this time period, licensed aquaculture facility inspections were assigned to livestock inspectors. Each facility is inspected every other year, with newly licensed facilities being inspected the same year they applied for a license. Inspectors look for any abnormalities at the facilities and determine if the licensed facility is maintaining records.

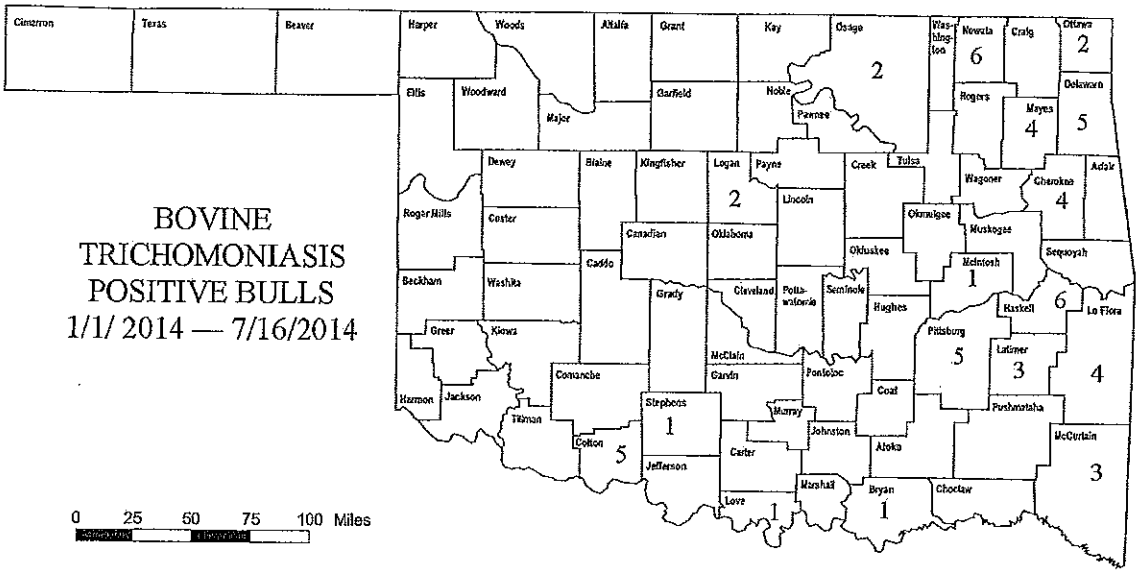
Biologics:
During this time period, biological product inspections were assigned to livestock inspectors. The inspectors go to feed stores, veterinary supply stores, and veterinary clinics looking for biological products that are registered, unadulterated, and not expired. If a product is found not registered, adulterated, and/or expired, a Stop Sale Order is

issued to the Seller of the product and the Company is notified. For non-registered biologics, a $200 fine in addition to the $200 registration fee is assessed. Once the problem has been addressed, a Stop Sale Release Order will be issued to the Seller and the Company releasing the product to be sold.

Cattle Programs:

There were no cases of Brucellosis or Tuberculosis in our cattle during the time covered by this report.

Approximately 291 bulls were tested for Trichomoniasis during the time period 6/14/14 to 7/16/14. 13 bulls were found to be positive.



5340 bulls tested / 55 positives = 1.03 % positive

Our current statistics compare to 2.1% positive bulls in 2011, 1.4% in 2012, and 1.3% in 2013.

Emergency Management:

On July 9 and 10 Dr. Gorczyca and some of our staff participated with some assistance from Oklahoma Emergency Management in an exercise to simulate sharing of resources with other states in emergency responses. It was a good learning experience and will help us be better prepared to know how to request assistance if we are involved in a large response, and we can be more knowledgeable about how we can assist our neighboring states.

On June 18, Dr. Gorczyca attended OKVOAD Volunteer Management Committee Meeting held at the OK Department of Health. This committee is made up of state agencies and VOAD (volunteer organizations active during disasters) agencies that handle volunteers during disasters. The meeting was held to develop a standard operating procedure for handling spontaneous unaffiliated volunteers. This type of volunteer can

actually hinder relief efforts and become a safety concern for first responders. The plan will focus on ways to affiliate volunteers pre-event with recruitment and registration and for best management practices of volunteer resource centers during a disaster.

During this time period, Dr. Gorczyca learned about a new grant opportunity with the ASPCA. The Midwest Disaster Response Capacity and Resiliency Project is offering grants to animal response teams, humane societies, and departments of agriculture with OK being a targeted state. An informational call is being planned soon with the purpose of describing the grant in more detail, answer any questions, and foster dialogue among groups.

Dr. Gorczyca will be assisting the OKMRC with their annual volunteer training workshop for animal response. This training will be held Aug 1-2 in OKC. Topics that will be covered for animal response volunteers include emergency animal sheltering, disaster preparedness for veterinary practices, and basic animal response training (BART). The training is designed for veterinarians, veterinary technicians, first responders, and non-professional volunteers who are all members of the OKMRC.

Equine Programs:
There are no new equine cases for EIA, Piroplasmosis, or CEM.

FDA Tissue Residue Cases:
Seven of the eight Tissue Residue cases we've been assigned recently have been completed and getting final touches on the reports. They will be submitted. This helps educate producers that make inadvertent mistakes when treating livestock with antibiotics and punishes repeat offenders. Each investigation brings in $1195 to ODAFF.

Farmed Cervidae Programs:
Summer is a quiet time of year for the farmed cervidae industry with producers bottle feeding fawns and not handling adult animals due to high temperatures. After our license renewal season and annual inspections, ten licensees received letters of warning for failing to properly identify adult animals. These licensees have been given a liberal amount of time to correct this issue so that animals are not stressed with tagging during the hot months of summer.

Dr. Roach completed and submitted the Chronic Wasting Disease Herd Certification Program annual report and state status renewal application to the USDA. Since the inception of the federal rule for the CWD HCP two years ago, participation in this voluntary program has dropped from approximately one-third of farmed cervidae operations to approximately one-fourth.

Feral Swine:
On July 15 I visited with a representative of Southern Wild Game Holdings in Texas. They are a company that purchases and slaughters wild game and sells the meat. They are interested in purchasing feral swine in Oklahoma and transporting them to their facility for slaughter. Texas has some regulations that will cause our inspectors to get

involved in these shipments such as validating the numbers, sealing the trailers, etc. We welcome this chance to eliminate a few more feral swine from our state.

Foreign Animal Disease:

Texas is experiencing a small outbreak of Vesicular Stomatitis this summer. The first case was diagnosed May 23. Texas Animal Health Commission is quarantining the premises as they are detected and monitoring the livestock affected. As of July 16 there are 10 premises in seven counties with a total of 11 horses and two cattle infected.

Vesicular Stomatitis is a viral disease that is endemic in South America, Central America, and parts of Mexico. The vector is small biting flies like black flies and sand flies. It causes blister like lesions in and around the mouth, around the coronary band of the feet, and sometimes on the teats of horses, cattle, and other livestock species. It is a self-limiting disease that heals in about 10-14 days and does not cause death or severe illness, but it does cause livestock to go off feed and not perform normally. It also presents with very similar symptoms as Foot and Mouth Disease, so we always have to check suspected cases to verify that it is not FMD.

July 7, 8, 15, and 16 Dr. Leslie Cole, Area Emergency Coordinator for USDA Veterinary Services performed Fit Testing for our field staff and some of our office staff. This allows us to know that our employees can safely wear masks and respirators to protect them from inhaling infectious or toxic agents in case we have to work in environments that are contaminated with diseases such as avian influenza, FMD, or some toxins.

Outreach:

On June 18 Dr. Gorczyca and I participated in an interview with Pat Becker on her *Dog Talk* program for KSBITV. Ms. Becker had interviewed me last year during our tornado response and wanted to do a follow up interview on last year's response and how we have prepared based on lessons we learned.

On July 1 we hosted a meeting of the Swine Health/One Health Advisory Committee. The purpose of this committee is to assist AIS in developing educational materials to assist producers, exhibitors, educators, and exhibition organizers in understanding swine diseases and how to prevent the transfer of them at exhibitions. We also discussed efforts to educate the above groups and the public in preventing zoonotic diseases in situations where the public and livestock interact.

On July 2 we had our monthly VMO meeting. Veterinarians representing AIS and USDA Veterinary Services plus our Field Supervisors. These are great meetings to bring the field staffs up to date on new programs and policies and to listen to interesting cases that individual veterinarians are working on or have completed.

On July 14 our field staff was in the office for our quarterly meeting. We discussed some policy changes that will help them be more consistent in the way we allow cattle to move through our livestock auction markets. Drs. Herrin and Roach discussed their programs and changes to them. Dr. Leslie Cole from USDA gave a presentation on Personal

Protective Equipment, and the staff practiced getting into and out of PPE in case we are required to wear it when working on a premises that is or may be contaminated with a toxin or contagious disease.

On July 15 I did a phone interview with Leanne Matthews from Heartland Horse Traders Newsletter. She was writing a story about the Vesicular Stomatitis outbreak in Texas and wanted some comments from me so she could get them out to her readers. I emphasized that producers and owners need to be aware that there is potential for the disease to pop up in Oklahoma and that if they see anything unusual to report it to their veterinarian who will report it to us.

On July 17 and 18 I participated with Dr. Mike Pruitt from USDA Veterinary Services on programs to accredit new veterinarians for Oklahoma. All veterinarians who do any regulatory work representing USDA or Oklahoma must take classes and pass tests to make sure they understand their responsibilities and are knowledgeable on the activities they will be performing.

Poultry Programs:
We responded to 14 sick bird/dead bird cases in the time period represented. No reportable diseases were discovered in these cases.

Dr. Herrin and Dee Hilliard attended the NPIP meeting in North Carolina. State, Federal, and industry representatives review current program standards, discuss current needs of the program and vote on proposed changes to the program requirements.

Rabies in Livestock:
There was one confirmed case of rabies in livestock during this period. This was an angus cow in Beckham County where the animal was on pasture with the larger cattle herd. The source of infection was unknown. Additional cases are very unlikely, but the producer is going to closely observe the herd for a few months regardless and has no animal movements planned.

Also during this period, one goat in Stephens County displayed neurologic symptoms. This animal was examined by a local veterinarian who thought the animal may have polioencephalomalacia induced by a thiamine deficiency, but rabies couldn't be ruled out. The animal died shortly after, and the brain was submitted for testing. Unfortunately, the brain was untestable when received by the public health laboratory and the disease status of the animal remained unknown. The whole family had contact with this animal's saliva, including the children, so post-exposure prophylaxis was indicated.

Sheep and Goat Programs:
No noteworthy activities during this period.

Swine Programs:

The USDA has approved ODAFF's Novel Swine Enteric Coronavirus Disease cooperative agreement. This agreement is for the control and management of porcine epidemic diarrhea virus and the closely related porcine delta coronavirus. As a part of this cooperative agreement, AIS has added the two diseases to the list of Oklahoma's reportable diseases. Any producer, veterinarian, or laboratory with positive results is required to report to ODAFF or the USDA. After meeting with the Oklahoma Swine Health Committee to discuss the new program, AIS has begun implementing an education and outreach plan for swine producers, exhibitors, and show managers. When a positive herd is identified, the owner and herd veterinarian will be required to complete and implement a herd management plan to help mitigate the impact of the disease within the herd and prevent the spread of the disease to other herds. With 13 positive premises since the start of the program, Oklahoma currently has the highest number of cases in the nation.

On July 11 Drs. Roach, Gorczyca, and I met with Drs. Brewer, Roberts, and Cole from USDA about how we can cooperate on the SECD/PED reporting required by USDA's Federal Order without causing duplication and confusion to the swine industry in Oklahoma.

I have spent a lot of time discussing reporting of cases of SECD with representatives of the commercial swine industry. This group is being very cooperative in following USDA's regulations, but are really not seeking assistance from USDA or the States.

We are being asked for some recommendations from private practitioners to help their show pig clients prevent the introduction of PED into their herds, or to eradicate the disease if it is present.

Over the past few months, Oklahoma has received several imports of Kunekune pigs without proper testing or import permits. Kunekune is a New Zealand breed which, similar to pot-bellied pigs, are bred as pets. The importing state, veterinarian, and Oklahoma producers were all notified of the infraction, and proper testing is being performed.

Miscellaneous:

On June 16 Secretary Reese, Blayne Arthur, Dr. Jean Sander, Dean of OSU College of Veterinary Health Sciences, Dr. Chris Ross, Associate Dean, and I met to discuss ways to publicize and award a $25,000 grant for the Large Animal Veterinary Incentive Act. The statutory incentive was passed by the legislature a few years ago and is available as funds are available. This will help one or two young large animal practitioners in rural areas who are dealing with getting started in practice, student loans, and other expenses.

We get many calls for assistance with animals that are out of our normal range of activities. We always do our best to provide a service to those producers and, if it is not something we can do, help them find someone who can. On June 23 I spoke with a woman who raises rabbits and slaughters them for her family's use and to feed to the

dogs she and her husband train. On slaughtering a couple of the rabbits she found some strange looking lesions in the liver and after doing research on the web, decided they were infected with Tularemia, or Rabbit Fever. I am certainly not an expert on rabbits or Tularemia, but I made some phone calls and was able to help her get samples through her local veterinarian to OADDL for testing. The samples that were sent were negative for Tularemia. If she finds another liver that looks the same, she will get better samples to the lab in a more timely manner and hopefully find out what the problem is. I learned a little more about rabbits and Tularemia both through that case.

On June 25 I attended a Human Resources class on Effective Communications.

As State Veterinarian, I am tasked with investigating complaints regarding Non Veterinary Dental Practitioners. I was notified of a complaint on June 30. The complaint was also given to the Board of Veterinary Medical, and I am waiting on their report before I move forward with my investigation.

In the past year we've had four Livestock Inspectors and one Field Veterinarian resign or retire, and on July 7 the final replacement began work. We are pleased to have our field staff intact and all working. Below is a map that includes both AIS' field staff as well as our colleagues with USDA/APHIS/Veterinary Services field staff.

Revision: July 2014

On July 2 Secretary Reese, Blayne Arthur, and I attended a meeting at the Board of Veterinary Medical Examiners. This meeting was attended by private practitioners, legislators, industry representatives, and agriculture groups to discuss and educate about issues such as what a veterinary/client/patient relationship is and how to establish and maintain them. There was also a lot of discussion about Wholesale Veterinary Pharmacies and their operation and regulation.

Respectfully,

Rod Hall, DVM

August 2014 Board Report for June-July Activities

Introduction

WS responds to complaints from the public involving problems with wildlife throughout Oklahoma. WS Specialists conduct operational control programs for many of the complaints they receive to resolve these wildlife damage problems. During this period, these projects were conducted on an estimated .95 million acres of land under agreement. Additionally, WS helped 93 persons and entities with technical assistance which involved providing information to cooperators so they can resolve problems themselves. Cooperators reported and WS Specialists verified wildlife damage of $188,515 during this period. Beaver damages accounted for losses totaling $31,178. Coyotes were responsible for a number of damage requests, primarily to livestock, with losses totaling $17,094. Feral hog damages accounted for losses totaling $118,033.

Providing Wildlife Services

Coyote Damage Management

WS was contacted by a Osage County Rancher who reported seeing coyotes frequently around his newborn calves. The rancher was concerned due to the fact that coyotes had killed one of his calves last year. A WS Coordinator visited the location, and found coyote tracks and droppings in the calving pasture. Traps and snares were set to remove the offending coyotes. Work is ongoing at this time.

On July 18th, a Carter County rancher contacted WS for assistance with coyote control. The rancher reported that coyotes were responsible for killing four goats valued at $550. A WS Troubleshooter responded to the request and determined coyotes were responsible for the damage. Management efforts were successful in quickly removing two coyotes from the immediate area. Control efforts are complete at this time, with no further losses reported to date.

WS received a request from an Ellis County rancher on July 21st, after coyotes killed two calves valued at $1,580. The Specialist confirmed the damage and utilized calling to remove three coyotes so far with work continuing.

On July 1st, a Grant County cooperator contacted WS after coyotes killed two kid goats. The Specialist verified the damage and utilized snares to remove two coyotes. Work is complete.

Feral Hog Damage Management

On July 8th, a Pontotoc County rancher reported feral hogs were rooting his pasture. A Wildlife Specialist responded to the request and confirmed feral hogs were responsible for an estimated $2,000 in damages to the pastureland. Management efforts to remove feral hogs from the immediate area are ongoing at this time.

On July 17th, a Johnston County rancher contacted WS for assistance with feral hog control. The rancher reported feral hogs were responsible for rooting up his hay meadows. The WS Feral Swine Troubleshooter responded to the request and confirmed feral hogs were responsible for approximately $2,000 in damages to the area. Management efforts were successful in quickly removing 18 feral hogs from the area. No further losses have been reported to date.

WS received a request from a Beaver County producer on July 17th after hogs damaged a corn crop. Dogs and shooting were used to remove two hogs. No new losses have occurred and work continues at this time.

On July 9th, a Tillman County farmer contacted WS after feral hogs rooted up several acres of pasture. The Specialist verified the damage, and used dogs and shooting to remove three hogs from the property. Work continues at this time. No new damage has occurred.

WS was contacted on July 11th by a Blaine County cooperator after hogs damaged several acres of pasture. The Specialist verified the problem and dogs and shooting to remove five hogs. Work is continuing at this time.

A Jackson County farmer contacted WS on July 8th after hogs rooted up several rows of peanuts. Spotlighting and cage traps were used to remove five hogs. Work continues at this time.

Beaver Damage Management

A Tulsa County landowner contacted this WS with a beaver complaint. The landowner reported beavers were damming up a tinhorn causing flooding during rains. A WS Specialist investigated the problem and found abundant beaver sign. The Specialist utilized conibear traps to remove two beavers. Work is completed at this time.

WS received a request for assistance from a Sequoyah County rancher. The rancher reported that beavers were damming up a drainage ditch which crossed his property, causing flooding. Conibear traps were used to quickly remove a large beaver from the ditch, and no further activity has been reported or observed.

Wildlife Services was contacted by a Wagoner County landowner with a complaint of beaver damage in his creek behind his house. A total of four beavers were captured on the property and two dams were removed with hand tools. The work is completed at this time.

A Cherokee County landowner called and said that he had some beavers that were digging holes in his pond dam. A WS Specialist verified damages and set conibear traps. Several beavers have been captured to date, with job ongoing at this time. Damages were estimated at $1,500.

WS was contacted by an Ottawa County Commissioner with beaver damage concerns. The commissioner reported that beaver were responsible for flooding four county roadways. The Specialist used conibear traps and spotlighting/shooting to remove the problem beaver. Six beaver have been removed to date and work is continuing at this time. Damage to the county roadway was estimated at $3,500. The commissioner was informed about environmental and structural repairs that can be employed to prevent future damages.

WS was contacted by a Payne County Commissioner who reported that beaver were damming up two tinhorns along a county road. The WS Specialist used conibear traps to remove the problem beaver. Work is completed at this time.

A Murray County landowner reported that beaver were burrowing holes into a pond dam located on his property. A Wildlife Specialist responded to the request and verified beaver were responsible for an estimated $2,500 in damage to the area. Conibear traps were utilized to remove the problem beaver from the area. Control efforts are complete at this time, with no further losses reported to date.

On July 7th, a Hughes County landowner contacted WS for assistance with beaver control. The landowner reported beaver were responsible for damaging a pond dam on his property. Repair damage to the dam was estimated at $1,000. Conibear traps were successful in removing the problem beaver. Control efforts are complete at this time.

On July 11th, a Choctaw County landowner contacted WS for assistance with beaver control. The landowner reported beavers were damming up a creek and flooding approximately 30 acres of pastureland. A Wildlife Specialist responded to the request and confirmed beaver were responsible for $5,000 in damages to the property. Management efforts were successful in removing the problem beaver from the area.

On July 24th, a McCurtain County Commissioner contacted WS for assistance with beaver control. The commissioner reported that beaver were damming up a culvert along a roadway. Conibear traps were successful in removing the problem beaver. Control efforts are complete at this time.

On July 20th, a Pontotoc County landowner contacted WS for assistance with beaver control. The landowner reported that beaver were burrowing numerous holes into a pond dam located on his property. Beaver were responsible for an estimated $1,000 in damages to the pond dam. Conibear traps were utilized to remove the problem beaver from the area. Control efforts are complete at this time, with no further losses reported to date.

On July 17th, WS received a request from a Stephens County cooperator after beaver cut several trees valued at $800. The Specialist verified the damage and used conibear traps to alleviate the problem. Two beaver were captured, and no new losses have occurred. Work continues at this time.

On July 3rd, a Dewey County cooperator contacted WS after beaver damaged a road. The WS Coordinator verified the damage and utilized conibear traps to remove two beaver. Work continues at this time.

WS Assistance at Airports and Air Force Bases

Will Rogers World Airport

Wildlife Biologist Karen Duncan returned to duty at Will Rogers after a four month assignment at Bagram AFB, Afghanistan. Her duties were to reduce risk from wildlife strikes at that facility. She was recognized for her service by the U.S. Air Force with a commendation for civilian service.

Vance Air Force Base

July rains attracted may birds to Vance and Kegelman airfields. Snowy egrets, Great egrets, Great blue herons, and Turkey vultures continue to threaten Kegelman Auxiliary field by their presence at the Great Salt Plains Lake spillway. Mourning dove populations increased at Vance AFB.

There is a meeting planned for September that will involve several stakeholders of the Drummond Flats wetland restoration program. The venue is still undecided. There are several questions regarding Drummond Flats that will be addressed at this meeting. WS was listed as one of the stakeholders in this meeting.

Altus Air Force Base

Altus Air Force Base has a breeding population of Mississippi Kites that utilize the area every year. This year there was a kite population of around 50 kites. Approximately 25 kites utilize the 120 acre golf course/jogging track as their nesting area. To help address the Mississippi Kite problems on AAFB, WS provide information by publishing news paper articles, base-wide e-mails, posters, and flyers to educate people on kite behavior and what to do when swooped.

In the month of June the Wing Safety office has received 8 kite complaints on 2 nesting sites. WS responded by placing warning signs on golf course/jogging track and caution signs at nesting sites. After repeated reports from these areas the three chicks were removed from two nests and taken to a wildlife rehabilitator.

In the month of July, WS started a habitat modification project at Altus Air Force Base. The Base received approval and funding to remove approximately 75 trees from a tree row in the Northwest corner of the airfield. The tree row was located 250 yards from the approach end of Runway 17R. The tree row provided an ideal staging area for many bird species and a loafing area for many raptors. The increased bird activity around the tree row and its close proximity to the runway created a Bird/Aircraft Strike Hazard (BASH).

Equipment and manpower was provided by the AAFB Civil Engineering Squadron for the removal of trees and replanting of native grasses. The project should be completed in mid-August. The removal of the tree row will remove the BASH Hazards and reduce bird strikes in this area of the airfield.

Wildlife Disease Program

Birds:

This surveillance project is designed to learn more about the apparent antibody prevalence of avian Paramyxoviruses (APMV-1) and several arboviruses in various wild bird species throughout the United States. In addition, swab samples collected will be used to identify strains of Avian Influenza Virus (AIV) circulating in wild birds in the U.S.

The WS Disease Biologist collected 15 bird samples (serum and swabs) from Brown-Headed cowbirds captured in Comanche County on June 11th at the Ft. Sill military base. These birds were captured by base personnel to protect other native endangered species that are located in the area. This provided an opportunity to collect avian samples from a new area of the state.

Tularemia Surveillance

The WS Disease Biologist is assisting with a new Tularemia project. 50 rabbits and 50 feral swine samples are needed from Oklahoma. Serum and ticks (if present) were collected from each animal sampled. To date, eight rabbits have been sampled.

The Disease Biologist submitted 11 nobuto strips collected from coyotes by Specialists in Kingfisher, Logan, Ellis, Murray, Dewey, Roger Mills, Muskogee and Stephens Counties. Two nobuto samples from beavers collected in McCurtain County were also submitted. These samples are for plague and tularemia.

Private Aviation Permits

To date, there twelve current active permits for aerial hunting issued by ODAFF.

Information and Communication

The Division Director gave a presentation on Feral swine at the Citizen Potawatomi Nation Headquarters to multiple Tribal representatives. The meetng was sponsored by NRCS, APHIS, USGS, OK Tribal Conservation Advisory Council, and Indian Nations Conservation Alliance. Approximately 70 were in attendance. Discussion included the WS mission, USDA Feral swine initiative, and Tribal cooperation.

July 2014 Activity Report
For August 2014 Board Meeting

Agricultural Statistics Division

General: Light showers were received across the state the **last week of June**. Average precipitation for the week ranged from 0.73 of an inch in the South Central District to 2.37 inches in the North Central District. Soil erosion continued in parts of the Panhandle while high winds and hail damage continued to impact summer crops. Statewide small grain harvest was nearing completion. Winter Wheat harvested was 89 percent complete by week's end. Row crops and hay pastures progressed nicely in the Central and Northeast Districts. Overall, topsoil and subsoil moisture conditions continued to be rated mostly adequate to short, although constant winds continued to decrease soil moisture in the some areas.

The **first week** of July began with severe weather that brought extremely high winds and some hail damage to parts of the Panhandle and Northwestern Oklahoma. Winds were recorded as high as 85 mph near Guymon on Monday, June 30th. Even with the added precipitation, subsoil moisture conditions were not improving. Summer growth of hay and forages recovered substantially in parts of Central Oklahoma. Row crop planting was virtually complete for all row crops except soybeans. Soybean planting was behind normal due to the delayed winter wheat harvest caused by flash flooding and moisture received in late May into June. Row crop conditions continued to be rated mostly good to excellent due to the higher than normal June rain totals and warm temperatures. Winter wheat harvest was completed, but yield and quality remained unknown. Drought conditions continued to intensify in the Panhandle and the Southern portion of the state. Average precipitation for the week ranged from 0.01 of an inch in the Northeast District to 1.32 inches in the South Central District.

Temperatures averaged in the low 80's during the **second week** of July with precipitation received in all nine districts. Some districts received more rain than others. Western Oklahoma received the least amount of rainfall. Drought conditions persisted and grass was showing signs of burn in the Panhandle District. Central and Western Oklahoma received good rains last week, the highest was recorded in Oklahoma City with 3.93 inches per Mesonet data. Overall temperatures were cooler than normal and precipitation totals were slightly higher than normal on average across the state for this time of year. Producers continued to cut hay, although heavy rain totals in the Southeast district slowed hay harvest. Row crops continued to be rated in good condition and small grain harvest was virtually completed. Temperatures ranged from 61 degrees at Kenton on Thursday, July 10th to 103 degrees at Butler on Monday, July 7th.

Heavy rain totals received during the **third week** benefitted most row crops, but progress continued to lag behind the five-year average for the various stages of development. A westward moving storm produced good rains beneficial to Central and Southeastern Oklahoma with a statewide total averaging 1.41 inches. To this point, Oklahoma had received 84 percent of its normal precipitation since March 1st. Areas of the Panhandle saw spotty rains over the past week accompanied by cooler than normal temperatures. According to the Oklahoma Mesonet Summary, the low on Friday, July 18th in Goodwell was recorded at 56 degrees. The cooler temperatures brought a bit of relief to row

crops. Cotton in Southwest Oklahoma was reported somewhat behind due to the unseasonably cool temperatures this past week, but growth and development are progressing nicely with the recent moisture. Temperatures ranged from 51 degrees at Jay on Wednesday, July 16th to 101 degrees at Hooker on Sunday, July 20th. Topsoil and subsoil moisture conditions continued to be rated mostly adequate to short.

Row Crops: All row crop conditions continued to be rated mostly good to fair. **Corn** silking reached 66 percent complete by the third week of July and 29 percent had reached the dough stage. **Sorghum** emerged reached 98 percent complete with 32 percent headed during this same time period. **Soybeans** planted reached 96 percent complete by week's end while 95 percent of the crop was emerged. **Peanuts** pegging reached 59 percent complete by the third week. **Cotton** squaring reached 78 percent complete, while 51 percent of the crop was setting bolls. Conditions of **alfalfa hay** and **other hay** continued rated mostly good to fair. A second cutting of alfalfa hay reached 84 percent complete, while a third cutting was 27 percent complete. A first cutting of other hay was 81 percent complete, while a second cutting was 27 percent complete, 11 points ahead of normal. **Watermelon** harvest reached 21 percent complete, 13 points behind normal.

Pasture and Livestock: Conditions of pasture and range were rated mostly good to fair. Ponds in some areas of Northeast Oklahoma were full while others still needed more runoff. Hay harvest was delayed slightly in Central Oklahoma due to the added moisture, but the rainfall was welcomed. Grasshoppers continued to be an issue in the Panhandle and Southeast Oklahoma. Pasture improved with the help of the added moisture.

Surveys: Surveys conducted during the month of July and first part of August, working in tandem with NASDA field and office enumerators, were as follows:

Survey	Enumerated by	Survey Dates
Monthly Ag Yield	Field and Phone	Jul 29-Aug 5
Monthly Slaughter	Phone	Jul 14-15
Monthly Hay Prices	Phone	Jul 15-16
Monthly Prices Received	Phone	Jul 15-16

MARKET DEVELOPMENT SERVICES
AUGUST 2014 BOARD REPORT
MID-JUNE-MID JULY

JOINT ACTIVITY

Market Development Services staff spent a day "Focusing on the Future" beginning at the Department of Ag with an update from Secretary Reese. Areas of discussion and planned action included: strengths we share, areas for improvement, external influences, a presentation by Dr. Mike Woods of the trends in rural Oklahoma, value of programs, partnerships, impact, research and strategic positioning.

AGRITOURISM

Staff conducted the second of two photo shoots to add to our photography collection. These shoots focused on hunting and family activities as well as a few on location wedding shots. These shoots took place at Clauren Ridge Winery and Chester's Party Barn.

Staff completed the next round of 4 brochures: Western Experience, Land Bounty, Hunting, and adding a new brochure this year, Country Stays.

Staff attended the Crape Myrtle workshop hosted at the Chisholm Trail Heritage Center. Staff was also able to distribute the new wine trail map at the event. Staff visited with pumpkin growers to spread the word where the fall venues can purchase in-state pumpkins. Staff assisted the Oklahoma Oilseed Commission with their ballot counting.
Staff participated in the ConocoPhillips corporate road show. We set up our travel booth and had tremendous interest in Agritourism. The show was a huge success. Staff attended the Ultimate Women's Expo in Dallas, TX. The show was marketed as "Chic Trips". The show had a good crowd and we passed out over 500 brochures. Staff met with Head Storm to kick off the new Farmers Market Website.

Staff attended the planning meetings for this year's SeptemberFest. The date is set for September 6, 2014. Staff assisted with the new Plasticulture booth banners. Staff attended the Broken Arrow Ice Cream Festival hosted by Blue Bell Creamery. Attendance was good and the creamery offers tours of their facility. The festival was moved from the creamery to the main street of Broken Arrow. This is just down from the Broken Arrow Farmers Market and during the same time. Staff set up at the Scissortail Wine Festival in Claremore. We had about 10 wineries there and we were promoting the wine trails and passed out many Land Bounty and Western Exp brochures.

Staff attended the Island Guest Ranch Equine Art Retreat. The Guest ranch hosted international recognized artist Tony O'Conner and invited guests to paint and sketch along with Tony. The guests would take a trail ride to location to see various landscapes as well as a staged cattle drive and other activities. There were guests from Maine, California and Canada. These guests learned of the retreat on social media and filled up quickly. The ranch has two more retreats planned for October.

Site Visits

Chisolm Trail Heritage Center, Buffalo Creek Berry Farm, Chickasha Farmers Market, Norman Farmers Market, Mustang Farmers Market, Edmond Farmers Market, Silvertop Farm and Vineyard, Ponca City

Farmers Market, Orr Family Farm, Redbud Ridge Vineyard and Winery, Native Spirits Winery, Woodland Park Winery, Pawnee Bill Ranch, Tres Suenos Vineyard and Winery, Sparks Vineyard and Winery, Livesay Orchards, Chester's Party Barn and Farm, Har-Ber Village, Waddell Vineyard & Winery Pullen Peaches, Island Guest Ranch, JM Davis Arms and Historical Museum

New Site Visits
Sand Stone Spring Vineyard is U-Pick wine grape operation located in Mustang. As far as we know this is the only vineyard that advertises and supplies grapes for amateur and hobbyist wine makers.

George Roberts, Wewoka (Circle R Ranch) visited George & Carol Roberts in Wewoka. They have a farm and the goal is to teach people about agriculture. Because of their own special needs son, they also cater to special needs audiences and underserved groups. Their long-term goals include a therapeutic riding program and a possible country stay. For now, they offer farm tours, experiences such as a petting zoo and vegetable garden. They are in need of funding and I am researching some possible grants for them. Once they know if funding is available, they will move forward with one of their plans and may fit into the program at that time.

AG IN THE CLASSROOM

ON THE ROAD WITH AG IN THE CLASSROOM 2014:
Ag in the Classroom Coordinators took 44 Oklahoma teachers to the Oklahoma Panhandle. Teachers were able to learn about agriculture and Oklahoma history during the three-day road trip. As the tour bus traveled to various agriculture destinations, AITC coordinators shared lessons, activities, and resources with the teachers. AITC TOY, Lisa Storm, addressed the teachers and told how she uses AITC in her third grade classroom.

The first stop of the tour was in Beaver County where Dr. Pauline Hodges, a survivor of the Dust Bowl who appeared in the Ken Burns Documentary, addressed the teachers and gave them each a copy of her Dust Bowl curriculum. As the tour progressed, the teachers hiked to the Beaver River and learned about the invasion of salt cedars and the impact they have had on the water in the region. NRCS staff members demonstrated to teachers how much water is lost through evaporation and how beetles are being used to help reduce the salt cedar population. The tour then progressed to G+Ag Inc where teachers learned how technology is used to monitor irrigation systems and witnessed a combine harvesting wheat as they stood in the wheat field. *One of the teachers told the three year old son, who was riding in the combine with his dad, "You sure are doing a good job driving that tractor," to which he replied (with his hands on his hips), "It is NOT a tractor, it is a combine!"* Next the teachers toured Hitch 1 Feeders and learned about the 33,000 head of beef currently on feed. To wrap up day one, Rick Kochenower gave teachers a tour of the OSU Research Station at Goodwell and then took the group to Panhandle State University, where teachers worked together to make ice cream in a bag.

Day two began with a tour of No Man's Land Beef Jerky in Boise City. Then, as the tour bus traveled to Kenton, an unplanned stop was made to witness cattle being roped and branded by cowboys on horses! Local ranch women Sherry Nye and Vikki Schumacher, took the teachers on a tour of Labrier Ranch where teachers encountered dinosaur tracks, hieroglyphics, and an amazing view of the Black Mesa. A quick stop was made at the three state marker for a group picture. Before heading back to Boise City, the tour made one final stop in the Kenton area to explore a homestead cabin that has been refurbished. The evening was spent touring the Arthaud family farms and learning about wheat, corn, and numerous other crops that the family raises. Teachers also enjoyed entertainment provided by the talented Arthaud children. In addition, a Monsanto intern from Ohio joined the evening tour to discuss the similarities and differences of agriculture in Oklahoma and Ohio.

The final morning of the tour, teachers were able to tour the Cimarron Heritage Center Museum in Boise City. Guymon was the next destination of the tour where Seaboard employee, Craig Maloney, visited with the teachers about the pork industry and the safety of food in the United States. A video narrated by Temple Grandin to illustrate the safe animal handling practices that are used at the facility was shown. Teachers were educated about the 3,000 different ways that one hog carcass can be prepared for resale. The final stop of the tour was at the Woodward Sale Barn for a visit with owner, Jerry Nine.

NATIONAL AG IN THE CLASSROOM CONFERENCE:

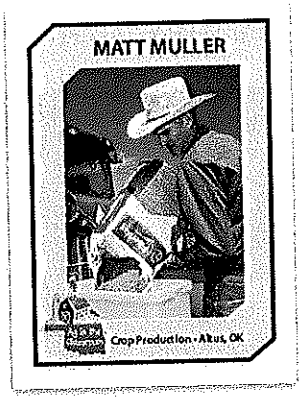
Ag in the Classroom Coordinators and AITC TOY, Lisa Storm, attended the National Conference in Hershey, PA. Staff attended the State Contact meeting to stay current on issues concerning the National AITC program such as professional development and promotion. Staff presented a STEM workshop to 65 participants. In addition, coordinators attended workshops each day. Conference attendees told staff members repeatedly that the Oklahoma AITC lessons are being used in their states because of the excellent content provided. Oklahoma AITC also provided an "Oklahoma Theme" basket for the silent auction and contributed items to the Southern Regions basket, as well.

VISION 2020:

AITC and Southwest Dairy Farmers partnered together to operate a booth at the state teachers convention. Staff handed out information about the upcoming AITC State summer conference and encouraged teachers to go online and sign up for the conference. AITC coordinators presented four workshops at Vision 2020, partnering with Checotah FFA and AITC TOY for two of the workshops. The workshops focused on STEM, Literacy, and Social Studies. 109 educators left the workshops with AITC resources and lessons. Several workshop participants were new to the AITC program. *Some participants told staff that they first learned of AITC at last year's Vision 2020 conference and this year sought out AITC sessions, as they were "the best workshops provided."*

OTHER WORKSHOPS AND ACTIVITIES:

- 15 Jr/Sr FFA students attended Ag Ed academy at OSU where staff trained them to tutor third grade students later in the week. Ag Mags and Trading Cards were sent with them to share with 15 third grade students.
- 80 six-fourteen year old students attended Payne County Ag Safety day and staff taught them "How Germs are Spread."
- 23 Nutrition for Elementary Education students at SWOSU attended an AITC workshop and made Rooftop Sandwiches and Thunder Berries.
- 11 middle school educators attended AITC session at OSU STEM conference. *Educator Rhonda Bennett, from Country Lane Intermediate School in Broken Arrow, stated, "I enjoyed this workshop and changed my views of using AITC lessons with my fifth graders- Thank you, I am looking forward to weaving these into my other lessons!"*
- Staff led 3 breakout sessions at the ODAFF Market Development Staff Retreat.
- Staff assisted Oklahoma Cattlewomen with a beef promotion at SAM's and passed out ZIP coloring books to kids.
- Staff met with summer conference speaker, Jenny Broughton to discuss State AITC Conference.
- Staff met with Crystal Themm, who is now writing lessons for AITC.
- AITC calendars were approved and sent to the printers.
- Staff met with new State 4-H Director, Kevin Allen.
- Staff began creating Auras using the app Aurasma. This app will allow the Ag Mag and Trading Cards to have a new dimension by creating overlays that allow AITC to display content in addition to what is pictured in the still image. For example, staff has created Auras, which will allow students and educators using the Ag Mag to not just see a picture of a cow being milked, but to watch a video of a dairy farm. Instead of just seeing farmers on trading cards, students will be able to see them working on their operation.



To view the above Auras:
1- On smart phone or device, download the app- Aurasma- it is free
2- Open the app and click on "skip" at the bottom of the screen.
3- Click the triangle on the bottom of the screen.
4- Then at the bottom of the new screen, click the magnifying glass and search for OAITC channel which is: "OAITC"- the image is the OAITC logo with a green background.
5- Click on logo, then click follow beside it.
6- Click on the camera square (to the left of the magnifying glass) and then scan above pictures by holding device over picture. A purple swirl should appear and then the video will come up. Double click the video and it will go full screen.

WEBSITE AND FACEBOOK:
Ag in the Classroom website visits and page views were 9,474 with 6,784 Unique Visits. 865 AITC lessons, 26 smart board lessons (from AITC website), and 27 multimedia presentations were also downloaded during this time. To date, 5208 AITC smart board lessons have been downloaded from Smart Exchange during 2014. AITC Facebook Friends have increased to 2,288.

MADE IN OKLAHOMA

Summer Fancy Food Show
For the first time in many years, the Made in Oklahoma Program assisted two of its members in participating in The Summer Fancy Food Show, held June 29-July 1, at the Jacob K. Javits Center in New York City. These members included Stonegate Gourmet from Tulsa and Gourmet Specialty Foods from Lawton.

The Program gave these Oklahoma specialty food manufacturers the opportunity to showcase their products to over 28,000 potential buyers. The show attracted record participation with 2,730 specialty food makers, importers and entrepreneurs representing the latest new products and trends from across the U.S. and around the globe.

Initial response was very good regarding potential orders. Actual numbers will not be able to be gauged until 4-6 months following the show. The companies both felt it was very beneficial to be present at the show and were very appreciative of the opportunity given by ODAFF.

Participation in next year's show is very favorable for both new and returning companies.

Dale Rogers Training Center
Market Development staff visited the Dale Rogers Training Center (DRTC) in Oklahoma City. The Center which celebrated their 60th Anniversary this past year is a Made in Oklahoma Company that trains and employs individuals with disabilities across Oklahoma. They work with Cedar Hill Seasonings from Edmond and packages their seasonings in gift packs for corporate and individual sales. In addition to spice/seasoning gift packs, they also produce awards & trophies and retail & wholesale framing. During the 2012-2013 program year, persons in all DRTC programs earned $5.5 million in wages. They

are located at 2501 N. Utah Avenue in Oklahoma City.

MADE IN OKLAHOMA COALITION

International staff spent time attending the following meetings and participating in the following activities:

The July MIO meeting was held on the 11th. In advance of the meeting, staff worked with the MIO bookkeeper and MIO Treasurer to prepare the financials. Staff picks up checks and invoices mailed to the MIO Coalition Post Office Box every month. In addition, staff makes all the bank deposits. The new MIO Treasurer will be Max McDermott, deVine Water. On the 23, staff met with Max and former MIO Treasurer, Chris Field, to review the duties of this position, and a trip was made to RCB Bank to sign the necessary paperwork to complete the transition. Staff attended a MIO photo shoot on June 24th, and the annual MIO Board Retreat in Davis on June 26th. The retail subcommittee met in advance of the general meeting. Staff was responsible for the agenda and coordination of the retail meeting.

Recruitment for the OGA Super Trade Show, September 17th was completed. This year, over 20 companies have signed up to participate in the one-day show, almost double the number of companies from previous years. The theme of the one-day show this year will be *Safari!* and will be held at the Cox Convention Center, downtown Oklahoma City.

MIO Coalition staff spent time attending the following meetings and participating in the following events:

Staff coordinated two on-air recipe demonstrations on KAUT, one on News 9 in the Oklahoma City Market, three on-air demos in the Tulsa Market and is coordinating with the Daily Oklahoman staff to promote the July Recipes of the month. The coordination of the FMI Connect Trade Show in Chicago, IL on June 9 to 13, 2014 offered MIO members the opportunity to sell their products to over 12,500 food buyers from the US and abroad. Six members from MIO attended the show: Griffin's Foods, Shawnee Milling Co., Black Jack Beef Jerky, Kratos, Charley Bean Coffee Co. and Clement's Foods. Market Development Staff coordinated the School Nutrition Association Trade Show on June 18th. This trade shows targets the head buyers of school districts around the state.

FMI Connect Trade Show, Chicago

Staff coordinated the two-day MIO Executive Board meeting of the Made in Oklahoma Coalition. Staff helped direct the Board to set a budget, create a marketing plan and revise bylaws as needed. Staff also coordinated a day long professional photo shoot utilizing a food stylist to create and photograph July and August recipes of the Month.

DIVERSIFIED MARKETING

PLASTICULTURE

Plasticulture staff activities for this period involved general maintenance on equipment, a summer youth camp workshop in Anadarko, demonstration plot visitations and a good deal of work on the agency demonstration garden location.

On June 18th staff worked with the Wichita Tribe Summer Youth Camp in Anadarko teaching children about gardening and general garden maintenance. This camp was well attended and the children were very receptive to the program.

Plasticulture gardens across the state are generally performing very well. One of our gardens in Sand Springs that grows blackberries and watermelon was producing watermelon two to three weeks ahead of conventional watermelon growers—due in part to our cooler summer. The plastic warmed the soil sufficiently to speed development. Our grower had a problem with crow depredation and we inquired with Wildlife Services regarding dealing with this problem. They normally use a shotgun canon but none were available at the time. Several farmers in Idabel suggested we hang aluminum pie pans from bailing wire around the garden and this worked well long enough to harvest the majority of the melons.

Other gardens we visited also looked very good with rainfall and cooler temperatures favoring good quality crops. Our demonstration plot in Tulsa is also performing very well. On the 16th, plasticulture staff accompanied by OSU horticulture specialist, Lynn Brandenberger, visited the Russell Keele farm in Woodward. This is his first year to grow vegetables with plasticulture though he has attended our plasticulture conferences for several years. He is doing very well with the system.

A good deal of this period was spent working on the agency demonstration gardens. Weeding, watering and harvesting vegetables. We also reconnected the irrigation system to the commodity side of the garden. Immediately after we had the irrigation reconnected we began receiving much needed rains reducing our need for irrigation. We harvested Blue Irish potatoes out of the demonstration garden on July 15 and everyone was excited to see these unique potatoes.

We were also privileged to join Secretary Reese in showing the demonstration garden to a visiting group from Africa.

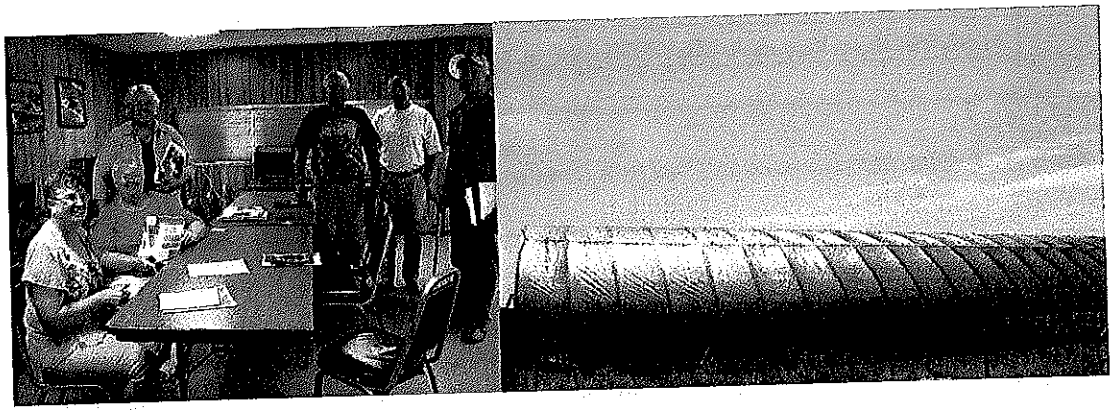
FARM TO SCHOOL

The Farm to School Coordinator attended the Oklahoma School Nutrition Association conference where sessions were attended and a F2S booth was set up and managed at the trade show. A F2S survey along with other resources was shared with attendees. An online survey was also developed and is available on the Oklahoma F2S website through August 1st.

Staff attended Produce Safety University held in Atlanta, GA facilitated by the USDA.

Staff facilitated and attended a meeting tour at The Garden Spot with Mid-Del Public Schools to aid in the development of a F2S partnership between grower and school. Mid-Del is implementing a pilot F2S program and will work with the local grower in addition to participate through the statewide program.

Staff facilitated and attended a meeting at Fairview Public Schools where farmers (Freed Family Farms and Don Blehm) school superintendents (Rocky Burchfield -Fairview) and school foodservice directors (Robin Cofer -Fairview, Madlyne-Ringwood, and Mike Jinkins- Okeene) gathered to discuss F2S in their region. Resources were provided and reviewed and everyone was very excited to start this fall with a long term goal of planting and menu alignment for optimal growth. Okeene, Don Blehm and staff toured Freed Family Farms after the meeting. Farm to School Coordinator later emailed a meeting summary and plan of action email along with contact information for the group.



Staff met with School Garden Manager at Santa Fe South Charter School in south Oklahoma City to give direction on how to sell to their school, how to develop a food safety plan, and other food safety and Farm to School considerations.

Staff communicated Farm to School orders to distributors and growers (Peach Crest Farms and Perennial Produce) for the 2014/2015 School Year (SY). We have 42 districts participating this year which is down 11 schools from last year. Many that participated last year decided not to participate this year due to struggles receiving produce last year, administrative changes, or other reasons. We also had 6

schools participate this year that did not participate last year. Total cases of produce ordered to date, for the '14/15 13,575 cases and 392,353 pounds. Tulsa Public watermelon order is pending.

Staff attended Child Nutrition Reauthorization Webinar held by National Farm to School Network (NFSN). Reauthorization has included Farm to School in years past and the 2015 NFSN campaign will include funding requests for USDA Farm to School grant programs, Farm to Preschool, and Farm to School in tribal communities. Staff met with Moore Public Schools to discuss Farm to School within their district. They have not participated in the past although they are interested. Staff provided tips and tools to get them started. They have a new RD on staff that is very passionate about Farm to School and would like to start a program. Staff worked with the Oklahoma Department of Education to obtain a list of contact information for Child Nutrition directors in each school across the state. Staff then sent mass email to 484 school districts to push online survey participation (received 15 additional responses so far). Staff had conference call with USDA Southwest Regional Lead and Midwest Regional Lead to discuss Oklahoma Farm to School updates and also learn what other states are doing to promote local agriculture. North Carolina has a great model. Staff completed National Farm to School Network monthly survey update. Staff wrote letters of support for Cherokee Nation for the Health and Wellness in Indian Country and the Partnerships to Improve Community Health (PICH) funding opportunity announcements from the Centers for Disease Control and Prevention.

Staff attended Oklahoma School Nurse Association Annual Conference in Shawnee and exhibited F2S materials and information. Staff developed and presented on F2S in Oklahoma in addition to other available programs ODAFF has to offer (i.e. Ag in the Classroom).

MARKET NEWS

Cattle and beef markets continued breaking price records from the mid-June through mid-July period. Although prices actually weakened at the end of the period (July 14-18) markets were impressive through the end. Calves were $20.00-21.00 higher at Oklahoma City and some lightweight steers were up to $40.00 higher in other state markets. Supplies of calves were light to moderate and demand is extremely good. Yearling cattle were also sharply higher with 700-800 lb. steers at Oklahoma City finishing at $208.00-222.75 with a weighted average of $217.63. This was an increase of $12.00-19.00 from mid-June.

Negotiated fed cattle trade remained inactive most days with trade turning moderate about one day each week. Prices were forced sharply higher due to light supplies. Fed cattle trade finished $8.00-9.00 higher from mid-June with Choice steers and heifers earning $155.00-156.00. Wholesale beef prices also continued setting records during this period. On July 10th USDA estimated the boxed beef cutout value of Choice carcasses at a record $252.17. Trading slowed at that point and prices fell slightly. At the close on July 17 the USDA estimated boxed beef cutout value of Choice 600-900 lb. carcasses was $249.81, up $17.89 per cwt. from mid-June.

The June rains have reversed the outlook for alfalfa and other hay with second and early third cutting yields much better than first cutting. Quality suffered in many cases as producers were forced to wait out rainy weather and fields became too mature. As a result dairy quality hay is in tight supply while supplies of lesser quality alfalfa are becoming heavy. In late trade dairy quality alfalfa was mostly $220.00-230.00 with some late sales confirmed at $200.00-210.00. Grinding hay was sharply lower with sales confirmed from $110.00-125.00 late. Many feedlots were offering only $90.00 per ton at the time of this report but no sales were confirmed at that price.

August 12, 2014 Board Report for the
Agricultural Environmental Management Services Division
Activities from June 16, 2014 through July 25, 2014

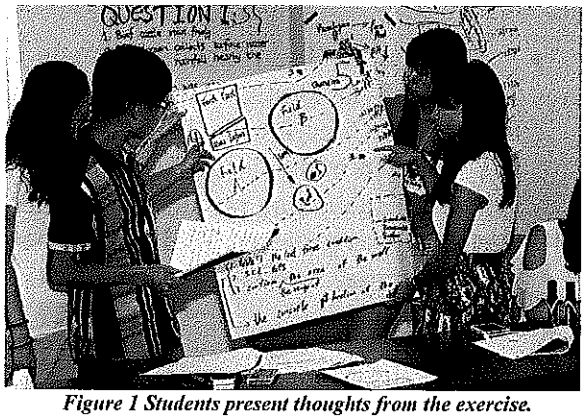

Figure 1 Students present thoughts from the exercise.

On July 21, ODAFF hosted a group of 27 Chinese students from Northwest A&F University. Secretary Reese met with the group to give them an overview of Oklahoma agriculture and a tour of the garden in front of the building. Following that, the AEMS Division presented the students with a working problem associated with potential groundwater impacts from a concentrated animal feeding operation (CAFO). This was a great opportunity to showcase a real world problem and challenge the students to walk through the process of investigating water quality problems, identifying potential sources, and challenging them to think what pieces of the puzzle are missing, deciding does it make sense, and how to proceed forward to get the answers. Students were broken up into seven groups and given maps, groundwater analytical data, a brief summary of the problem area, and seven questions to think about and answer. Each group was asked to report out on one assigned question. Following their answer/thoughts we discussed some of the thoughts and approaches AEMS would take and consider in situations like their problem. Following the exercise, they were given a tour of the ODAFF laboratory where they learned about the capabilities of the equipment and lab personnel.

Agriculture Related Meetings/Conferences Attended

Agriculture related meetings that the AEMS Division staff was involved with during this reporting period included:

- Attended two meeting with the Office of Management and Enterprise Services (OMES) on June 16th and the 23rd to discuss options to track performance objectives using water and land data. The meeting included representatives from OMES, Oklahoma Water Resources Board (OWRB), Oklahoma Conservation Commission (OCC), OK Dept. of Mines, and Oklahoma Dept. of Environmental Quality (ODEQ).

- Multiple AEMS staff listened to a June 20th webinar regarding the US Environmental Protection Agency (EPA) and Army Corp of Engineers proposed Waters of the U.S. regulations. EPA staff from the Wetlands Division and Office of Water presented information on the proposed changes and the implications for agriculture.

- Attended the July 11th, Invasive Plant Council meeting at the Farm Bureau offices. Discussion focused on the newly http://www.okinvasives.org/ website and how to best utilize the page and promote it and how to continue to raise awareness about invasive plants in Oklahoma.

- Attended the monthly Wetlands Technical Work Group meeting at the Conservation Commission (OCC), on July 16, 2014. Attendees included representatives from ODAFF, Oklahoma State University (OSU), OCC, OWRB, and ODEQ, Association of Central Oklahoma Government (ACOG), US Army Corps of Engineers and Muskogee Creek Nation. There have been a total of six meetings for this group.

- Attended a July 17th Eucha-Spavinaw Poultry team meeting in Tulsa.

- Attended the Total Maximum Daily Load (TMDL) Workgroup meeting on Monday, July 21, 2014 at ODEQ. Representatives from ODEQ, OWRB, OCC, ACOG, EPA, and ODAFF. Overview from the meeting included FY 2014 projects – ODEQ completed 47 TMDLs (6 minerals, 28 bacteria and turbidity, and 2 nutrients), and there are 80 TMDLs for minerals being put on hold. There are new TMDL projects for FY 2015 – Sensitive water lakes projects; TMDLs for dissolved oxygen impaired streams and TMDL reports for bacteria, turbidity, and minerals. The next TMDL Workgroup meeting is October 28th.

- On July 23, the poultry field inspectors met with the AEMS director in Sallisaw, OK to discuss the upcoming FY poultry inspections. This was an opportunity for the team to meet face-to-face and go over information and ensure data is being collected uniformly and to provide an opportunity to clarify any thoughts or concerns that may exist.

- Attended the Friday, July 25, morning session of the Oklahoma Cattlemen's Association annual convention and trade show. Where we had the opportunity to listen to the keynote speaker Ms. Evelyn Browning Garriss, who is regarded as the "Weather Whisperer".

OTHER ACTIONS AND PROCEEDINGS:

Oklahoma Dept. of Agriculture, Food, and Forestry v. Tom Hixson; CJ-2014-3716-District Court, Oklahoma Co.: A petition was filed for collection of the unpaid loan obligation (totaling $13,333.33) for monies Tom Hixson received from the Market Development Division's Agricultural Enhancement and Diversification loan program. Tom Hixson (Respondent) has been in contact with the Office of General Counsel and an Agreed Judgment has been proposed. The Agreed Judgment was drafted and sent to Respondent for signature. Awaiting return of the signed document to submit for approval of District Court Judge and for filing in the case.
Oklahoma Dept. of Agriculture, Food, and Forestry v. Gift Dairy, CS-2014-4069-District Court, Oklahoma Co.: A petition was filed for collection of the unpaid loan obligation (totaling $4,800.00) for monies received from the Market Development Division's Agricultural Enhancement and Diversification loan program. Currently waiting the time period for response/answer from Respondent. Petition has not been answered at this time.
***Dianna Ross, et a., v. Oklahoma Department of Agriculture, et al.;* District Court of Creek County; Case No. CJ-2014-63):** This matter is a wrongful death case where three people were killed in a vehicular accident. One of those involved vehicles was a USDA surplus firefighting vehicle either donated or on lend to the Olive Volunteer Fire Department. ODAFF is named as a defendant as the putative owner of the subject firefighting vehicle. In April 2014, the OGC filed an answer in the case. On April 30, 2014, the OGC received numerous discovery responses from the Olive fire department which are currently being reviewed. Additional discovery was received in July 2014 and it appears this matter may be going to trial.
***Representative Mike Reynolds v. State of Oklahoma Ex Rel. Jim Reese, as Secretary and Commissioner of the Oklahoma Department of Agriculture, Food, and Forestry, et al., Defendants*; District Court of Oklahoma County; Case No. CJ-2013-120 (Oklahoma Supreme Court; Summary Disposition Appeal No. 112,246).** This is a qui tam case respecting the Oklahoma Youth Exposition, Inc. contract made with ODAFF. At the April 19th hearing, Judge Dixon announced from the bench that, with respect to Defendants Jim Reese, Rod Carver, Joe Farris, Jay Franklin, Ed Hurliman, and the Oklahoma Department of Agriculture, Food, and Forestry all causes of action and counts of the Petition are dismissed with prejudice save and except Counts VIII

(alleged Non-Compliance with the Oklahoma Central Purchasing Act") and XII (alleged Sham Contract). Regarding the Executive Defendants and the Legislative Defendants, all causes of action and counts of the Petition are dismissed with prejudice.
On August 16, 2013, **summary judgment was granted** by Judge Dixon from the bench in favor of the Agriculture Defendants as well as the Oklahoma Youth Exposition, Inc. (which defendant had adopted ODAFF's court filings by reference). Final judgment was entered on September 13, 2013. An appeal was filed by plaintiff on October 11, 2013. Responsive document to the appeal were filed by the OGC on behalf of the ODAFF related parties on October 29, 2013. In December 2013, the case was assigned to a three judge panel of the Court of Civil Appeals, Tulsa Division. The case has since been restyled as Summary Disposition Appeal No. 112,246. As a summary disposition appeal, the Court of Civil Appeals may, in its discretion, decide the matter without further briefing or argument.

***Ace Exterminators, et. al Plaintiffs v. Oklahoma Board of Agriculture Defendant,* Oklahoma County District Court; (Restyled as Case No. CV-2013-2378):** At a chambers conference on November 12, 2013, the parties told the Court of the new procedural posture and the Court undertook the assignment of being the judge on Case No. CV-2013-2378. The Board filed its motion for summary judgment on December 9, 2013 Plaintiffs also filed a motion for summary judgment. A hearing was held on December 18, 2013 before Judge Roger Stuart without the benefit of any stipulated record. At hearing, the Board urged the soil sampling methodology is exempt from rulemaking because the methodology is an intra-agency guide for Board inspectors to use when gathering soil evidence concerning a pesticide pretreatment. Agreeing with the Board on this issue, the Court held that, "state agencies have the ability to conduct investigations and collect evidence." Thus, the State Board of Agriculture's soil sampling methodology or protocol "is not ordinarily subject to rulemaking." However, the Court found a seemingly unrelated part of the Combined Pesticide Law, 2 O.S. 2011 § 3-84, imposed a separate and distinct legislative command compelling the Board to nonetheless submit the soil sampling methodology to rulemaking. On January 3, 2014 counsel for the Board filed a motion for new trial asking Judge Stuart to revisit the second decided issue. On January 22, 2014, Plaintiffs filed an objection to the motion for new trial as well as a counter-motion for new trial asking Judge Stuart to reverse the portion of the judgment favorable to the Board. On February 5 and 10, 2014, the OGC filed responsive briefs respecting the January 22, 2014 filing made by Plaintiffs.

On June 17, 2014, the State Board of Agriculture, through counsel, filed a brief with the court to the effect that the subject law at issue, 2 O.S. 2011 § 3-84 (b), had been materially amended by the Legislature effective November 1, 2014. The amendment to the law should make the appeal moot as to future enforcement of pretreatment cases when evidence is gathered by soil sampling. However, it would not be unusual for the appellees to seek a stay of our administrative proceedings pending a final resolution of all appellate proceedings and the issuance of mandate by the Supreme Court. We would be eligible to request a bond in this circumstance (provided the agency could quantify some reasonable monetary value to any requested stay).

On July 11, 2014, the Court of Civil Appeals issued a decision favorable to the State Board of Agriculture on all but one point. The Court held that the trial court correctly ruled the agency's "soil sampling methodology" is exempt from rulemaking

under the so-called "internal agency management exemption" of the Administrative Procedures Act. 75 O.S. 2011 § 250.3 (17). The Court of Civil Appeals also held that because of the recent amendments to the Oklahoma Agricultural Code (2 O.S. Supp. 2014 § 3-84(b) which become effective on November 1, 2014), the statutory rulemaking requirement needed to implement the soil sampling methodology "no longer exists." Hence, under the July 11, 2014 decision, the Board could commence bringing soil-evidence based actions again on November 1, 2014. The court did not however provide retroactive application of this decision to matters now pending within the agency.

***Representative Mike Reynolds and Representative Mike Ritze of the Oklahoma House of Representatives, Plaintiffs, v. State of Oklahoma Ex Rel. Jim Reese, as Secretary and Commissioner of the Oklahoma Department of Agriculture, Food, and Forestry, et al., Defendants*; District Court of Oklahoma County; Case No. CJ-2012-6024:** On October 1, 2012, Plaintiffs, two state representatives, filed their first amended petition against Commissioner Reese, the State Board of Agriculture members, and others. This matter is a declaratory judgment action and it relates to a portion of the Fiscal Year 2013 general appropriation made to ODAFF. The disputed concerns a contract entered into between ODAFF and the Oklahoma Youth Exposition, Inc., an Oklahoma nonprofit corporation which operates the junior livestock show and a scholarship program. The OGC filed a motion to dismiss the amended petition and a response to a motion for default judgment. This matter may be moot because of judgment being entered in the case above but it is being held in abeyance during the above appeal.

***City of Tulsa, Plaintiff, v. Tariq Mahmood, the Oklahoma Department of Agriculture, Food, and Forestry, et al., Defendants;* District Court of Tulsa County; Case No. CJ-2014-00409)**
This matter is a newly filed eminent domain proceeding brought by the City of Tulsa to acquire by eminent domain certain real property owned by Defendant Tariq Mahmood in Tulsa, OK. ODAFF is named as a defendant because it holds an unpaid $25,000.00 judgment against Mr. Mahmood which judgment was perfected as a judgment lien in 2008. Currently, the judgment remains unpaid. In March 2014, the OGC filed an answer in such proceeding asserting ODAFF's lien rights (meaning ODAFF"s right to $25,000.00 of the sales proceeds). In April 2014, Defendant Tariq Mahmood asserted that he was a different "Tariq Mahmood" than the one ODAFF holds judgment against. ODAFF has determined that this "Tariq Mahmood" is not the same "Tariq Mahmood" against which ODAFF holds judgment. ODAFF has amended its answer accordingly to no longer assert a claim to the case's proceeds. Mr. Mahmood filed a cross claim against ODAFF and St. John's Hospital for false assertion of a debt. These parties, however, did not assert that Mr. Mahmood owed them a debt. The City of Tulsa filed the original eminent domain petition, which claimed that Mahmood owed a debt to these parties. In any event, the cross-claim will be vigorously defended.

JULY 2014
FOOD SAFETY SERVICES
JUNE ACTIVITIES

Poultry and Egg

In Broken Bow at Tyson Foods, USDA poultry grading was performed by ODAFF inspectors on 464,996 pounds of poultry – boneless/skinless thigh meat and boneless/skinless breast meat. In Oklahoma City at American Prepared Foods, USDA grading & verification services were performed by ODAFF inspectors on 93,379 pounds of fully cooked turkey burgers and 86,294 pounds of fully cooked beef burgers. Department inspectors provided USDA Shell Egg grading on 99,066 dozen eggs at Mahard Egg Farms at Sulphur. ODAFF inspectors also provided USDA poultry grading services on poultry products being shipped from OK Foods in Muldrow. In addition to the routine egg quality inspections under the Oklahoma egg law the following activities were conducted:

- USDA shell egg surveillance inspections at Oklahoma producers with more than 3,000 laying hens under USDA cooperative agreement.
- USDA shell egg surveillance inspections at Oklahoma egg hatcheries under USDA cooperative agreement.
- Quarterly audits from USDA Federal-State Supervisor on ODAFF poultry & shell egg graders under USDA cooperative agreement.
- Performed USDA School Lunch Destination Inspections under USDA cooperative agreement.
- Child Nutrition Labeling Program Review under USDA cooperative agreement at American Prepared Foods in Oklahoma City.
- Bryan Buchwald attended the Association of Food and Drug Officials Annual Conference in Denver, CO.

Organic Foods Section

Organic inspectors completed compliance and certification inspections at:

- Twenty Five organic crop producers
- Nine organic processors
- One organic livestock producer
- Fourteen retail organic inspections
- Collected seven organic samples

The organic section had requests for 7,000 certified organic stickers from Oklahoma Certified Organic producers and processors, which display the stickers on all products sold, labeled, or represented as Organic across the United States. The organic section had 5 requests for organic crop applications, 4 requests for organic processing applications and 2 requests for organic livestock applications

June 21 thru 25 – Stan Stromberg attended the Association of Food and Drug Officials Annual Educational Conference and Summer Board Meetings in Denver, CO. During the meeting he was a presenter during the Food Committee Meeting, served as the moderator during the opening of the General Session and was installed as the president-elect of AFDO for the coming year.

June 24 – Jon Pruitt and Dr. Terry Hardage met with representatives from QuanTEM Laboratories in Oklahoma City. QuanTEM is seeking to provide laboratory services for meat plants in OK and wanted to discuss the types of samples that inspected plants may be interested in as well as accepted sampling methods, targeted pathogens, and sampling frequency that would benefit inspected meat and poultry plants in OK.

July 8 – MI Compliance Officer Ron Hall and Dr. Hardage addressed a group of Health Department Inspectors at one of the health inspector meetings at the OK City/County Health Department. Hall and Dr. Hardage familiarized the health inspectors with the responsibilities and function of the ODAFF Meat & Poultry Inspection Program and shared some of the signs that should alert the health inspectors to a meat inspection violation. Dr. Hardage also fielded food microbiology questions.

July 10 – Polo's, a very small plant in Ada producing fajitas and tamales, relinquished inspection.

July 10 – Stan Stromberg attended the AFDO Grants – Budget and Strategy Meeting in Las Vegas, NV.

July 11 – Inspector Misty Brewer resigned her position with meat inspection. Misty was assigned to the Oklahoma City circuit.

July 15 thru 18 – Stan Stromberg participated in the FDA Integrated Food Safety System Curriculum Mapping Meeting held in Rockville, MD. This group is developing competencies and training for all food/feed inspectors regardless of which agency they are employed by. Another meeting is planned for the middle of November.

July 16 – Jon Pruitt and Dr. Walker met with a prospective plant owner at a small convenience store in Blackwell. The new owner of the store was seeking information to operate as an inspected meat processing plant. He was provided contact information, a copy of the Construction Standards for Meat Packing Plants, and HACCP information.

July 29 – Crystal Glenn, a former OK meat inspector with reinstatement rights accepted the vacant meat inspector position in the Oklahoma City circuit.

July 29 – TA plant, Mitchells Sausage Rolls in Claremore, was reassigned to the federal jurisdiction of the Springdale District Office by USDA FSIS. OK Meat Inspection also received notification that the Springdale DO would be assuming federal jurisdiction of additional TA plants located in Tulsa and Big Cabin, and a State plant who has applied for federal inspection in Claremore, within the near future.

DAIRY SERVICES

Dairy services staff completed and submitted 1 check rating for the Hiland Norman Dairy. This processing plant received passing scores for sanitation and enforcement compliance. These passing scores are listed on FDA's Interstate Milk Shippers List and allow interstate shipment of all listed dairy products processed at this facility.

Dairy staff conducted routine inspections at dairy plants and farms, conducted dairy plant equipment checks and collected raw milk and retail product samples for laboratory analysis. Staff also inspected milk transport tankers for American Milk Transport.

OK-1-657 Cesar Cervantes $25,000 fine ($16,000 unpaid as of 3/10/13)

The Oklahoma Highway Patrol notified Meat Inspection Compliance of one truck accident in June involving poultry product.

See details below:

Accident Location	***Meat Product***	***Disposition***
Chouteau	39,700 lbs fresh chicken quarters	All product voluntarily destroyed

Highlighted Activities

One of our Compliance Officers was contacted by the Oklahoma Highway Patrol regarding a semi tractor-trailer transporting fresh poultry on Hwy 412, two miles south of Chouteau, which was involved in an accident and overturned. The Compliance Officer made contact with company officials who opted to voluntarily destroy all poultry product involved in the accident. The Compliance Officer confirmed all product was properly disposed of at an approved landfill near Tulsa.

OK-1-742: Report of Apparent Violation

One of our Compliance Officers was conducting route surveillance at property owned by Cesar Cervantes near Bixby. The Compliance Officer suspected Mr. Cervantes was once again operating an unlicensed and illegal slaughter facility at this location. Cervantes was observed operating an unlicensed and illegal slaughter facility at the same location four years ago by ODAFF MIS Compliance Officers. The Compliance Officer was able to gain access to Mr. Cervantes facility and once again witnessed men at work operating an unlicensed and illegal slaughter facility. The Compliance Officer informed the workers that this was an unlicensed and illegal slaughter operation, to cease operation immediately, and they complied. The Compliance Officer made contact with Mr. Cervantes and obtained a signed statement from Cervantes admitting he had reopened his unlicensed and illegal slaughter facility once again and had been conducing illegal slaughter at his facility for the past 10 months. The Compliance Officer once again informed Mr. Cervantes that his operation was in violation of the Oklahoma Meat Inspection Act again. A Report of Apparent Violation has been completed, a Letter of Warning has been issued and planned compliance reviews have been scheduled. The Compliance Program Coordinator has forwarded this case to the ODAFF Legal Services Division for further review.

OK-1-743: Report of Apparent Violation

Once of our Compliance Officers received a consumer complaint alleging an illegal slaughter facility was in operation near Mounds. The Compliance Officer traveled to the location and observed men slaughtering animals at the location, which is not licensed by ODAFF. The Compliance Officer informed the men the faculty was an unlicensed and an illegal slaughter facility and to cease operation immediately. They complied with the Compliance Officers demand. The Compliance Officer made contact with Bill Dye, the son of property owner, Troy Dye. In a signed statement Bill Dye admitted that he and his father had been selling animals to customers for approximately 10 years and allowing them to be slaughtered on their property, which is a violation of the Oklahoma Meat Inspection Act. A Report of Apparent Violation has been completed, a Letter of Warning has been issued and planned compliance reviews have been scheduled. The Compliance Program Coordinator has forwarded this case to the ODAFF Legal Services Divisions for further review.

OK-1-744: Report of Apparent Violation

Once of our Compliance Officers received a consumer complaint alleging an individual was selling meat by the roadside and may not be legal or properly licensed. One of our Compliance Officers traveled to the location near Edmond and met with the individual in question. The Compliance Officer was able to determine the roadside meat sales person was selling inspected product and wasn't breaking bulk and selling the meat products individually, which would be a violation of the Oklahoma Meat Inspection Act. However, the individual did not have a valid licensed from the Oklahoma State/Country Health Department, which is a violation of the Oklahoma Meat Inspection Act. The Compliance Officer informed the individual he was in violation of the Oklahoma Meat Inspection Act and couldn't sell or offer to sell any meat products in the state without proper licensing from the Oklahoma Department of Health. A Report of Apparent Violation has been completed, a Letter of Warning was issued and planned compliance reviews have been scheduled.

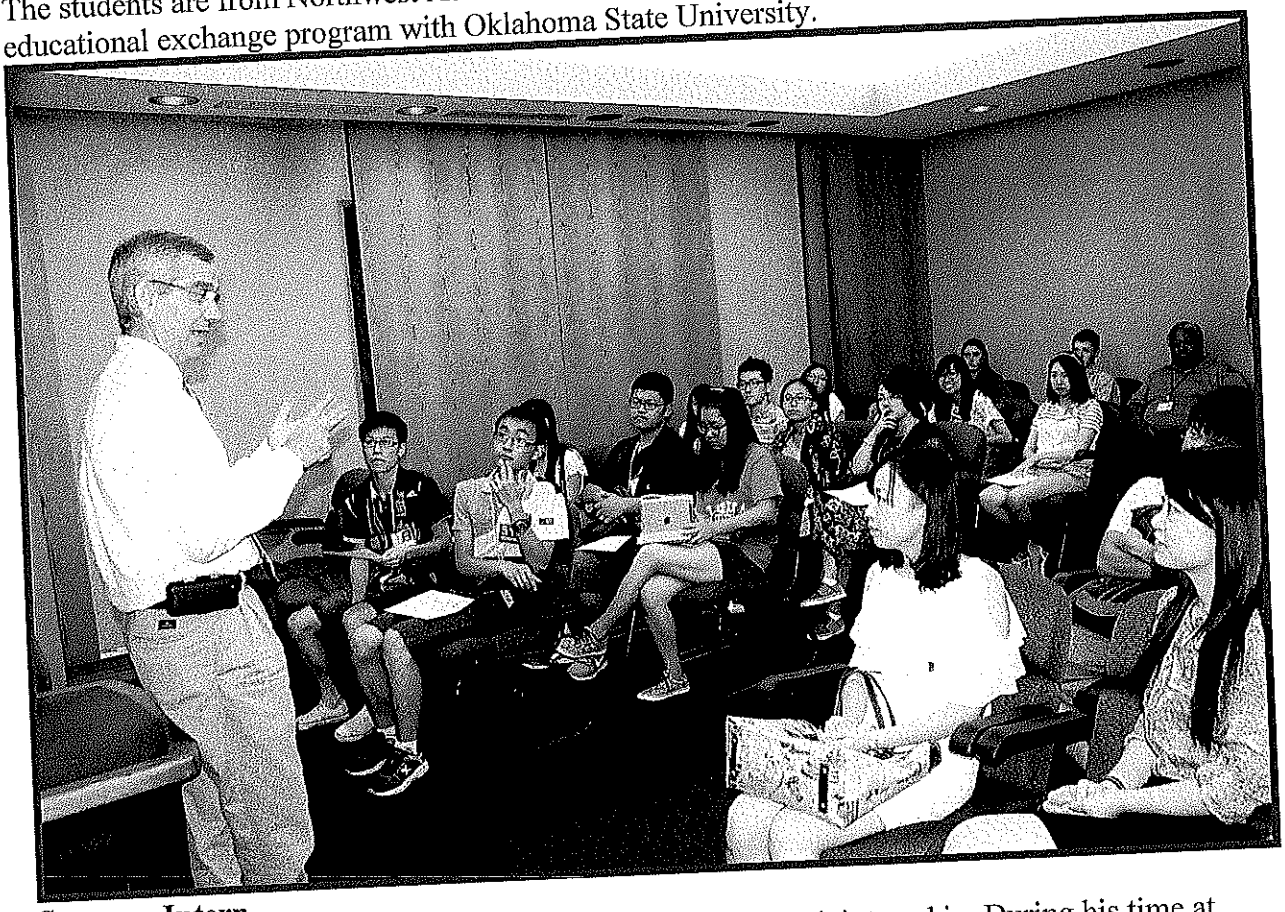
PROJECTS

Chinese Students

Staff coordinated a tour of ODAFF for a group of 30 visitors from China. They toured the agricultural garden, met with Secretary of Agriculture Jim Reese, toured the agricultural laboratory and engaged in a water resources team project with AEMS Director Jeremy Seiger. The students are from Northwest A&F University and were taking part in a two-week educational exchange program with Oklahoma State University.



Summer Intern

Communications intern Tandy Kidd completed his eight-week internship. During his time at ODAFF, he wrote press releases, helped revise the agency's emergency operations plan, attended media training and various other departmental and commodity trainings, camps and programs, toured agritourism venues and staffed a booth representing the agency.

Kenyan Governors

Staff coordinated a meeting between Secretary Reese and several Kenyan Governors. The governors and their staff members looked at our state's agriculture on a tour arranged by Secretary Reese. They started the day off at the Oklahoma National Stockyards then stopped by our ODAFF garden to learn more about plasticulture before ending the day at TG Farms in Newcastle. The visitors also met Senator Justice and Representative McBride who explained how state government works in Oklahoma. The group also toured the state Capitol.

Stillwater Industry Tour/Pork Council Media Training

Staff and interns Tandy Kidd and Bray Haven traveled to Stillwater to attend the Oklahoma Pork Council Media Training. Staff learned about the state and national pork industry, why pork producers choose Oklahoma and met executive director of the Pork Council Roy Lee Lindsey. While in Stillwater, staff also met with Amy Dronberger of Cowboy Technologies. Staff learned how Cowboy Technologies helps turn products made on campus into companies. The group also toured SST Software to learn more about precision agriculture. The final stop was at Oklahoma Horizons to meet Andy Barth and learn more about filming and learn insight to working with the media.

SNAP Survey to Farmers Market Managers

Staff is working collaboratively with the Oklahoma Department of Human Services to address farmers market managers and their view of SNAP acceptance. Staff distributed surveys to our list of market managers and collected responses. The responses are being analyzed by ODHS and will be reported at the next statewide Food Policy Council meeting. The intent of the research is create a reasonable plan for implementing dollar for dollar matches through the SNAP program at farmers markets.

Oklahoma Cattlemen's Association Convention

Staff and interns Tandy Kidd and Bray Haven attended the Oklahoma Cattlemen's Association Convention in Midwest City. They worked a booth offering literature about the services provided by ODAFF and attended several sessions about the beef industry.

Hunter Jumper Show

Staff and intern Tandy Kidd attended the Go Hunter Jumper Show in Oklahoma City. The intent of the trip was to provide coverage of why people choose to show in Oklahoma City and what they think of the facilities. Staff interviewed a competitor and took photos. The information was sent out in a release.

International Finals Youth Rodeo
Staff attended the International Finals Youth Rodeo in Shawnee. Staff interviewed a number of competitors and took photos. The photos were posted to social media.

Oklahoma Agriculture Magazine
Copies of the ag magazine were distributed to OSU Big 3 Field Days and 4-H Roundup. Staff is working with Oklahoma Farm Bureau to secure a suitable photograph for the cover. As the finalizing of the magazine fluctuates, the publication date does as well.

Oklahoma City Area Inter-Tribal Health Board
Staff was asked to participate in a grant application planning meeting with the Oklahoma City Area Inter-Tribal Health Board. The Board is applying for a grant to address nutritional needs in the Native American community. At the request of the Board, Secretary Reese supplied a letter of support towards their grant application.

Triple S Wildlife Ranch & Resort Seizure Press Conference
Staff publicized and organized a press conference to discuss the Investigative Services role into the search and seizure of a wildlife ranch and resort. The press conference was attended by three news outfits and resulted in several interviews and press coverage.

State Emergency Operations Center Liaison Workshop
Staff and intern Tandy Kidd along with Oklahoma Forestry Services, General Counsel and Animal Industry staff attended the State Emergency Operations Center Liaison Workshop. The workshop was attended by EOC liaisons representing a number of agencies. The workshop provided an overview of the role of each agency in an emergency response and provided an opportunity to network with our emergency response partners.

INFORMATION & PHOTOGRAPHY REQUESTS

A reporter for the Journal Record requested someone to interview about the agritourism program. The story was about how the program benefits farms and the state's economy. The request was referred to Agritourism Program Coordinator Jamie Cummings for a response.

Staff provided a web article for the Farm to School website detailing a presentation given at the recent National Farm to Cafeteria Conference in Austin, Texas.

Catherine Sweeney, reporter for The Oklahoman, requested information about how the Clean Water Act will affect agriculture. Deputy Commissioner Blayne Arthur responded to her request.

Ken Miller with the AP requested information regarding the economic impact of wheat. Kirby Smith provided information from NASS.

Rachel with the Duncan Banner requested information about forestry's involvement with rural fire departments specifically those in Stephens County. Mark Goeller responded to her call.

Cathy Spaulding with the Muskogee Phoenix requested additional information in regards to our Hunter-Jumper Show release. She was referred to Margaret Thurston, the show's coordinator.

Molly with the Journal Record requested information regarding MIO Coalition member Ozarka Water. Her request was answered by Market Development Coordinator Barbara Charlet.

RECOMMENDATION FOR CONVERSION OF LOAN INTO A GRANT

ON THIS 12th day of August 2014, this matter comes on for consideration. Value Added Partners LLC (Debtor) was awarded an $18,100.00 Marketing Utilization loan in April, 2005. The loan was for the purpose of conducting a feasibility study and developing a business plan to determine the economic viability of a manufacturing facility built to put pizza topping on the pizza crust that was currently being manufactured by Value Added Products. The Debtor utilized the full amount of $18,100.00 as proposed.

The funding of a feasibility study and business plan was completed; however, the building of the plant was never initiated due to lack of cash flow for Value Added Products to invest in the topping plant. To date, a total of Twelve Thousand Sixty-Six Dollars and Sixty-Six Cents ($12,066.66) has been repaid. Debtor became inactive and was formally dissolved on September 23, 2011. There is a remaining balance of $617.94 in the business account.

On July 22, 2014, Debtor presented its case before the Oklahoma Agricultural Enhancement and Diversification Advisory Board (OAEDB) and requested a recommendation to the State Board of Agriculture that the loan balance of Six Thousand Thirty-Three Dollars and Thirty-Four Cents ($6,033.34) be converted into a grant.

After due consideration, OAEDB approved a motion to recommend to the State Board of Agriculture that the Debtor pay $617.94 toward the existing loan balance, and the remaining amount of $5,415.40 be converted into a grant. The State Board of Agriculture has the authority to convert loans into grants under OAC 35:40-5-111.

v. Brian Lane
Case File No: OGC 14-053

Brian Lane
42382 County Road 570
Eucha, OK 74342

Summary of Facts: Respondent operates a poultry feeding operation. Respondent did not reregister their poultry feeding operation by January 1, 2014. The Department received Respondent's registration renewal on January 10, 2014.

Statute or Rule violation: OAC 35 § 17-5-3(a)(2) specifically provides: every poultry feeding operation shall be required to reregister annually by January 1 to operate.

Proposed Administrative Penalty: The administrative fine of One Hundred Dollars ($100.00) (1 count at $100.00 per count/week) was recommended as full settlement of all complaints and allegations listed in the Notice of Violation. The amount of this fine is consistent with the amount of fines previously charged for similar violations and within the recommended fine matrix. Respondent stipulated to the allegation and paid the fine in full.

NOTICE OF VIOLATION

1. Complainant, the Office of General Counsel ("OGC") of the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) advises Respondent of the following alleged violations of the Oklahoma Agricultural Code and/or rules.

PREHEARING CONFERENCE NOTICE

2. Respondent is hereby notified that a Prehearing Conference[1] will be held before an impartial Administrative Law Judge (ALJ) at **1:30 p.m. on June 19, 2014** in the Board Room on the first floor of the Oklahoma Department of Agriculture, Food, and Forestry building, located at 2800 North Lincoln Blvd, Oklahoma City, Oklahoma.

3. **Please note the Prehearing Conference is not an evidentiary hearing: witnesses and evidence will not be presented at the Prehearing Conference.**

[1] Prehearing Conferences may address any of the following: a.) Identification and simplification of issues, including the elimination of frivolous claims or defenses; b.) Amendments to the pleadings; c.) the plan, schedule, and limitations of discovery; d.) Identification of admissions of fact to avoid unnecessary proof and cumulative evidence; e.) The identification of witnesses and substance of testimony, exhibits, and documents; f.) The use of prehearing briefs and pre-filed testimony in the form of sworn affidavits; g.) Settlement of all or some of the issues prior to the hearing; h.) Adoption of special procedures for managing difficult or protracted actions that may involve complex issues, multiple parties, novel or difficult legal questions, or evidence problems; i.) Scheduling; and j.) Any other matters as may aid in disposition of the case.

4. The Prehearing Conference may be held by telephone; arrangements to do so should be made at least one full week in advance of the Prehearing Conference.

5. Upon request of either party, Prehearing Conferences shall be on the record.

6. A Prehearing Conference may result in a scheduling or other prehearing order and subsequent changes to any prehearing or scheduling order may be made by the ALJ by modifying the order for good cause.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, engaged in the business of poultry waste application under the name Brian Lane, 42382 county Road 570, Eucha, OK.

16. Pursuant to Okla. Stat. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

Okla. Stat. Ann. 2 § 10-9.3(A)(1) provides:

> It shall be unlawful for any person to construct or operate a new poultry feeding operation without having first registered with the State Board of Agriculture.

OAC § 35 17-5-3(a)(2) provides:

> Every poultry feeding operation shall be required to reregister annually by January 1 to operate.

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

- Respondent operates a poultry feeding operation.
- The Department received Respondent's registration renewal on January 10, 2014.
- Respondent did not reregister by January 1, 2014.

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent violated OAC § 35:17-5-3(a)(2) by failing to reregister Respondent's poultry feeding operation by January 1, 2014.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

22. Enforcement proceedings may include but are not limited to:

a.) Administrative fines or penalties;

b.) Revocation, suspension, or denial for up to one (1) year of any license, permit, or charter issued by ODAFF or the Board;

c.) Criminal actions, which could involve fines, imprisonment, or both; and

d.) Civil actions.

23. Pursuant to 2 Okla. Stat. § 2-18(A), after notice and opportunity for a hearing in accordance with the Administrative Procedures Act, if the State Board of Agriculture finds any person in violation of the Oklahoma Agricultural Code or any rule promulgated or order issued pursuant thereto, unless otherwise specifically provided by statute or rule, the Board shall have

the authority to assess an administrative penalty of not less than One Hundred Dollars ($100.00) and not more than Ten Thousand Dollars ($10,000.00) for each violation.

24. Each animal, each action, or each day a violation continues may constitute a separate and distinct violation.

25. Fine matrixes containing typical fines for most violations of statutes and rules enforced by ODAFF may be found in the OAC at Title 35.

OKLAHOMA SMALL BUSINESS REGULATORY FLEXIBILITY ACT

26. The Oklahoma Small Business Regulatory Flexibility Act, 75 O.S. Supp. 2002, § 506, may apply to this action; please review the full act to determine if it applies to you.

ENFORCEMENT OF JUDGMENTS

27. Administrative penalties, civil penalties, and other fines imposed by the Board shall be enforced pursuant to the procedure outlined in 2 O.S. § 2-7(B) and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. § 719 *et seq.*

INFORMAL DISPOSITION OF AN INDIVIDUAL PROCEEDING

28. Informal disposition of an Individual Proceeding may be made by Stipulation, Agreed Settlement, Consent Order, or Default.

29. Resolution by Stipulation, Agreed Settlement, Consent Order, or Default shall be approved by the State Board of Agriculture.

30. Proposed Final Administrative Orders shall be prepared and issued in accordance with the Administrative Procedures Act and presented to the Board of Agriculture for review and approval.

STIPULATION

31. If Respondent desires to resolve this matter without a hearing or further action, Complainant proposes an administrative penalty of One Hundred Dollars ($100.00). (One count at $100.00 per count/week). If you wish to waive your right to hearing and stipulate to the above alleged findings of fact and conclusions of law, you may pay the full amount of the recommended penalty by check or money order and sign and return the attached Resolution by Stipulation along with your full payment of this penalty prior to the stated hearing date.

OKLAHOMA DEPARTMENT OF AGRICULTURE, FOOD, AND FORESTRY
v. CODY GOODKNIGHT
Case File No: OGC 13-661

Cody Goodknight
17595 CR NS 238
Chattanooga, OK 73528

Summary of Facts: Respondent is a certified private applicator and was applying pesticide commercially without obtaining the proper certification.

Statute or Rule violation: O.S. 2 § 3-86(A)(15) specifically prohibits operating or doing business as an applicator unless the person has obtained a valid license for the category in which the person is engaged.

Proposed Administrative Penalty: The administrative fine of Seven Hundred and Fifty Dollars ($750.00), (1 count at $750.00 per count), was recommended as full settlement of all complaints and allegations listed in the Notice of Violation. Respondent met with the Department and requested a small business reduction in the fine. Upon review by the Department, the fine was reduced to Five Hundred Dollars ($500.00). The amount of this fine is consistent with the amount of fines previously charged for similar violations and within the recommended fine matrix. Respondent stipulated to the allegation and paid the fine in full.

NOTICE OF VIOLATION

1. Complainant, the Office of General Counsel ("OGC") of the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) advises Respondent of the following alleged violations of the Oklahoma Agricultural Code and/or rules.

PREHEARING CONFERENCE NOTICE

2. Respondent is hereby notified that a Prehearing Conference[1] will be held before an impartial Administrative Law Judge (ALJ) at **1:30 p.m. on July 17, 2014** in the Board Room on the first floor of the Oklahoma Department of Agriculture, Food, and Forestry building, located at 2800 North Lincoln Blvd, Oklahoma City, Oklahoma.

3. **Please note the Prehearing Conference is not an evidentiary hearing: witnesses and evidence will not be presented at the Prehearing Conference.**

---

[1] Prehearing Conferences may address any of the following: a.) Identification and simplification of issues, including the elimination of frivolous claims or defenses; b.) Amendments to the pleadings; c.) the plan, schedule, and limitations of discovery; d.) Identification of admissions of fact to avoid unnecessary proof and cumulative evidence; e.) The identification of witnesses and substance of testimony, exhibits, and documents; f.) The use of prehearing briefs and pre-filed testimony in the form of sworn affidavits; g.) Settlement of all or some of the issues prior to the hearing; h.) Adoption of special procedures for managing difficult or protracted actions that may involve complex issues, multiple parties, novel or difficult legal questions, or evidence problems; i.) Scheduling; and j.) Any other matters as may aid in disposition of the case.

4. The Prehearing Conference may be held by telephone; arrangements to do so should be made at least one full week in advance of the Prehearing Conference.

5. Upon request of either party, Prehearing Conferences shall be on the record.

6. A Prehearing Conference may result in a scheduling or other prehearing order and subsequent changes to any prehearing or scheduling order may be made by the ALJ by modifying the order for good cause.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, engaged in the business of operating a pesticide facility under the name Cody Goodnight, with a primary place of business located in Chattanooga, OK.

16. Pursuant to Okla. Stat. Ann. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

Okla. Stat. 2 § 3-86(A)(15) provides:

> It shall be unlawful for any person, whether or not they hold a commercial or noncommercial license, to violate any part of this subsection or rules promulgated by the State Board of Agriculture. Any license, certificate, or identification issued may be suspended, canceled, revoked, or refused issue or reissue by the Board after a notice and an opportunity to be heard has been given to the holder of the license or certificate. The suspension, cancellation, revocation, or refusal to issue or reissue any license, certificate, or identification may be made if the Board finds:
>
> Any person to act, operate, do business, or advertise as an applicator unless the person has obtained a valid license issued by the Board for the category in which the person is engaged;

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

- On or about September 18, 2013, the Department received a complaint related to the Respondent's commercial pesticide activities (PMC 14-049).

- The Department initiated an investigation and discovered Respondent had been engaged in commercial pesticide activities without a license.

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent has violated Okla. Stat. 2 § 3-86(A)(15) by failing to obtain a license before acting or operating as a pesticide applicator.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

22. Enforcement proceedings may include but are not limited to:

a.) Administrative fines or penalties;

b.) Revocation, suspension, or denial for up to one (1) year of any license, permit, or charter issued by ODAFF or the Board;

c.) Criminal actions, which could involve fines, imprisonment, or both; and

d.) Civil actions.

23. Pursuant to 2 Okla. Stat. § 2-18(A), after notice and opportunity for a hearing in accordance with the Administrative Procedures Act, if the State Board of Agriculture finds any

person in violation of the Oklahoma Agricultural Code or any rule promulgated or order issued pursuant thereto, unless otherwise specifically provided by statute or rule, the Board shall have the authority to assess an administrative penalty of not less than One Hundred Dollars ($100.00) and not more than Ten Thousand Dollars ($10,000.00) for each violation.

24. Each animal, each action, or each day a violation continues may constitute a separate and distinct violation.

25. Fine matrixes containing typical fines for most violations of statutes and rules enforced by ODAFF may be found in the OAC at Title 35.

OKLAHOMA SMALL BUSINESS REGULATORY FLEXIBILITY ACT

26. The Oklahoma Small Business Regulatory Flexibility Act, 75 O.S. Supp. 2002, § 506, may apply to this action; please review the full act to determine if it applies to you.

ENFORCEMENT OF JUDGMENTS

27. Administrative penalties, civil penalties, and other fines imposed by the Board shall be enforced pursuant to the procedure outlined in 2 O.S. § 2-7(B) and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. § 719 *et seq.*

INFORMAL DISPOSITION OF AN INDIVIDUAL PROCEEDING

28. Informal disposition of an Individual Proceeding may be made by Stipulation, Agreed Settlement, Consent Order, or Default.

29. Resolution by Stipulation, Agreed Settlement, Consent Order, or Default shall be approved by the State Board of Agriculture.

30. Proposed Final Administrative Orders shall be prepared and issued in accordance with the Administrative Procedures Act and presented to the Board of Agriculture for review and approval.

STIPULATION

31. If Respondent desires to resolve this matter without a hearing or further action, Complainant proposes an administrative penalty of Seven Hundred and Fifty Dollars ($750.00). (One count at $750.00 per violation).

32. If you wish to waive your right to hearing and stipulate to the above alleged findings of fact and conclusions of law, you may pay the full amount of the recommended penalty by check or money order and sign and return the attached Resolution by Stipulation along with your full payment of this penalty prior to the stated hearing date.

NOTICE OF VIOLATION

1. Complainant, the Office of General Counsel ("OGC") of the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) advises Respondent of the following alleged violations of the Oklahoma Agricultural Code and/or rules.

PREHEARING CONFERENCE NOTICE

2. Respondent is hereby notified that a Prehearing Conference[1] will be held before an impartial Administrative Law Judge (ALJ) at **1:30 p.m. on August 21, 2014** in the Board Room on the first floor of the Oklahoma Department of Agriculture, Food, and Forestry building, located at 2800 North Lincoln Blvd, Oklahoma City, Oklahoma.

3. **Please note the Prehearing Conference is not an evidentiary hearing: witnesses and evidence will not be presented at the Prehearing Conference.**

[1] Prehearing Conferences may address any of the following: a.) Identification and simplification of issues, including the elimination of frivolous claims or defenses; b.) Amendments to the pleadings; c.) the plan, schedule, and limitations of discovery; d.) Identification of admissions of fact to avoid unnecessary proof and cumulative evidence; e.) The identification of witnesses and substance of testimony, exhibits, and documents; f.) The use of prehearing briefs and pre-filed testimony in the form of sworn affidavits; g.) Settlement of all or some of the issues prior to the hearing; h.) Adoption of special procedures for managing difficult or protracted actions that may involve complex issues, multiple parties, novel or difficult legal questions, or evidence problems; i.) Scheduling; and j.) Any other matters as may aid in disposition of the case.

4. The Prehearing Conference may be held by telephone; arrangements to do so should be made at least one full week in advance of the Prehearing Conference.

5. Upon request of either party, Prehearing Conferences shall be on the record.

6. A Prehearing Conference may result in a scheduling or other prehearing order and subsequent changes to any prehearing or scheduling order may be made by the ALJ by modifying the order for good cause.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, engaged in the business of operating a pesticide facility under the name L & S Feed Supply, with a primary place of business located at 102 S Railroad, Chouteau, OK 74337.

16. Pursuant to Okla. Stat. Ann. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

Okla. Stat. 2 § 3-86(C)(7) provides:

> It shall be unlawful for any person, whether or not a person holds a permit as a manufacturer, registrant, or distributor, to distribute, sell, or offer for sale within this state, deliver for transportation or transport in intrastate or interstate commerce, or to violate any part of this subarticle or rules promulgated by the Board. Any pesticide registration, permit, certificate, or identification issued may be suspended, canceled, revoked, or refused reissue by the Board after a notice and opportunity to be heard has been given to the holder of the registration, permit, certificate, or identification. Notice shall be given to the holder of the registration, permit, certificate, or identification by registered or certified mail at least ten (10) days prior to the date of hearing. The suspension, cancellation, revocation, or refusal to reissue any registration, permit, certificate or identification may be made if the Board finds that:
>
> A pesticide dealer has sold, offered for sale, or distributed within this state any pesticide without first obtaining a valid pesticide dealer's permit in the appropriate category issued by the Board;

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

- The Department inspector observed that Respondent had Grazon P+D for sale.
- Grazon P+D is a restricted use pesticide and can only be sold by a licensed restricted use pesticide dealer.

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent has violated Okla. Stat. 2 § 3-86(C)(7) by selling or offering to sell restricted use pesticide without first obtaining a dealers permit.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

22. Enforcement proceedings may include but are not limited to:

a.) Administrative fines or penalties;

b.) Revocation, suspension, or denial for up to one (1) year of any license, permit, or charter issued by ODAFF or the Board;

c.) Criminal actions, which could involve fines, imprisonment, or both; and

d.) Civil actions.

23. Pursuant to 2 Okla. Stat. § 2-18(A), after notice and opportunity for a hearing in accordance with the Administrative Procedures Act, if the State Board of Agriculture finds any

person in violation of the Oklahoma Agricultural Code or any rule promulgated or order issued pursuant thereto, unless otherwise specifically provided by statute or rule, the Board shall have the authority to assess an administrative penalty of not less than One Hundred Dollars ($100.00) and not more than Ten Thousand Dollars ($10,000.00) for each violation.

24. Each animal, each action, or each day a violation continues may constitute a separate and distinct violation.

25. Fine matrixes containing typical fines for most violations of statutes and rules enforced by ODAFF may be found in the OAC at Title 35.

OKLAHOMA SMALL BUSINESS REGULATORY FLEXIBILITY ACT

26. The Oklahoma Small Business Regulatory Flexibility Act, 75 O.S. Supp. 2002, § 506, may apply to this action; please review the full act to determine if it applies to you.

ENFORCEMENT OF JUDGMENTS

27. Administrative penalties, civil penalties, and other fines imposed by the Board shall be enforced pursuant to the procedure outlined in 2 O.S. § 2-7(B) and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. § 719 *et seq.*

INFORMAL DISPOSITION OF AN INDIVIDUAL PROCEEDING

28. Informal disposition of an Individual Proceeding may be made by Stipulation, Agreed Settlement, Consent Order, or Default.

29. Resolution by Stipulation, Agreed Settlement, Consent Order, or Default shall be approved by the State Board of Agriculture.

30. Proposed Final Administrative Orders shall be prepared and issued in accordance with the Administrative Procedures Act and presented to the Board of Agriculture for review and approval.

STIPULATION

31. If Respondent desires to resolve this matter without a hearing or further action, Complainant proposes an administrative penalty of One Thousand Dollars ($1000.00). (One count at $1000.00 per violation).

32. If you wish to waive your right to hearing and stipulate to the above alleged findings of fact and conclusions of law, you may pay the full amount of the recommended penalty by check or money order and sign and return the attached Resolution by Stipulation along with your full payment of this penalty prior to the stated hearing date.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, engaged in the business of pesticide application under the name Mother Nature Pest Control in the State of Oklahoma.

16. Pursuant to Okla. Stat. Ann. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

Okla. Stat. 2 § 86(A)($) provides:

> It shall be unlawful for any person, whether or not they hold a commercial or noncommercial license, to violate any part of this subsection or rules promulgated by the State Board of Agriculture. Any license, certificate, or identification issued may be suspended, canceled, revoked, or refused issue or reissue by the Board after a notice and an opportunity to be heard has been given to the holder of the license or certificate. The suspension, cancellation, revocation, or refusal to issue or reissue any license, certificate, or identification may be made if the Board finds:
>
> A person has used a pesticide in a manner inconsistent with its labeling unless prior written approval has been obtained from the Board;

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

- Respondent is a pesticide applicator.
- Respondent made an application of Ultracide (EPA # 499-404) to the Willow Cliff Apartments on October, 8, 17 and 24, 2013.

- The application was made for the purpose of treating bed bugs.
- This pesticide is not registered for use on bed bugs.

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent has violated Okla. Stat. 2 § 86(A)(4) by using a pesticide in a manner inconsistent with its label.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

22. Enforcement proceedings may include but are not limited to:

a.) Administrative fines or penalties;

b.) Revocation, suspension, or denial for up to one (1) year of any license, permit, or charter issued by ODAFF or the Board;

c.) Criminal actions, which could involve fines, imprisonment, or both; and

d.) Civil actions.

23. Pursuant to 2 Okla. Stat. § 2-18(A), after notice and opportunity for a hearing in accordance with the Administrative Procedures Act, if the State Board of Agriculture finds any person in violation of the Oklahoma Agricultural Code or any rule promulgated or order issued pursuant thereto, unless otherwise specifically provided by statute or rule, the Board shall have

the authority to assess an administrative penalty of not less than One Hundred Dollars ($100.00) and not more than Ten Thousand Dollars ($10,000.00) for each violation.

24. Each animal, each action, or each day a violation continues may constitute a separate and distinct violation.

25. Fine matrixes containing typical fines for most violations of statutes and rules enforced by ODAFF may be found in the OAC at Title 35.

OKLAHOMA SMALL BUSINESS REGULATORY FLEXIBILITY ACT

26. The Oklahoma Small Business Regulatory Flexibility Act, 75 O.S. Supp. 2002, § 506, may apply to this action; please review the full act to determine if it applies to you.

ENFORCEMENT OF JUDGMENTS

27. Administrative penalties, civil penalties, and other fines imposed by the Board shall be enforced pursuant to the procedure outlined in 2 O.S. § 2-7(B) and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. § 719 *et seq.*

INFORMAL DISPOSITION OF AN INDIVIDUAL PROCEEDING

28. Informal disposition of an Individual Proceeding may be made by Stipulation, Agreed Settlement, Consent Order, or Default.

29. Resolution by Stipulation, Agreed Settlement, Consent Order, or Default shall be approved by the State Board of Agriculture.

30. Proposed Final Administrative Orders shall be prepared and issued in accordance with the Administrative Procedures Act and presented to the Board of Agriculture for review and approval.

STIPULATION

31. If Respondent desires to resolve this matter without a hearing or further action, Complainant proposes an administrative penalty of Two Thousand Two Hundred and Fifty Dollars ($2250.00). (Three counts at $750.00 per violation).

32. If you wish to waive your right to hearing and stipulate to the above alleged findings of fact and conclusions of law, you may pay the full amount of the recommended penalty by check or money order and sign and return the attached Resolution by Stipulation along with your full payment of this penalty prior to the stated hearing date.

NOTICE OF VIOLATION

1. Complainant, the Office of General Counsel ("OGC") of the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) advises Respondent of the following alleged violations of the Oklahoma Agricultural Code and/or rules.

PREHEARING CONFERENCE NOTICE

2. Respondent is hereby notified that a Prehearing Conference[1] will be held before an impartial Administrative Law Judge (ALJ) at **1:30 p.m. on July 17, 2014** in the Board Room on the first floor of the Oklahoma Department of Agriculture, Food, and Forestry building, located at 2800 North Lincoln Blvd, Oklahoma City, Oklahoma.

3. **Please note the Prehearing Conference is not an evidentiary hearing: witnesses and evidence will not be presented at the Prehearing Conference.**

[1] Prehearing Conferences may address any of the following: a.) Identification and simplification of issues, including the elimination of frivolous claims or defenses; b.) Amendments to the pleadings; c.) the plan, schedule, and limitations of discovery; d.) Identification of admissions of fact to avoid unnecessary proof and cumulative evidence; e.) The identification of witnesses and substance of testimony, exhibits, and documents; f.) The use of prehearing briefs and pre-filed testimony in the form of sworn affidavits; g.) Settlement of all or some of the issues prior to the hearing; h.) Adoption of special procedures for managing difficult or protracted actions that may involve complex issues, multiple parties, novel or difficult legal questions, or evidence problems; i.) Scheduling; and j.) Any other matters as may aid in disposition of the case.

4. The Prehearing Conference may be held by telephone; arrangements to do so should be made at least one full week in advance of the Prehearing Conference.

5. Upon request of either party, Prehearing Conferences shall be on the record.

6. A Prehearing Conference may result in a scheduling or other prehearing order and subsequent changes to any prehearing or scheduling order may be made by the ALJ by modifying the order for good cause.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, engaged in the business of operating a pesticide facility under the name Walden Pest Control, with a primary place of business located in Norman, Oklahoma.

16. Pursuant to Okla. Stat. Ann. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

Okla. Stat. 2 § 83(A) provides:

Every commercial and noncommercial applicator shall keep accurate records pertaining to pesticide activities, applications, and wood infestation reports, as required by the State Board of Agriculture. The records of the applicator shall be kept intact at the principal business location in this state for at least two (2) years after their date of expiration and copies shall be furnished to any authorized agent of the Board, immediately upon request in person, at any time during the regular business hours of the applicator. Copies of records shall be furnished to any authorized agent of the Board within seven (7) working days of a written request, in summary form, by mail, fax, e-mail, web site, or any other electronic media customarily used.

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

- On September 26, 2013, Respondent was sent from the Department a request for records concerning the termite per-treatment performed at 1500 Penn Lane, Moore, OK (PMR 14-084).

- On November 20, 2013, Respondent was sent from the Department a request for records concerning the termite per-treatment performed at 316 SW 147th, Moore, OK (PMR 14-147).
- Additionally, no treatment sticker or stencil was present at the 316 SW 147th site.
- On November 1, 2013, Respondent was sent from the Department a request for records concerning the termite per-treatment performed at 19501 N Penn, Bldg #8, Oklahoma City, OK (PMR 14-114).

- On November 22, 2013, Respondent was sent from the Department a request for records concerning the termite per-treatment performed at 1517 Ginger Ave., Moore OK (PMR 14154).

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent has violated Okla. Ann. 2 § 3-83(A) by failing to furnish records within seven (7) working days.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

22. Enforcement proceedings may include but are not limited to:

a.) Administrative fines or penalties;

~~b.) Revocation, suspension, or denial for up to one (1) year of any license,~~ permit, or charter issued by ODAFF or the Board;

c.) Criminal actions, which could involve fines, imprisonment, or both; and

d.) Civil actions.

23. Pursuant to 2 Okla. Stat. § 2-18(A), after notice and opportunity for a hearing in accordance with the Administrative Procedures Act, if the State Board of Agriculture finds any person in violation of the Oklahoma Agricultural Code or any rule promulgated or order issued pursuant thereto, unless otherwise specifically provided by statute or rule, the Board shall have the authority to assess an administrative penalty of not less than One Hundred Dollars ($100.00) and not more than Ten Thousand Dollars ($10,000.00) for each violation.

v. ROBERT ZAJIC
Case File No: OGC 13-617

Robert Zajic
1105 Jeremy Street
El Reno, OK 73036

Summary of Facts: Respondent is a homeowner who applied pesticide to his property. The chemical drifted onto his neighbor's property. Laboratory results indicated the pesticide was improperly mixed or applied at a concentration higher than recommended by the label.

Statute or Rule violation: O.S. 2 § 3-86(A)(4) and O.S. 2 § 3-86(A)(3) specifically prohibits using a pesticide in a manner inconsistent with its labeling and prohibits the negligent application of pesticide which results in a drift.

Proposed Administrative Penalty: The administrative fine of One Thousand Five Hundred Dollars ($1500.00), (2 counts at $750.00 per count), was recommended as full settlement of all complaints and allegations listed in the Notice of Violation. Respondent met with the Department and requested a reduction in the fine as he was not a commercial applicator and both counts originated from a single application. Upon review by the Department, the fine was reduced to Seven Hundred and Fifty Dollars (750.00) to reflect the single application event. The amount of this fine is consistent with the amount of fines previously charged for similar violations and within the recommended fine matrix. Respondent stipulated to the allegation and paid the fine in full.

NOTICE OF VIOLATION

1. Complainant, the Office of General Counsel ("OGC") of the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) advises Respondent of the following alleged violations of the Oklahoma Agricultural Code and/or rules.

PREHEARING CONFERENCE NOTICE

2. Respondent is hereby notified that a Prehearing Conference[1] will be held before an impartial Administrative Law Judge (ALJ) at **1:30 p.m. on August 21, 2014** in the Board Room on the first floor of the Oklahoma Department of Agriculture, Food, and Forestry building, located at 2800 North Lincoln Blvd, Oklahoma City, Oklahoma.

3. **Please note the Prehearing Conference is not an evidentiary hearing: witnesses and evidence will not be presented at the Prehearing Conference.**

[1] Prehearing Conferences may address any of the following: a.) Identification and simplification of issues, including the elimination of frivolous claims or defenses; b.) Amendments to the pleadings; c.) the plan, schedule, and limitations of discovery; d.) Identification of admissions of fact to avoid unnecessary proof and cumulative evidence; e.) The identification of witnesses and substance of testimony, exhibits, and documents; f.) The use of prehearing briefs and pre-filed testimony in the form of sworn affidavits; g.) Settlement of all or some of the issues prior to the hearing; h.) Adoption of special procedures for managing difficult or protracted actions that may involve complex issues, multiple parties, novel or difficult legal questions, or evidence problems; i.) Scheduling; and j.) Any other matters as may aid in disposition of the case.

4. The Prehearing Conference may be held by telephone; arrangements to do so should be made at least one full week in advance of the Prehearing Conference.

5. Upon request of either party, Prehearing Conferences shall be on the record.

6. A Prehearing Conference may result in a scheduling or other prehearing order and subsequent changes to any prehearing or scheduling order may be made by the ALJ by modifying the order for good cause.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, engaged in the business of operating a pesticide application under the name Robert Zajic, with a primary place of business located at 19787 Greenwood Road, Spiro, Oklahoma 74959.

16. Pursuant to Okla. Stat. Ann. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

Okla. Stat. 2 § 86(A)(3-4) provides:

> It shall be unlawful for any person, whether or not they hold a commercial or noncommercial license, to violate any part of this subsection or rules promulgated by the State Board of Agriculture. Any license, certificate, or identification issued may be suspended, canceled, revoked, or refused issue or reissue by the Board after a notice and an opportunity to be heard has been given to the holder of the license or certificate. The suspension, cancellation, revocation, or refusal to issue or reissue any license, certificate, or identification may be made if the Board finds:
>
> A person has operated in a negligent manner, thereby causing a pesticide to drift off-target;
>
> A person has used a pesticide in a manner inconsistent with its labeling unless prior written approval has been obtained from the Board;

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

- On or about June 11, 2013, Respondent made an application of Ranger Pro Herbicide to 719 ½ E Russell, El Reno, Oklahoma.
- Chemical analysis showed herbicide residue on the property of William Terneus.
- The most likely source is from your application.
- Chemical analysis of the treated site recovered 6131.9 ppm of Glyphosate indicating an over application or improperly mixed at the time of application.

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent has violated Okla. Stat. 2 § 3-86(A)(3-4) by negligently applying a pesticide causing it to drift off-target and applying pesticide in a manner inconsistent with its label.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

22. Enforcement proceedings may include but are not limited to:

a.) Administrative fines or penalties;

b.) Revocation, suspension, or denial for up to one (1) year of any license, permit, or charter issued by ODAFF or the Board;

c.) Criminal actions, which could involve fines, imprisonment, or both; and

d.) Civil actions.

23. Pursuant to 2 Okla. Stat. § 2-18(A), after notice and opportunity for a hearing in accordance with the Administrative Procedures Act, if the State Board of Agriculture finds any person in violation of the Oklahoma Agricultural Code or any rule promulgated or order issued pursuant thereto, unless otherwise specifically provided by statute or rule, the Board shall have the authority to assess an administrative penalty of not less than One Hundred Dollars ($100.00) and not more than Ten Thousand Dollars ($10,000.00) for each violation.

24. Each animal, each action, or each day a violation continues may constitute a separate and distinct violation.

25. Fine matrixes containing typical fines for most violations of statutes and rules enforced by ODAFF may be found in the OAC at Title 35.

OKLAHOMA SMALL BUSINESS REGULATORY FLEXIBILITY ACT

26. The Oklahoma Small Business Regulatory Flexibility Act, 75 O.S. Supp. 2002, § 506, may apply to this action; please review the full act to determine if it applies to you.

ENFORCEMENT OF JUDGMENTS

27. Administrative penalties, civil penalties, and other fines imposed by the Board shall be enforced pursuant to the procedure outlined in 2 O.S. § 2-7(B) and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. § 719 *et seq.*

INFORMAL DISPOSITION OF AN INDIVIDUAL PROCEEDING

28. Informal disposition of an Individual Proceeding may be made by Stipulation, Agreed Settlement, Consent Order, or Default.

29. Resolution by Stipulation, Agreed Settlement, Consent Order, or Default shall be approved by the State Board of Agriculture.

30. Proposed Final Administrative Orders shall be prepared and issued in accordance with the Administrative Procedures Act and presented to the Board of Agriculture for review and approval.

STIPULATION

31. If Respondent desires to resolve this matter without a hearing or further action, Complainant proposes an administrative penalty of One Thousand Five Hundred Dollars ($1500.00). (Two counts at $750.00 per count).

32. If you wish to waive your right to hearing and stipulate to the above alleged findings of fact and conclusions of law, you may pay the full amount of the recommended penalty by check or money order and sign and return the attached Resolution by Stipulation along with your full payment of this penalty prior to the stated hearing date.

Case File Nos: OGC-14-046; 14-047; 13-693 & 13-727

Regier Flying Service
RT 1 Box 14
Fairview, OK 73737

Summary of Facts: Respondent made two pesticide applications on or about June 8, 2013. The Department issued a Notice of Violation alleging the applied pesticide drifted on to four (4) adjoining fields. Four separate NOVs were sent to Respondent for each field showing signs of pesticide drift.

Statute or Rule Violation: Respondent violated 2 O.S. § 3-86(A)(3); specifically operating in a negligent manner causing a pesticide to drift off-target.

Proposed Administrative Penalty: The proposed penalty for this case was Three Thousand Dollars ($3000.00). (4 counts at $750.00 per count), was recommended as full settlement of all complaints and allegations listed in the Notice of Violations. Respondent's Counsel and the Department negotiated the issues presented by the NOV and reached a settlement agreement in this matter. The parties agreed to settle this matter for One Thousand Five Hundred Dollars ($1500.00) and an executed settlement agreement without an admission of liability. The amount of administrative penalty is consistent with the recommended fine matrix.

Deviations: None.

Case No: OGC: 13-693; 13-727; 14-047; 14-046

SETTLEMENT AGREEMENT AND CONSENT ORDER

PARTIES

1. This Settlement Agreement and Consent Order (the "Agreement") is between the Oklahoma Department of Agriculture, Food, And Forestry (the "Department") and Regier Flying Service (the "Respondent").

2. The facility which is the subject of this Agreement is owned and operated by Regier Flying Service and located at Fairview, OK (the "Facility").

AUTHORITY

3. The Department has authority over this matter pursuant to Okla. Const. Art. VI, Section 31 and 2 O.S. § 2-4(7).

DEPARTMENT'S NOTICE

4. On February 24, 2014, the Department issued a Notices of Violation in Case No. 13-693; 13-727; 14-047; and 14-046; ("Notice") to the Facility, which is attached hereto as Exhibit A. The Allegations of Fact and Summary of Applicable Law of that Notice are incorporated herein by reference.

ORDER AND AGREEMENT

5. In compromise and full settlement of this matter, respondent shall pay to the Department an administrative penalty of One Thousand Five Hundred Dollars ($1500.00). Upon the execution of this agreement by both parties, payment shall immediately be made by

Respondent payable to the "Oklahoma Department of Agriculture, Food, And Forestry" and mailed to the following address:

Office of General Counsel
Oklahoma Department of Agriculture, Food, and Forestry
2800 N. Lincoln Blvd.
Oklahoma City, OK 73105-4298

EFFECT OF THE AGREEMENT

6. In exchange for Respondent's compliance with the terms of this Agreement, the Department agrees not to initiate any further administrative, civil, or criminal proceedings against Respondent, its officers, directors, agents, customers, servants, employees, representatives, parents, subsidiaries, successors and assigns, based or relating to the facts alleged in the Department's Notice. This release shall not prevent the Department from enforcing the terms of this Agreement and does not release Respondent from liability for other unknown or undiscovered past violations or potential future violations of state or federal law. This Agreement relates only to claims within the jurisdiction of the Department and specifically does not release Respondent from actions initiated by other state or federal agencies having jurisdiction over related matters.

7. Respondent and the Department recognize there is risk and expense inherent in any litigation. Thus, the parties agree to enter into this compromise and settlement to avoid incurring any further cost and expense arising as a result of this dispute. Respondent and the Department each do not waive and each expressly reserves all of its rights in any future proceeding against it.

8. The Department does not by entering into this Agreement concede that its factual basis for initiating this Action, and violations found based upon those facts, are not true and accurate. Respondent, without admitting the truth of said factual averments and having previously contested the alleged violations in informal discussions with representatives of the Department, voluntarily waives its right to a formal evidentiary hearing to contest such factual averments. By entering into this agreement, Respondent does not admit or consent to the truth of the factual averments set forth in the Notice. The Department and Respondent are avoiding further contention, including litigation of this matter, through settlement of this Action by this Agreement.

NO ADMISSION.

9. This Agreement and any proceedings taken hereunder are not intended and shall not in any event be construed as, or deemed to be, an admission or concession or evidence of any liability or any wrongdoing whatsoever on the part of any party. The parties hereto specifically disclaim and deny any liability or wrongdoing whatsoever with respect to the allegations and claims asserted against them in this action and enter into this Agreement solely to avoid the further expense, inconvenience, burden and uncertainty of litigation.

NON-ADMISSIBILITY.

10. These settlement negotiations have been undertaken by the parties in good faith and for settlement purposes only, and neither this Agreement nor any evidence of negotiations hereunder, shall be offered or received in evidence in this Action, or any other action or proceeding, for any purpose other than in an action or proceeding to enforce the terms of this Agreement.

HEARING WAIVER

11. Respondent hereby agrees to waive its right to a hearing and its opportunity to appeal or contest this Agreement. Respondent enters into this Agreement freely and voluntarily.

MISCELLANEOUS

13. This Agreement may be amended only by mutual agreement of the Department and Respondent. Such amendments shall be in writing, shall have as their effective date the date on which they are signed by both parties, and shall be incorporated into this agreement.

14. The undersigned representative of the Office of General Counsel, Oklahoma Department of Agriculture, Food, and Forestry agrees to propose and recommend this Agreement to the State Board of Agriculture (the "Board"). Furthermore, Respondent understands that the Office of General Counsel Representative neither possesses the legal power to bind the Board nor can the Office of General Counsel Representative promise acceptance of this Agreement by the Board. Respondent understands that it may attend the meeting of the Board but is not required to do so.

15. Payment for the administrative penalty shall be presented upon the execution of this Agreement. Such payment will be tendered upon acceptance of this Agreement by the Board at its next regularly scheduled public meeting.

16. In the event the Board accepts this Agreement, Respondent shall receive a copy of the Approval. Compliance with this Agreement shall constitute full and complete settlement.

17. In the event the Board does not approve this Agreement, then Respondent or the Department is free to make a counterproposal for the Board's consideration, or the Parties may choose to go through a formal administrative hearing on the above charges, and the recitations herein will be held for naught and are inadmissible in any future proceedings.

18. No breach of any provision of this Agreement can be waived by any undersigned party unless in writing. Waiver of any one breach by an undersigned party shall not be deemed to be a waiver of any other breach of the same or any other provision of this Agreement.

19. This Agreement shall be governed by the laws of the State of Oklahoma.

NOTICE OF VIOLATION

1. Complainant, the Office of General Counsel ("OGC") of the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) advises Respondent of the following alleged violations of the Oklahoma Agricultural Code and/or rules.

PREHEARING CONFERENCE NOTICE

2. Respondent is hereby notified that a Prehearing Conference[1] will be held before an impartial Administrative Law Judge (ALJ) at **1:30 p.m. on March 20, 2014** in the Board Room on the first floor of the Oklahoma Department of Agriculture, Food, and Forestry building, located at 2800 North Lincoln Blvd, Oklahoma City, Oklahoma.

3. **Please note the Prehearing Conference is not an evidentiary hearing: witnesses and evidence will not be presented at the Prehearing Conference.**

[1] Prehearing Conferences may address any of the following: a.) Identification and simplification of issues, including the elimination of frivolous claims or defenses; b.) Amendments to the pleadings; c.) the plan, schedule, and limitations of discovery; d.) Identification of admissions of fact to avoid unnecessary proof and cumulative evidence; e.) The identification of witnesses and substance of testimony, exhibits, and documents; f.) The use of prehearing briefs and pre-filed testimony in the form of sworn affidavits; g.) Settlement of all or some of the issues prior to the hearing; h.) Adoption of special procedures for managing difficult or protracted actions that may involve complex issues, multiple parties, novel or difficult legal questions, or evidence problems; i.) Scheduling; and j.) Any other matters as may aid in disposition of the case.

4. The Prehearing Conference may be held by telephone; arrangements to do so should be made at least one full week in advance of the Prehearing Conference.

5. Upon request of either party, Prehearing Conferences shall be on the record.

6. A Prehearing Conference may result in a scheduling or other prehearing order and subsequent changes to any prehearing or scheduling order may be made by the ALJ by modifying the order for good cause.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, of engaged in the business of operating a pesticide facility under the name Regier Flying Service, with a primary place of business located at RT 1 Box 14, Fairview, OK 73737.

16. Pursuant to Okla. Stat. Ann. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

2 Okla. Stat. 3 § 86(A)(3) provides:

> It shall be unlawful for any person, whether or not they hold a commercial or noncommercial license, to violate any part of this subsection or rules promulgated by the State Board of Agriculture. Any license, certificate, or identification issued may be suspended, canceled, revoked, or refused issue or reissue by the Board after a notice and an opportunity to be heard has been given to the holder of the license or certificate. The suspension, cancellation, revocation, or refusal to issue or reissue any license, certificate, or identification may be made if the Board finds:
>
> A person has operated in a negligent manner, thereby causing a pesticide to drift off-target;

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

- Respondent is a certified applicator.

- On or about June 8, 2013, Respondent made an application of Grazon P+D and Remedy Ultra to the property of Melvin Tolson. (PMC 14-032)
- Chemical analysis showed herbicide residue on the property of David Loving.
- Winds were blowing from the SSE at 8 mph with gusts up to 16 mph,
- No buffer zone was left between the sprayed field and the desirable vegetation.
- The Grazon P+D label states only apply this product if wind direction favors on target deposition and the Remedy label states "apply when wind is blowing away from sensitive crops."

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent has violated 2 Okla. Stat. 2 § 3(86)(2) by operating in a negligent manner causing a pesticide to drift off-target.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

22. Enforcement proceedings may include but are not limited to:

a.) Administrative fines or penalties;

b.) Revocation, suspension, or denial for up to one (1) year of any license, permit, or charter issued by ODAFF or the Board;

c.) Criminal actions, which could involve fines, imprisonment, or both; and

d.) Civil actions.

23. Pursuant to 2 Okla. Stat. § 2-18(A), after notice and opportunity for a hearing in accordance with the Administrative Procedures Act, if the State Board of Agriculture finds any person in violation of the Oklahoma Agricultural Code or any rule promulgated or order issued pursuant thereto, unless otherwise specifically provided by statute or rule, the Board shall have the authority to assess an administrative penalty of not less than One Hundred Dollars ($100.00) and not more than Ten Thousand Dollars ($10,000.00) for each violation.

24. Each animal, each action, or each day a violation continues may constitute a separate and distinct violation.

25. Fine matrixes containing typical fines for most violations of statutes and rules enforced by ODAFF may be found in the OAC at Title 35.

OKLAHOMA SMALL BUSINESS REGULATORY FLEXIBILITY ACT

26. The Oklahoma Small Business Regulatory Flexibility Act, 75 O.S. Supp. 2002, § 506, may apply to this action; please review the full act to determine if it applies to you.

ENFORCEMENT OF JUDGMENTS

27. Administrative penalties, civil penalties, and other fines imposed by the Board shall be enforced pursuant to the procedure outlined in 2 O.S. § 2-7(B) and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. § 719 *et seq*.

INFORMAL DISPOSITION OF AN INDIVIDUAL PROCEEDING

28. Informal disposition of an Individual Proceeding may be made by Stipulation, Agreed Settlement, Consent Order, or Default.

29. Resolution by Stipulation, Agreed Settlement, Consent Order, or Default shall be approved by the State Board of Agriculture.

30. Proposed Final Administrative Orders shall be prepared and issued in accordance with the Administrative Procedures Act and presented to the Board of Agriculture for review and approval.

STIPULATION

31. If Respondent desires to resolve this matter without a hearing or further action, Complainant proposes an administrative penalty of Seven Hundred and Fifty Dollars ($750.00). (One count at $750.00 per violation).

32. If you wish to waive your right to hearing and stipulate to the above alleged findings of fact and conclusions of law, you may pay the full amount of the recommended penalty by check or money order and sign and return the attached Resolution by Stipulation along with your full payment of this penalty prior to the stated hearing date.

NOTICE OF VIOLATION

1. Complainant, the Office of General Counsel ("OGC") of the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) advises Respondent of the following alleged violations of the Oklahoma Agricultural Code and/or rules.

PREHEARING CONFERENCE NOTICE

2. Respondent is hereby notified that a Prehearing Conference[1] will be held before an impartial Administrative Law Judge (ALJ) at **1:30 p.m. on March 20, 2014** in the Board Room on the first floor of the Oklahoma Department of Agriculture, Food, and Forestry building, located at 2800 North Lincoln Blvd, Oklahoma City, Oklahoma.

3. **Please note the Prehearing Conference is not an evidentiary hearing: witnesses and evidence will not be presented at the Prehearing Conference.**

[1] Prehearing Conferences may address any of the following: a.) Identification and simplification of issues, including the elimination of frivolous claims or defenses; b.) Amendments to the pleadings; c.) the plan, schedule, and limitations of discovery; d.) Identification of admissions of fact to avoid unnecessary proof and cumulative evidence; e.) The identification of witnesses and substance of testimony, exhibits, and documents; f.) The use of prehearing briefs and pre-filed testimony in the form of sworn affidavits; g.) Settlement of all or some of the issues prior to the hearing; h.) Adoption of special procedures for managing difficult or protracted actions that may involve complex issues, multiple parties, novel or difficult legal questions, or evidence problems; i.) Scheduling; and j.) Any other matters as may aid in disposition of the case.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, of engaged in the business of operating a pesticide facility under the name Regier Flying Service, with a primary place of business located at RT 1 Box 14, Fairview, OK 73737.

16. Pursuant to Okla. Stat. Ann. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

2 Okla. Stat. 3 § 86(A)(3) provides:

It shall be unlawful for any person, whether or not they hold a commercial or noncommercial license, to violate any part of this subsection or rules promulgated by the State Board of Agriculture. Any license, certificate, or identification issued may be suspended, canceled, revoked, or refused issue or reissue by the Board after a notice and an opportunity to be heard has been given to the holder of the license or certificate. The suspension, cancellation, revocation, or refusal to issue or reissue any license, certificate, or identification may be made if the Board finds:

A person has operated in a negligent manner, thereby causing a pesticide to drift off-target;

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

- Respondent is a certified applicator.

4. The Prehearing Conference may be held by telephone; arrangements to do so should be made at least one full week in advance of the Prehearing Conference.

5. Upon request of either party, Prehearing Conferences shall be on the record.

6. A Prehearing Conference may result in a scheduling or other prehearing order and subsequent changes to any prehearing or scheduling order may be made by the ALJ by modifying the order for good cause.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

- On or about August 8, 2013, respondent made an application of Roundup Power Max and Weedmaster to the property of Ron Wilcox.
- Chemical analysis showed herbicide residue on the property of Mason Keck.
- Winds were blowing from 5 to 10 mph.
- No buffer zone was left between the sprayed field and the Keck's property.
- The Roundup Power Max label states that when winds are blowing between 5 to 10 mph toward desirable vegetation buffers zones in excess of 500 feet could be required.

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent has violated 2 Okla. Stat. 2 § 3(86)(2) by operating in a negligent manner causing a pesticide to drift off-target.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

v. Henry G. Drake & Henry Drake II, Drake Farms
Case File No: OGC 14-091

DEFAULT JUDGMENT

Henry G. Drake & Henry Drake II
Drake Farms
P.O. Box 507
Fairland, OK 74343

Summary of Facts: In October 2013, during an inspection of a parked vehicle advertising agricultural seed for sale, Respondent was found to be offering for sale improperly labeled bags of agricultural seed without having obtained the appropriate license. A sample taken from these bags revealed the presence of seeds from three (3) distinct species of restricted noxious weeds in abundances above tolerance limits for agricultural seed being legally offered for sale in Oklahoma. A stop sale order was issued by the inspector during the October 2013 inspection. In January 2014 Respondent was found advertising agricultural seed for sale in classified ads of a local area publication in contravention of the October 2013 stop sale order.

Statute or Rule Violation: Respondent has violated:
- **2 O.S. § 8-23(A)(1)** for not obtaining the license required to offer for sale and/or sell seed in Oklahoma.
-**2 O.S. § 8-23(A)(3)** for offering for sale agricultural seed which was not properly labeled.
-**2 O.S. § 8-23(B)(2)** for offering for sale agricultural seed containing noxious weed seeds in excess of accepted tolerances.
-**2 O.S. § 8-23(B)(6)** for failure to comply with the Stop Sale Order issued at the October 2013 inspection by offering for sale agricultural seed following the issuance of the Stop Sale Order.

Proposed Administrative Penalty: The proposed penalty is Three Thousand Dollars($3,000.00). (1 count - violation of 2 O.S. § 8-23A(1) at $500.00 per violation; 1 count violation of 2 O.S. § 8-23A(3) at $750.00 per violation; 3 counts violation of 2 O.S. § 8-23B(2) at $250.00 per violation; 1 count violation of 2 O.S. § 8-23(B)(6) at $1,000.00 per violation).

RESPONDENT.

Case No: OGC: 14-091

PROPOSED FINAL ORDER

On the 17th day of April 2014, this matter came on for consideration. Respondent was provided a copy of the Notice of Violation entered in this matter on March 21, 2014, (see Exhibit "A") by certified mail (receipt # 91 7108 2133 3939 1026 2693), delivered to the address, P.O. Box 507 - 504 W. Washington Ave.-, Fairland, OK 74343. The Notice of Violation advised Respondent that failure to appear at the designated time and place for hearing and failure to pay the recommended fine or penalty stated in the Notice of Violation following proper notice to the Respondent may result in a default judgment being entered against Respondent.

FINDINGS OF FACT

1. The Respondent was properly served with process and failed to plead or otherwise defend this action within the time prescribed.

2. The Notice of Violation was delivered by certified mail on March 21, 2014. (Exhibit "B").

3. The prehearing conference was set for April 17, 2014 at 1:30 p.m.

4. On April 17, 2014 at 1:30 p.m. the Complainant appeared through its Counsel of Record and the Respondent appeared not.

5. Subsequently, the Complainant requested entry of judgment against Respondent for all penalties imposed by the Notice of Violation.

6. A penalty in the amount of Three Thousand Dollars ($3,000.00) was proposed by the Notice of Violation.

7. The undersigned granted Complainant's request based on Respondent's failure to appear and defend the allegations contained in the Notice of Violation.

8. To date, the Complainant has not received payment of the recommended fine proposed in the Notice of Violation.

CONCLUSIONS OF LAW

1. The Respondent is in violation of the laws alleged in the Notice of Violation, which is incorporated by reference.

2. The above Findings of Fact are hereby adopted and incorporated by reference.

3. The Allegations of Fact and Conclusions of Law set forth in the attached Notice of Violation are hereby adopted and incorporated by reference as Findings of Fact and Conclusions of Law.

RECOMMENDED ORDER

IT IS THEREFORE RECOMMENDED that the Notice of Violation entered in this matter on April 17, 2014 be adopted as a Final Order and all penalties imposed by the Notice of Violation are incorporated herein and imposed on the Respondent.

WITNESS My Hand and Official Seal this 17 day of April 2014.

Honorable Richard Herren

THE OKLAHOMA DEPARTMENT OF AGRICULTURE, FOOD, AND FORESTRY, BY AND THROUGH THE OFFICE OF GENERAL COUNSEL COMPLAINANT, v. HENRY G. DRAKE & HENRY DRAKE II DRAKE FARMS P.O. BOX 507 FAIRLAND, OK 74343 RESPONDENT.	Case No: OGC: 14-091

NOTICE OF VIOLATION

1. Complainant, the Office of General Counsel ("OGC") of the Oklahoma Department of Agriculture, Food, and Forestry (ODAFF) advises Respondent of the following alleged violations of the Oklahoma Agricultural Code and/or rules.

PREHEARING CONFERENCE NOTICE

2. Respondent is hereby notified that a Prehearing Conference[1] will be held before an impartial Administrative Law Judge (ALJ) at **1:30 p.m. on April 17, 2014** in the Board Room on the first floor of the Oklahoma Department of Agriculture, Food, and Forestry building, located at 2800 North Lincoln Blvd, Oklahoma City, Oklahoma.

3. **Please note the Prehearing Conference is not an evidentiary hearing: witnesses and evidence will not be presented at the Prehearing Conference.**

[1] Prehearing Conferences may address any of the following: a.) Identification and simplification of issues, including the elimination of frivolous claims or defenses; b.) Amendments to the pleadings; c.) the plan, schedule, and limitations of discovery; d.) Identification of admissions of fact to avoid unnecessary proof and cumulative evidence; e.) The identification of witnesses and substance of testimony, exhibits, and documents; f.) The use of prehearing briefs and pre-filed testimony in the form of sworn affidavits; g.) Settlement of all or some of the issues prior to the hearing; h.) Adoption of special procedures for managing difficult or protracted actions that may involve complex issues, multiple parties, novel or difficult legal questions, or evidence problems; i.) Scheduling; and j.) Any other matters as may aid in disposition of the case.

4. The Prehearing Conference may be held by telephone; arrangements to do so should be made at least one full week in advance of the Prehearing Conference.

5. Upon request of either party, Prehearing Conferences shall be on the record.

6. A Prehearing Conference may result in a scheduling or other prehearing order and subsequent changes to any prehearing or scheduling order may be made by the ALJ by modifying the order for good cause.

7. Please note that failure to appear at the Prehearing Conference may result in a default judgment being entered against you.

HEARING AND RIGHT TO COUNSEL

8. Respondent may choose to proceed to a full evidentiary hearing on the merits, at which Respondent will be given the opportunity to cross-examine the Complainant's witnesses, present Respondent's witnesses, and present relevant evidence on Respondent's behalf.

9. **The hearing date will be determined at the Prehearing Conference.**

10. The hearing will be conducted in accordance with the Oklahoma Administrative Procedures Act and the Department's Rules of Practice and Procedure, which may be found in the OAC at Title 35.

11. Respondent has the right to be represented by counsel in this matter.

DEFAULT

12. Any Respondent who fails to appear after receipt of notice may be determined to have waived the right to appear and present a defense and a default may be presented by the Department to the Board at a regularly scheduled meeting proposing the relief requested by the Notice of Violation, or other relief if justice so requires.

JURISDICTION, VENUE, AND APPLICABLE LAW

13. Subject matter jurisdiction and venue are vested in the State Board of Agriculture in its quasi-judicial capacity, pursuant to Okla. Const. Art. VI, Section 31 and 2 O. S. § 2-4(7); accordingly, this is the proper forum to hear this matter.

14. Respondent has substantial business operations and assets within the State of Oklahoma.

15. Based upon current information and belief, at all relevant times hereto, Respondent has, among other things, sold and offered for sale agricultural seed, with a primary place of business located at P.O. Box 507, Fairland, Oklahoma.

16. Pursuant to Okla. Stat. Ann. 2 § 2-4(A)(3), ODAFF has authority to regulate persons who violate the Oklahoma Agricultural Code by initiating and prosecuting administrative, civil, or criminal actions and proceedings necessary under the Oklahoma Agricultural Code.

Oklahoma Statute 2 O.S. § 8-23 provides:

A. It shall be unlawful for any person to sell, offer for sale, or expose for sale any agricultural seed or vegetable seed within this state:

> 1. Unless a license has been obtained in accordance with the provisions of Sections 8-21 through 8-29 of this title;
> ***
> 3. Not labeled in accordance with the provisions of this subarticle and rules, or having a false or misleading label;
> ***

B. It shall be unlawful for any person within this state:

> ***
> 2. To sell agricultural or vegetable seed containing prohibited noxious weed seeds or restricted noxious weed seeds, subject to recognized tolerances, in excess of the amount allowed as prescribed in rules promulgated under the provisions of this subarticle;
> ***

The Rule in the Oklahoma Administrative Code **(OAC) 35:30-25-4**- provides:

It is unlawful to sell, offer for sale, or expose for sale any agricultural or vegetable seed in Oklahoma if the noxious weed seed per pound is in excess of the following limitations:

***

(28) Plantain, Bracted (Plantago aristata) - 45 per lb.

***

(32) Dock (Rumex spp.) - 90 per lb

***

(37) Cheat or Chess (Bromus secalinus) - 200 per lb.

In addition, **Oklahoma Statute2 O.S. § 8-23(B)(6)** states:

It shall be unlawful for any person within this state to fail to comply with a "stop-sale" order made by the Board on agricultural seed or vegetable seed sold, offered for sale, or exposed for sale; or to move, handle, or dispose of any lot of seed held under a "stop-sale" order except with the permission of the Board and for the purposes specified;

ALLEGATIONS OF FACT

17. Based upon current information and belief, the following allegations of fact summarize the alleged violations committed by Respondent.

a.) On or about October 9, 2013 a person offering agricultural seed for sale out of a white, one- ton Ford box truck ("box truck") in the Stilwell Livestock Auction parking lot was inspected by ODAFF personnel.

b.) The agricultural seed being offered for sale is a product of Drake Farms which is operated by Henry G. Drake and Henry Drake II in Fairland, Oklahoma.

c.) The inspection revealed Drake Farms does not presently hold the required license for selling and/or offering agricultural seed for sale.

d.) The inspection revealed forty seven (47) unlabeled bags of agricultural seed product in the box truck.

e.) An analysis of the agricultural seed being offered for sale revealed three (3) distinct species of restricted, noxious weed seeds with quantities in excess of acceptable limits for agricultural seed being offered for sale in Oklahoma. The restricted noxious weed seeds

in excess of tolerances were Bracted Plantain (Plantago aristata), Dock (Rumex spp.), and Cheat or Chess (Bromus secalinus).

f.) On or about October 9, 2013, A Stop Sale Order was issued for not complying with licensing requirements and for selling and offering for sale unlabeled agricultural seed.

g.) Agricultural seed from Drake Farms has been offered for sale following the issuance of the Stop Sale Order and in violation of the applicable licensing requirements.

ALLEGED CONCLUSIONS OF LAW

18. Based upon the application of the above law to the aforementioned facts, Respondent has violated Oklahoma Statute 2 O.S. § 8-23(A)(1) for not obtaining the license required to offer for sale and/or sell seed in Oklahoma. Respondent has violated Oklahoma Statute 2 O.S. § 8-23(A)(3) for offering for sale agricultural seed which was not properly labeled. Respondent has violated Oklahoma Statute 2 O.S. § 8-23(B)(2) for offering for sale agricultural seed containing noxious weed seeds in excess of accepted tolerances. Additionally, Respondent has violated Oklahoma Statute 2 O.S. § 8-23(B)(6) for failure to comply with the Stop Sale Order issued on or about October 9, 2013 by offering for sale agricultural seed following the issuance of the Stop Sale Order.

ATTORNEY CONFERENCES

19. If Respondent desires to meet with attorneys for the Department prior to the Prehearing Conference to discuss the allegations and/or seek a possible resolution, please contact the undersigned at 405-522-5997.

20. Additionally, OGC attorneys will be available for consultation on a first-come, first-served basis from 9:00 a.m. to 12:00 p.m. on the date of the Prehearing Conference.

21. Arrangements to discuss the matter before the Prehearing Conference are encouraged.

ENFORCEMENT PROCEEDINGS

22. Enforcement proceedings may include but are not limited to:

    a.) Administrative fines or penalties;

    b.) Revocation, suspension, or denial for up to one (1) year of any license, permit, or charter issued by ODAFF or the Board;

    c.) Criminal actions, which could involve fines, imprisonment, or both; and

    d.) Civil actions.

23. Pursuant to 2 Okla. Stat. § 2-18(A), after notice and opportunity for a hearing in accordance with the Administrative Procedures Act, if the State Board of Agriculture finds any person in violation of the Oklahoma Agricultural Code or any rule promulgated or order issued pursuant thereto, unless otherwise specifically provided by statute or rule, the Board shall have the authority to assess an administrative penalty of not less than One Hundred Dollars ($100.00) and not more than Ten Thousand Dollars ($10,000.00) for each violation.

24. Each animal, each action, or each day a violation continues may constitute a separate and distinct violation.

25. Fine matrixes containing typical fines for most violations of statutes and rules enforced by ODAFF may be found in the OAC at Title 35.

OKLAHOMA SMALL BUSINESS REGULATORY FLEXIBILITY ACT

26. The Oklahoma Small Business Regulatory Flexibility Act, 75 O.S. Supp. 2002, § 506, may apply to this action; please review the full act to determine if it applies to you.

ENFORCEMENT OF JUDGMENTS

27. Administrative penalties, civil penalties, and other fines imposed by the Board shall be enforced pursuant to the procedure outlined in 2 O.S. § 2-7(B) and the Uniform Enforcement of Foreign Judgments Act, 12 O.S. § 719 *et seq.*

INFORMAL DISPOSITION OF AN INDIVIDUAL PROCEEDING

28. Informal disposition of an Individual Proceeding may be made by Stipulation, Agreed Settlement, Consent Order, or Default.

29. Resolution by Stipulation, Agreed Settlement, Consent Order, or Default shall be approved by the State Board of Agriculture.

30. Proposed Final Administrative Orders shall be prepared and issued in accordance with the Administrative Procedures Act and presented to the Board of Agriculture for review and approval.

STIPULATION

31. If Respondent desires to resolve this matter without a hearing or further action, Complainant proposes an administrative penalty of Three Thousand Dollars ($3,000.00), (1 count violation of 2 O.S. § 8-23A(1) at $500.00 per violation; 1 count violation of 2 O.S. § 8-23A(3) at $750.00 per violation; 3 counts violation of 2 O.S. § 8-23B(2) at $250.00 per violation; 1 count violation of 2 O.S. § 8-23(B)(6) at $1,000.00 per violation).

32. If you wish to waive your right to hearing and stipulate to the above alleged findings of fact and conclusions of law, you may pay the full amount of the recommended penalty by check or money order and sign and return the attached Resolution by Stipulation along with your full payment of this penalty prior to the stated hearing date.
